Which sum will be forfeited to the City of Detroit in case the bidder refuses or neglects to enter into contract for the work subject to confirmation by the Common Council, within five days after acceptance of his tender by the Board of Public Works. Checks deposited with rejected bids will be returned to the bidder on demand.

The bidder whose tender is accepted will be required to furnish with the contract an approved surety bond to the City of Detroit in the sum of [illegible] per cent of the contract price for the work conditioned on the full and faithful performance of his part of the contract.

No bids will be accepted from any person or firm who is in arrears to the City of Detroit upon debt or contract, or who is in default as surety or otherwise upon any obligation to said city.

On the proper execution of the contract bond the amount deposited with the tender will be returned to the [illegible]

Printed specifications in detail for the above work are on file [illegible] in the office of the Board, and copies thereof may be had on application to the Secretary.

The Board of Public Works expressly reserves the right to reject any or all proposals.

By order of the Board,

J. W. [illegible],
President Board of Public Works.

COMMUNICATIONS.

From the Mayor.

To the Honorable the Common Council:

Gentlemen—In returning the proceedings of your honorable body, adopted at the last session, that portion in which contracts were ordered let for paving Piquette and Jefferson avenues with asphalt will take effect without my approval. I have not disapproved of the proceedings of your honorable body for the reason that the streets in question were ordered to be paved with asphalt by unanimous vote of your honorable body, having been heretofore approved by the Board of Estimates. I did not therefore wish to interpose objection

to a proceeding which had already received your unanimous approval, neither could I, consistent with my well-known position in the matter of laying asphalt pavement in the City of Detroit, approve of the contract, believing as I do, that the future will demonstrate, if the past has not already done so, that asphalt pavement as laid in our streets is short-lived, and will entail an enormous bill of expense for repairs in the near future.

If I am correctly informed, we have no block asphalt laid in the City of Detroit; and if pavement of this character is to be laid in the future, I beg to say that the suggestion of the Board of Estimates, confirmed by the vote of your honorable body that this character of asphalt be tried, I trust will receive early attention of your honorable body and the Board of Public Works. I would deem it the part of wisdom to select a block or more in some well-traveled street and test thereon the merits of the block pavement.

It is noted that there is a change in the specifications adopted by the Board of Estimates and those adopted by the Board of Public Works, and under which the contracts are let. An appeal to the City Counselor as to his opinion on the legality of such change and how far it might affect the validity of the contract has brought forth an opinion that if a pavement be laid substantially equal in merit to that which has been ordered by the Board of Estimates, there would be no legal ground for complaint. For your information I transmit this communication for the further information of your honorable body.

I respectfully request that this communication be accepted by your honorable body and placed on file.

Respectfully submitted,
WILLIAM C. MAYBURY,
Mayor.

Accepted and placed on file.

To the Honorable the Common Council:

Gentlemen—The Board of Works respectfully reports that sewers Nos 1490 [illegible] 1491 before ordered constructed have been constructed according to the specifications therefor and by contractors interested have been filed as required by said ordinance. The Board herewith transmits [illegible] rolls Nos 612, 613 and 614 [illegible] etc., thus said sewers are [illegible] and asks their approval and [illegible]

Respectfully submitted,
J. W. [illegible]

No. 1099—In right of way and alley between Woodward, Oakland, Leicester and Mott avenues;

No. 1139—In second alley west of Chene street, between Pollard and Finley streets;

No. 1148—In alleys between McDougall avenue, E. L. Chapoton farm; Warren avenue, and Theodore street

Have been fully completed in accordance with the contracts and specifications for the same;

Whereas, No person has appeared to object to assessment Rolls Nos. 6313, 6313 and 6314, and due notice having been given as required by ordinance;

Resolved, That the laterals above described are hereby accepted, and that said assessment rolls therefore are hereby approved and confirmed, and the Controller is hereby directed to place the same in the hands of the Receiver of Taxes for collection.

Ald. Peoples entered and took his seat.

FROM THE SAME.

To the Honorable the Common Council:

Gentlemen—There is now before the Committee on Streets, referred by your honorable body, a contract with Arthur C. Lloyd for the repaving of Warren avenue, Woodward to Hastings, with cedar block on concrete foundation. At the last meeting of your honorable body, a petition was presented by Ald. Beamer for the widening of Warren avenue, 12 inches on each side, from Woodward avenue to Beaubien street. In making up the estimates for this widening, the City Engineer finds that the estimates of the Lloyd contract for repaving will be materially changed, on account of circles and intersections, etc., if the street is widened. The only solution of the matter now is to abandon the Lloyd contract and instruct this Board to advertise for the repaving and widening in one advertisement. The Board therefore asks that the resolution attached to this communication be adopted in order that the work may be pushed along.

Respectfully submitted,
J. W. MILLEN,
President.

Accepted and leave being granted, the following resolution was offered:

By Ald. Moeller:

Resolved, That the Board of Public Works be, and is hereby requested, to readvertise for proposals for the repaving of Warren avenue, Woodward to Hastings, as well as for the widening of the street 12 inches on each side, from Woodward to Beaubien.

Referred to the Committee on Streets.

Reconsideration.

Previous notice having been filed with the Clerk, and by unanimous consent, Ald. Marx moved to reconsider the vote by which a resolution approving and confirming assessment roll No. 1, for constructing sidewalks on Boulevard, etc., was adopted at the last session, which motion prevailed, as follows:

Yeas—Ald. Atkinson, Beamer, Biehl, Coots, Deimel, Fracher, Grunow, Haarer, Hanajosten, Hilliger, Houghton, Joy, Koch, Koenig, Lemke, Marx, Merrell, Miller, Moeller, Peoples, Reinhardt, Schneider, Smith, Snow, Steiger, Tossy, Weibel, Weiler, Wildman and the President—20.

Nays—None.

The matter was then referred to the Board of Public Works.

From the City Treasurer.

To the Honorable the Common Council:

Gentlemen—I herewith submit to you the trail balance for the month of April.

Respectfully,
W. B. THOMPSON,
City Treasurer.

Accepted and referred to the Committee on Ways and Means.

FROM THE SAME.

To the Honorable the Common Council:

Gentlemen—In accordance with instructions issued by your honorable body, the following buildings taken in the opening of Kirby avenue were sold at public auction May 13th, 1900.

Front of house No. 718 Maybury avenue	$ 66 00
House No. 1346 Grand River avenue	25 00
House No. 836 Twenty-sixth street	765 00
Total	$856 00

Likewise was there sold, according to instructions of your honorable body, the following fraction of a house, taken in the opening of an alley between Brush, Beaubien, Gratiot and Mechanic street, May 17th, 1900:

12 feet of house No. 32 Mechanic street	$40 00

Respectfully submitted,
WM. B. THOMPSON,
City Treasurer.

Accepted and placed on file.

From the Board of Poor Commissioners.

Transmitting report for April, 1900.

Accepted and referred to the Committee on Ways and Means.

From the Board of Health.

Transmitting report of non-collection of garbage, etc., for week ending May 19th, 1900.

Accepted and referred to the Committee on Health.

From the Clerk of the Recorder's Court.

To the Honorable the Common Council:

Gentlemen—I respectfully report to your honorable body that a jury duly impaneled in the Recorder's Court, in the matter of opening and extending Orleans street from Wilkins street to Forest avenue, rendered a verdict in favor of said opening May 14, 1900, which was confirmed by the Court May 19, 1900.

In accordance with the statute, I herewith transmit a certified copy of

said verdict, and of the judgment of confirmation.

Respectfully yours,
JOHN A. GROGAN,
Clerk.

Accepted and referred to the Committee on Street Openings.

From the President of the Common Council.

That he has received the following:

Mr. Robert Barrie,
President of the Common Council,

Dear Sir—A challenge is hereby extended to the members of the Common Council on behalf of Fleur De Lis Company, U. R. K. P., to a game of baseball at Tashmoo Park, Friday, June 22, 1900.

It is felt that this challenge should be accepted on behalf of the Common Council in order that Fleur De Lis Company may have an opportunity to demonstrate its ability to defeat the Common Council and reverse the result of last year's game.

An immediate reply, coupled with an acceptance of the challenge, is confidently awaited.

Very truly yours,
EDGAR S. WHEELER,
Recorder.

Accepted and challenge accepted.

From the Clerk.

That he presented such portion of the proceedings of the last session as is required by the Charter to be so presented, to his honor the Mayor for approval, on the 19th inst. and that they were approved on the 21st inst, except as above noted.

Accepted and placed on file.

Also that the following named persons have filed their indemnity bonds for trafficking in liquor: Julius Lipsinski, Hurd & Gray Co., Chas. Reichle, Frank R. Hoppe, jr., Christ. J. Berg, Farrand, Williams & Clark, B. Stroh Brewing Co.

Referred to the Committee on Liquor Bonds.

Also that he has received a letter from M. E. Mans reporting injury of H. Mens caused by a fall on an alleged defective sidewalk.

Accepted and placed on file.

FROM THE SAME.

To the Honorable the Common Council:

Gentlemen—I beg to report that I have been served with copies of petitions for, and orders to show cause, issued out of the Circuit Court for the County of Wayne, in the matter of applications of the Detroit, Fort Wayne & Belle Isle Railway and the Detroit Suburban Railway Company for writs of mandamus, directed to the Common Council of the City of Detroit, requiring said Common Council to strike from the assessment rolls the amounts assessed against petitioners, as set forth in the petitions or to review the assessments placed upon the personal property and to strike therefrom the sums which pretend to represent the value placed upon franchises.

I have referred the same to the Corporation Counsel.

Very respectfully,
JOHN A. SCHMID,
City Clerk.

Accepted and placed on file.

REPORTS OF COMMITTEES.

Ways and Means.

To the Honorable the Common Council:

Gentlemen—Your Committee on Ways and Means, to whom was referred the reports of the various city officers for the week ending May 19, 1900, respectfully report that with the Chief Accountant we have examined the same, and believing them to be correct, recommend their approval.

Respectfully submitted,

OLIVER H. GRUNOW.
WM. C. HOUGHTON.
JOHN WEIBEL.

Accepted and adopted as follows:

Yeas—Ald. Atkinson, Beamer, Biell, Coots, Dalmal, Fracher, Grunow, Haarer, Hansjosten, Hilger, Houghton, Joy, Koch, Koenig, Lemke, Marx, Merrell, Miller, Moeller, Peoples, Reinhardt, Schneider, Smith, Snow, Steiger, Tosey, Weibel, Weiler, Wildman and the President—30.

Nays—None.

FROM THE SAME.

To the Honorable the Common Council:

Gentlemen—Your Committee on Ways and Means, to whom was referred the quit-claim deed of C. B. Hubbard et al., and also the deed of Bela Hubbard estate, to the City of Detroit, by a report of the Committee on Street Openings (C. P. 280), respectfully report that we have carefully considered the same and beg leave to state that said deeds are certified to by the City Engineer as being correct in description and by the Corporation Counsel as being correct in form and execution and title satisfactory. We therefore recommend that said deeds be accepted and approved and the Controller be instructed to have the same properly recorded, and we herewith offer the following resolution.

Respectfully submitted,
WALTER H. COOTS.
OSCAR B. MARX.
OLIVER H. GRUNOW.
WM. C. HOUGHTON.
JOHN WEIBEL.

Accepted and on leave the following resolution was offered:

By Ald. Coots:

Resolved, That the quit-claim deed of Collins B. Hubbard et al., to the City of Detroit of all that certain piece or parcel of land, known and described as follows, to-wit: Beginning at a point in the easterly line of the alley lying between Vinewood avenue and the Boulevard 482½ feet southerly from the southerly line of Porter street, and 180 feet westerly from the westerly line of the Boulevard, running thence westerly on a line parallel with the southerly line of Porter street 20 feet; thence southerly on a line parallel with the westerly line of the Boulevard, 40.36 feet, thence easterly on a line parallel with the said southerly line of Porter street 20 feet to the easterly line of the alley extended; thence northerly along said easterly line extended to the place of beginning; also the deed of the estate of Bela Hubbard to the City of Detroit of the parcel of property hereinbefore de-

scribed, be and the same are hereby accepted and approved, and the City Controller be and he is hereby authorized and instructed to cause the same to be recorded in the office of the Register of Deeds for the County of Wayne, Mich.

FROM THE SAME.

To the Honorable the Common Council:

Gentlemen—Your Committee on Claims and Accounts, to whom was referred the petition of Mrs. Susan Leahy and Ethel Wheeler for injuries sustained on account of a fall upon an alleged defective sidewalk, respectfully report that we have carefully considered the same, have listened to the testimony of the complainants and are satisfied that there is no legal liability upon the part of the city, we therefore recommend that the prayer of the petitioners be denied.

Respectfully submitted,
JOHN C. BLEIL,
EDWARD WILDMAN,
RICHARD P. JOY,
BASIL A. LEMKE.

Accepted and adopted.

FROM THE SAME.

To the Honorable the Common Council:

Gentlemen—Your Committee on Claims and Accounts, to whom was referred the petition of William S. Terry for damages for the loss of a horse, sustained by falling on a defective crosswalk at the intersection of Fourth and Selden avenues, respectfully report that we have carefully considered the matter and have listened to the testimony of witnesses; and we respectfully recommend that the petitioner be allowed the sum of $60 in full settlement of all claims he may have against the city of Detroit on account of said alleged accident. We herewith offer the proper resolution.

Respectfully submitted,
JOHN C. BLEIL,
EDWARD WILDMAN,
RICHARD P. JOY,
BASIL A. LEMKE,
M. W. McGUIRE.

Accepted, and on leave the following resolution was offered:

By Ald. Bleil:

Resolved, That the City Controller be and he is hereby authorized and directed to draw his warrant upon the proper fund in favor of William S. Terry, for the sum of $60, in full settlement of all claims that he may have against the City of Detroit; provided the same is accepted within 15 days from the date of the adoption of this resolution.

Adopted as follows:

FROM THE SAME.

To the Honorable the Common Council:

Gentlemen—Your Committee on Claims and Accounts, to whom was referred the resolution of Ald. Snow directing the Controller to draw his warrant in favor of James Arthur for the sum of $30, being in payment of the picture taken of the members of the Common Council, respectfully report that we have very carefully investigated the matter and find that the work and material is fully worth the amount asked for. Your Committee therefore recommend that the Controller be instructed to draw his warrant in favor of said James Arthur for the sum of $30, and we herewith offer the following resolution.

Respectfully submitted,
JOHN C. BLEIL,
EDWARD WILDMAN,
RICHARD P. JOY,
BASIL A. LEMKE,
M. W. M'GUIRE.

Accepted and on leave the following resolution was offered:

By Ald Bleil:

Resolved, That the City Controller be and he is hereby directed to draw his warrant upon the contingent fund for the sum of $30, in favor of James Arthur, same being for the picture of the members of the Common Council, in full settlement of all claims.

Laid on the table.

Streets.

To the Honorable the Common Council:

Gentlemen — Your Committee on Streets, to whom was referred the communication from the Board of Public Works submitting proposals for the repaving of Hancock and Canfield avenues and Labrosse street, respectfully report that we have carefully considered the same and beg leave to state that upon examination we find that the bids submitted are reasonable, and therefore recommend that the contracts entered into by the Board with the contractor in each case be approv-

ed and that the resolutions offered by Alderman Moeller at a session held on the 15th inst. confirming said contracts (C. P. 307) be adopted.

Respectfully submitted,
WM. F. MOELLER.
MICHAEL MILLER.
JOSEPH MERRELL.

Accepted.

Ald. Moeller then moved the adoption of the resolution confirming the contract entered into by the Board with Geo. E. Currie for the repaving of Hancock avenue from Woodward to Greenwood, cedar block on concrete foundation, which motion prevailed as follows:

Yeas—Ald. Atkinson, Beamer, Biell, Coots, Deimel, Fracher, Grunow, Haarer, Hansjosten, Hilger, Houghton, Joy, Koch, Koenig, Lemke, McGuire, Marx, Merrell, Miller, Moeller, Peoples, Reinhardt, Schneider, Smith, Snow, Steiger, Tossy, Weibel, Weller, Wildman and the President—31.

Nays—None.

Ald. Moeller then moved the adoption of the resolution confirming the contract entered into by the Board with Julius Porath for the repaving of Labrosse street, from Trumbull to Twelfth street, with cedar block on concrete foundation, which motion prevailed as follows:

Yeas—Ald. Atkinson, Beamer, Biell, Coots, Deimel, Fracher, Grunow, Haarer, Hansjosten, Hilger, Houghton, Joy, Koch, Koenig, Lemke, McGuire, Marx, Merrell, Miller, Moeller, Peoples, Reinhardt, Schneider, Smith, Snow, Steiger, Tossy, Weibel, Weller, Wildman and the President—31.

Nays—None.

Ald. Moeller then moved the adoption of the resolution confirming the contract entered into by the Board with Lennane Bros. for the repaving of Canfield avenue, from McDougall to Mt. Elliott avenue, with cedar block on concrete foundation, which motion prevailed as follows:

Nays—None.

Street Openings.

To the Honorable the Common Council:

Gentlemen — Your Committee on Street Openings to whom was referred the communication from the Corporation Counsel relative to the case of E. W. Voigt vs. City of Detroit, also several other cases now awaiting trial in the Recorder's Court, respectfully report that we have carefully considered the matter and beg leave to state that we are informed by the Corporation Counsel that the case of E. W. Voigt vs. City of Detroit has been taken to the United States Supreme Court on a writ of error, that he is of the opinion that the proceedings now commenced in the Recorder's Court to open several streets should be continued regardless of said appeal, as he is of the opinion that the case will be decided in favor of the city. Your committee feel that the position taken by the Corporation Counsel is a just and proper one, and therefore recommend that he be instructed to proceed with the cases now set for trial, regardless of said appeal.

Respectfully submitted,
JOHN J. STEIGER.
LOUIS F. FRACHER.

Accepted and adopted.

Ordinances.

To the Honorable the Common Council:

Gentlemen—Your Committee on Ordinances, to whom was referred the petition of William Vollrath et al., requesting the adoption of an ordinance prohibiting the soliciting of trade on public streets, etc., respectfully report that we have carefully considered the matter, as well as the ordinance offered by Alderman Deimel covering the same subject, and beg leave to state that we are of the opinion that it is absolutely necessary that something should be done immediately to prohibit the solicitation by store keepers, their agents and runners, of passers-by on the public streets of the City of Detroit. We find from the testimony presented before this committee that it has, to a certain extent, very seriously injured the business of merchants on one of our leading thoroughfares, and if it is allowed to continue as at present it will not only ruin their business, but compel them to move to some other locality. In view of this condition of affairs, we recommend the adoption of the following ordinance.

Respectfully submitted,
J. J. HAARER.
BASIL A. LEMKE.

Accepted.

The following is the ordinance:

AN ORDINANCE to regulate the solicitation by storekeepers, their agents and runners of passers-by on the public streets in the City of Detroit.

It is hereby ordained by the people of the City of Detroit:

Section 1. No merchant or storekeeper within the limits of the City of Detroit shall permit any agent employed by him to stand or remain on any public sidewalk or public street, there to solicit passers-by to go into such store or to purchase thereat.

No agent or runner shall stand upon any sidewalk or in any public street within the city and there solicit any person to enter into any store or to become a purchaser at or in any store.

No merchant, agent, runner or other person standing or remaining in any public street or standing or remaining in any doorway or other place adjacent to a public street, shall by calls, cries, ringing of bells, blowing of horns or by reaching out into the street and using force, solicit passers-by to enter into any store; nor shall any such person standing or remaining in any public street or in any doorway or other place adjacent to a public street, seek, by any of the means or methods heretofore enumerated, to detain passers-by, or to attract attention and trade to such store.

Sec. 2. Any person violating any of the provisions of this ordinance shall be punished by a fine not to exceed one hundred dollars and costs; and in the imposition of any

such fine and costs the court may make a further sentence that in default of the payment of such fine and costs the offender be imprisoned in the Detroit House of Correction or county jail for any period of time not exceeding six months.

Sec. 2. This ordinance shall take immediate effect.

Read twice by title, ordered printed, and laid on the table.

FROM THE BOARD.

To the Honorable the Common Council:

Gentlemen—Your Committee on Ordinances, to whom was referred the resolution of Ald Beamer requesting this committee to consider the advisability of adopting an ordinance repealing an ordinance entitled, "An ordinance to amend sections 3 and 4 of an ordinance entitled, 'An ordinance fixing and establishing the different routes of the Detroit railway, and to regulate the running of cars upon said routes,' approved February 3d, 1897," also any ordinance or ordinances relating to the service given upon the lines covered by the above mentioned ordinances, respectfully report that we have carefully considered the matter and beg leave to state that we believe this to be the best course to pursue, for the reason that if any other ordinances are adopted by this Council it will so entangle them that they will be hard to understand by anyone unless they are familiar with them in their entirety. We therefore recommend that such a course be pursued and that the following ordinance be adopted in place thereof, which fully covers all the desired changes from the ordinances in effect at the present time.

Respectfully submitted,
J. J. HAARER,
BASIL A. LEMKE.

Accepted.

The following is the ordinance:

AN ORDINANCE fixing and establishing the different routes of the Detroit Railway and to regulate the running of cars upon said routes.

It is hereby ordained by the people of the City of Detroit

Section 1. From and after the date of the approval of this ordinance, the lines of street cars now operated by the Detroit Railway its successors and assigns, under an ordinance approved Dec. 4th, 1894 and the ordinances amendatory thereof and supplemental thereto, shall be run for the accommodation of the public according to the following designated routes and upon the schedules hereinafter particularly fixed and established.

Sec. 2. The line now known and designated as the "Crosstown & Belle Isle Line" shall be operated as a continuous route from the western extremity of said line upon Warren avenue west to the Belle Isle bridge, through the streets and avenues now traversed by said line. Cars shall be run upon said route no further apart than 8 minutes, except between the hours of 10 p. m. and 5 a. m.

Sec. 3. The line now known and designated as the "Sherman Street Line" shall be run as a continuous route as at present operated from the westerly city limits of said line to Belle Isle bridge. Cars shall be run upon said line no further apart than 8 minutes, except between the hours of 9 p. m. and 5 a. m. provided, however, that between the hours of 5 45 a. m. and 7 45 a. m., and between the hours of 4 30 p. m. and 6:30 p. m., during week days, extra cars shall be run in such a manner as to make the schedule time during those hours 4 minutes between cars.

Sec. 4. The line now known and designated as "Fourteenth Avenue and Hastings Line" shall be run as a continuous route between 5:00 a. m. and 10:00 p. m., except Sundays. Cars on this line shall leave the corner of Beaubien street and Bethune avenue east, and Fourteenth avenue and the Boulevard west, at least every eight (8) minutes; and between 6 30 a. m. and 8 00 a. m., and between 4 00 p. m. and 6 15 p. m., except Sundays, cars shall leave Warren avenue west and Fourteenth avenue, and Bethune avenue east and Beaubien street at least every four (4) minutes. Cars shall run on Bethune and Oakland avenues at least every sixteen (16) minutes between 5 30 a. m. and 10 00 p. m. except between the hours of 6:30 a. m. and 8 00 a. m., and between 4 45 p. m. and 7:00 p. m., when cars shall leave the corner of Woodland and Oakland avenues and run eight (8) minutes apart, except on Sundays.

Sec. 5. The line known and designated as the "Belt Line up Fourteenth Avenue" shall run as now operated. The cars upon said line shall not be run further apart than eight minutes, alternating with the "Fourteenth and Hastings Line" so as to make a four-minute schedule upon Fourteenth avenue going north and upon Beaubien street going south. The cars upon said Belt Line shall run continuously each day, except Sundays, between the hours of 5 a. m. and 2 p. m., and no cars shall be taken off said line before 6 p. m. The cars upon said line shall also be run upon this schedule upon Sundays between the first day of May and the first day of October of each year.

Sec. 6. The line now known as "Belt Line up Hastings street" shall be operated the same as Belt Line up Fourteenth avenue, excepting in a reverse direction.

Sec. 7. The line known as the Mt. Elliott Avenue line, north of Forest avenue shall be operated as a continuous route from the northerly terminus to Waterloo street.

Sec. 8. An ordinance entitled "An ordinance fixing and establishing the different routes of the Detroit Railway and to regulate the running of cars upon said routes," which ordinance was approved Feb. 2, 1897, and an ordinance entitled "An ordinance to amend Sec. 3 and Sec. 4 of an ordinance entitled 'An ordinance fixing and establishing the different routes on the Detroit Railway and to regulate the running of cars upon said routes, approved Feb. 2, 1897,' which ordinance was approved Jan. 5, 1900, are hereby repealed.

Sec. 9. Should the said company, its successors or assigns, fail within five days after the approval of this ordinance to comply with its terms and to put in force the schedules herein established, or should it at

any time thereafter fail to operate its various lines according to the spirit and letter of this ordinance, such failure upon its part shall be deemed to be a misdemeanor and the directors, officers, managers and superintendents of said road, or each or any one of them, shall be subject to prosecution in the Recorder's Court and a fine for each violation, not to exceed $500, and upon the imposition of any such fine and costs, the court may make a further sentence that in default of payment thereof such offender shall be imprisoned in the Detroit House of Correction for any length of time, not to exceed 60 days

Sec 10. This ordinance shall take immediate effect

AN ORDINANCE granting to the Detroit Bridge & Iron Works permission to construct, maintain and operate a railroad track across Twenty-third street, known as lot B of part of outlots 85 and 86 of the Porter farm, with lot A of part of outlots 85 and 86 of the Porter farm on the west side of Twenty-third street, in the Twelfth ward of the City of Detroit.

It is hereby ordained by the people of the City of Detroit:

Section 1. That consent, permission and authority are hereby granted to the Detroit Bridge & Iron Works, its successors and assigns, to construct, maintain and operate with pony engine one railway track near the Michigan Central railroad tracks adjoining the property of the Detroit Bridge & Iron Works, at right angles across Twenty-third street, to connect its property on the east side of Twenty-third street, known as lot B, with lot A, on west side of Twenty-third street, both lots being part of outlots 85 and 86 of the Porter farm in the Twelfth ward of the City of Detroit.

Sec. 2. Said tracks shall be laid under the supervision of the Board of Public Works, and shall conform to the grade of the streets in such a manner as to least interfere with the ordinary travel on said street; and said grantee shall construct and maintain sidewalks between said tracks in the portion of the street set aside for sidewalk purposes, and shall provide and keep in repair such suitable and permanent approaches to said tracks at all points that teams, vehicles and persons shall be enabled to cross the said track conveniently at all times, such work shall be done under the supervision and to the satisfaction of the Board of Public Works.

Sec. 3. Said grantee is authorized to use said railway only for the purpose of such lawful business as may be conducted and carried on upon the premises by the occupants thereof. The cars to be used on said railway shall be propelled by a pony engine, the entire design of this grant being to permit transportation to and from the premises of said grantee. Cars or pony engine, each several time before crossing said street, shall be preceded by a flagman in the employ or grantee, whose duty it shall be to see that the roadway and sidewalks of said street are clear of vehicles and pedestrians, and to warn the public of the approach of cars and pony engine of said grantee over said track.

Sec. 4. The grantee shall keep the surface of the street as occupied by said railway track in good repair and order, and shall restore said street, sidewalks and grounds to an equally good condition as when disturbed and shall, by good and sufficient bond, fully indemnify and save harmless the City of Detroit from any and all claims for damages for which said city shall be made or become liable to pay by any reason of the construction, making or operating of said railway, or the giving or allowing of a license, right and privilege hereby granted. Whenever said street shall be paved or repaved, the said grantee shall pay the cost of the paving or repaving of the portion of the street included between the rails.

Sec. 5. The privileges hereby granted shall in no wise restrict or alter the right of the City of Detroit, or any of its authorized municipal boards or officers, to enter upon said street and occupy the same in building public works for general public purposes of any kind whatsoever.

Sec. 6. No employe of the said grantee shall permit any car to stop or remain on the said street so as to obstruct the free and ordinary use thereof; and no such person, or any person, or said grantee, shall permit any car to remain on said track during the hours of the day or night.

Sec. 7. The right is reserved by the Common Council of the City of Detroit to make amendments to this grant and ordinance and such other relief, orders or regulations as may from time to time be deemed by the Common Council necessary to protect the interest, safety, welfare or accommodation of the city and public in relation to said railway.

Sec. 8. This ordinance shall take effect immediately upon the filing of the written acceptance of the terms thereof in the office of the City Clerk of the City of Detroit by the said grantee, accompanied by a bond for one thousand dollars, running from said grantee, with two or more sureties, conditioned as mentioned in section four, provided such acceptance and bond are filed within thirty days after the adoption thereof.

Sec. 9. Any violation of or neglect or refusal to comply with the provisions of this ordinance by the said grantee, or by any agent or person in the employ of said grantee, or any person or corporation connected with the operation of cars on the track hereby granted shall be punished by a fine not to exceed one hundred dollars and costs, and in the imposition of any such fine and costs the court may make a further sentence that the offender be committed to the County Jail or the Detroit House of Correction until the payment of such fine and costs, for any period of time not to exceed six months.

Sec. 10. The right to repeal this ordinance at any time is expressly reserved, and upon the repeal of the same all the rights and privileges hereby granted shall cease and be at

an end, and said grantee shall at its own expense, remove all the track laid under the authority of this ordinance from the said street and restore the roadbed to a condition equal to its present condition

COMMON COUNCIL

(SPECIAL—OFFICIAL.)

Detroit, Wednesday, May 28, 1890.

The Council was called to order by the President, the Honorable Robert Barrie

Present—Ald. Beamer, Fracher, Haarer, Hanajosten, Knauss, Koenig, Lemke, McGuire, Miller Moeller, Reinhardt, Schneider, Smith, Snow, Steiger, Tossy, Weibel and the President.

There being a quorum present the Council was declared to be in session. The Clerk then read the following:

SPECIAL CALL.

Hon. John A. Schmid, City Clerk:

Dear Sir—Will you please summon a meeting of the members of the Common Council at the Council Chamber this afternoon at 4 o clock, for the purpose of considering the circumstances of the laying of a switch, so-called or track connecting the Detroit railway and Detroit Citizens' street railway tracks at the juncture of Gratiot and Mt. Elliott avenues. The action of the Common Council at its session yesterday in directing the stoppage of the work and the issuance of an injunction by the court both have been ignored and violated, and the track completed, as I am informed. Consideration of this action on the part of the railway companies will be the subject matter to be brought before the special session of the Council here called.

Very respectfully,
WILLIAM C. MAYBURY,
Mayor.

Accepted and placed on file.

Ald. Deimel and Wildman entered and took their seats.

COMMUNICATION.

From the Mayor.

To the Honorable, the Common Council:

Gentlemen—I caused you to be summoned in special session for the purpose of considering matters that I consider of very great importance to the interests of the city. It appears so far as I can be informed, that, acting under permission, either verbal or written, from the board of public works, or, at least, a claim to be acting under such a permission, the Citizens' Street Railway company have caused a connecting track to be laid between the line of said Citizens' Street Railway Co. and that of the Detroit Railway Company at the junction of Mt. Elliott and Gratiot avenues.

I do not find that any permission was asked of your honorable body or ever granted to undertake or complete this work, but it is claimed that, under the authority vested in the board of public works and under the charter of the company, the permission of the board of works is alone necessary for the undertaking of work of this character.

I am not able to agree with this position, nor do I believe any such authority was ever invested or intended to be invested in the board of public works. The power vested in this board to permit and supervise the laying of said tracks and all necessary switches, even if such authority were legal and properly exercised, is not the case presented here.

The track laid, and to which objection is made, is not necessary for either the Detroit Railway Company or the Detroit Citizens' Railway Company, except for the manifest purpose of connecting the tracks by that means, and making them substantially one system, where they were expected and intended to be independent and competing. The authority, if such is sought to be invested by the terms of any charter or contract in the board of public works, meant to permit the occupation of any street or public place by railway companies, without the intervention of your honorable body, is clearly a power which they cannot exercise, and a power which, in my judgment, they were never invested with.

When the work of laying the track was begun, a protest was entered by a member of your honorable body, and delay requested, which request was ignored. At the session of your honorable body, held last evening, a resolution was passed, directing that action be taken to interrupt the work until the rights of the parties could be known in the premises.

I am informed that, after process had been served upon the foreman in charge of the men, and even after said foreman had been put under arrest, the work went on regardless of the injunction of the court served in the premises. This course of conduct indicates a wilful desire or intent to usurp public franchises and rights forcibly, without regard to law or right. I am satisfied that the company is a trespasser on the streets in question; and I see no other effective way to assert the rights of the city in this matter, except that your honorable body direct the board of public works to proceed to remove the tracks laid from the street forthwith. The servants of the city, employed in removing the tracks, will have protection in their work.

The spirit manifested in the matter of laying this track is such that it must be met promptly, effectively and forcibly.

I leave the matter for the consideration of your honorable body, with the recommendation herein before made.

Respectfully submitted
WM. C. MAYBURY,
Mayor.

Accepted, and leave being granted the following resolution was offered:
By Ald. Smith:

Whereas, It has come to the knowledge of the Common Council that the Detroit Citizens' Street Railway Company has, in violation of an injunction issued by the Circuit Court of Wayne County, proceeded to connect the tracks of the so-called Mt. Elliott avenue line with the so-called Gratiot avenue line, connecting the railway lines of the Detroit Electric Railway and the Detroit Citizens' Street Railway; and,

Whereas, The said company had no authority to make such connection; and,

Whereas, The streets have been left in an unsafe and unguarded condition; therefore be it

Resolved, That the Board of Public Works be and it is hereby instructed, forthwith, to repair Gratiot avenue and Mt. Elliott avenue at their junction, where the same have been torn up, by removing the rails connecting the so-called Mt. Elliott line with the so-called Gratiot line, and restoring the streets to their former proper condition; and be it further

Resolved, In restoring the condition of said streets that said Board of Public Works shall not interfere with the frogs or switches now there placed, nor unnecessarily interfere with or impede the operation of cars on the tracks of said street railway company.

Ald. Smith moved the adoption of the resolution.

Ald. Marx and Koch entered and took their seats.

The motion of Ald. Smith then prevailed as follows:

Yeas—Ald. Beamer, Deimel, Fracher, Haarer, Hansjosten, Knauss, Koob, Koenig, Lemke, McGuire, Marx, Miller, Moeller, Reinhardt, Schneider, Smith, Snow, Steiger, Tossy, Weibel, Wildman and the President—23.

Nays—None.

The Council then adjourned.

City Clerk.

COMMON COUNCIL

(SPECIAL—OFFICIAL.)

Detroit, Friday, May 28th, 1909.

The Council was called to order by the President, the Honorable Robert Barrie.

Present: Ald. Atkinson, Biell, Deimel, Fracher, Hansjosten, Hilliger, Houghton, Joy, Knauss, Koch, Lemke, McGuire, Marx, Merrell, Peoples, Reinhardt, Schneider, Smith, Snow, Steiger, Tossy, Weibel, Weiler, Wildman and the President.

There being a quorum present the Council was declared to be in session. The Clerk read the following:

SPECIAL CALL.

Hon. John A. Schmid, City Clerk:

Dear Sir—You will please call the members of the Common Council to assemble at the Council Chamber tomorrow, Friday, noon, 12 o'clock, for the purpose of considering matters relating to the removal of tracks at the corner of Gratiot and Mt. Elliott avenues, and the employment of additional counsel to represent the city in the suit now pending, praying for an injunction against the laying of said tracks, and of considering such other matters as may be pertinent to the issue now made between the city and the street railway companies.

Respectfully,

WILLIAM C. MAYBURY,

Mayor.

Accepted and placed on file.

The mayor then addressed the Council on the subject as outlined in the special call.

COMMUNICATION.

From the Corporation Counsel.

To the Honorable the Common Council:

Gentlemen—It seems to me proper at this time that the position of the Corporation Counsel with relation to the injunction suit against the Citizens' and Detroit Railway Companies to prevent the connection of tracks at Mt. Elliott and Gratiot avenues, should be fully explained.

On Tuesday evening last your honorable body adopted a resolution instructing the Corporation Counsel "to take the necessary proceedings to enjoin said companies from doing any further work on said connecting line until the legality of said work has been properly determined. Said proceedings to be taken at once."

I have carried out this resolution to the letter. The moment the Council adjourned Tuesday evening, work was commenced upon the bill, and at 1 o'clock that night Judge Donovan issued a temporary injunction. While this injunction was pending and the whole matter in the hands of the Circuit Court awaiting a hearing, your honorable body passed a resolution instructing the Board of Public Works to tear up the very tracks under control of the court in this injunction proceeding. I advised against this course, and in the light of subsequent events, am firmly convinced that my advice was sound.

This proceeding, however, has no direct bearing upon the main question in controversy, viz: the right of separate street car lines to connect their tracks without first obtaining the consent of the Council. Upon this question the Corporation Counsel has carried out implicitly the instructions of your honorable body. The Corporation Counsel is the solicitor of record in the case against the street railway companies, and after consultation with Mr. Flowers I can say that he is willing and able to conduct this case on behalf of the city. I can say further, that either Mr. Flowers or Mr. Joslyn, and possibly both, will be present when the case is brought to a hearing.

Very respectfully,

ARTHUR WEBSTER,

Assistant Corporation Counsel.

Accepted and placed on file.

Ald. Miller and Koenig entered and took their seats.

FROM THE SAME

To the Honorable the Common Council

Gentlemen—The lease of the dock at the foot of Griswold street, to the Red Star Line expired the first of April last. I am advised by Mr C F Bowman, of the Red Star Line that they are desirous of renewing the lease upon the same terms and conditions as in the past that is to say for one hundred dollars per annum and the lessee agreeing as a part of the rental to keep the said dock in good repair during the term of the lease and also to keep the said dock free of freight, and the general public to have free access thereto.

I recommend the reference of this communication to the Committee on Ways and Means.

Respectfully

Accepted and leave being granted, the following resolution was offered

By Ald Koch

Resolved By the Common Council of

the City of Detroit, that it is deemed necessary to construct vitrified crock lateral sewers in the following alleys, to wit:

In east side of Bellevue avenue, between Canfield and Gratiot.

In alley in block bounded by Collins, Moran, Trombly and Dane.

Extension in alley in block bounded by Woodward, Oakland, Holbrook and Josephine.

In alley in block bounded by Scotten avenue and Campau street, S. of Toledo.

In alley between Cadillac and Hurlbut avenues, from N. L. Lot 36, N. of Kercheval avenue, to N. L. Lot 67.

In alley E. of Bellevue, S. of Berlin street.

In alley in block bounded by Thirty-third, Thirty-second, Horatio and Herbert streets;

In alley E. of Moran, between Canfield and Garfield.

In alley in block bounded by Welch, Hammond, Stark and Otis.

In alley in block bounded by Thirty-third, Thirty-fourth, Horatio and Herbert streets.

In alley in block bounded by River street, Artillery, Dragoon and Battery avenues.

And it is hereby declared that this action is had under sections 42 and 43 of chapter 7, title 1, of the Charter of 1891, authorizing the Common Council to direct and regulate the construction of lateral sewers or drains for the purpose of more effectively draining all lots or cellars, yards and sinks within the limits of said city, whenever in their opinion the same shall be necessary.

Resolved, That for the purpose of assessment for defraying and paying the cost of said vitrified crock lateral sewers, the lots and parcels of real estate within the limits of said alleys and abutting thereon, through which said lateral sewers are ordered to be constructed, shall be and the same is hereby constituted and declared to be one local assessment district for the lateral sewers so constructed.

Resolved, That the City Engineer be and he is hereby ordered and directed to make an assessment on the lots and parcels of real estate within the limits of said lateral sewers, and abutting thereon, according to the benefit said lots and parcels of real estate shall receive from said improvement.

Resolved, That the Board of Public Works be and is hereby ordered to advertise five times for proposals for constructing said lateral sewers.

Adopted as follows:

Yeas—Ald. Atkinson, Bramer, Bleil, Fischer, Hauser, Hansjosten, Hilliger, Houghton, Joy, Koch, Koenig, Lemke, McGraw, McGuire, Mayhew, Merrell, Miller, Moeller, Peoples, Reinhardt, Smith, Steiger, Weibel, Weber and the President—25.

Nays—None.

FROM THE SAME.

To the Honorable the Common Council:

Gentlemen—The Board of Public Works respectfully reports that lateral sewers Nos. 1150, 1153 and 1164, heretofore ordered constructed, have been duly completed according to contracts and specifications for the same, and duly notified as required by ordinance, and the Board herewith transmits assessment rolls Nos. 6215, 6216 and 6217, for constructing said sewers, and respectfully asks their approval and confirmation.

Respectfully submitted,
J. W. MILLEN,
President.

Accepted, and leave being granted the following resolution was offered:

By Ald. Koch:

Whereas, It appears from a communication from the Board of Public Works that lateral sewers

No. 1151. In alleys between Concord and Canton avenues, Palmer avenue and the Boulevard.

No. 1153. In alley between Parker and Maxwell avenues, Worcester place and Goethe avenue.

No. 1164. In alley south of Sylvester street, between Parker avenue and alley east.

Have been duly completed in accordance with contracts and specifications for the same.

Whereas, No person has appeared to object to assessment rolls Nos. 6215, 6216 and 6217, and due notice having been given, as required by ordinance.

Resolved, That the laterals above described are hereby accepted and that said assessment rolls therefor are hereby approved and confirmed, and the Controller is hereby directed to place the same in the hands of the Receiver of Taxes for collection.

Adopted as follows:

Yeas—Ald. Atkinson, Bramer, Bleil, Fischer, Hauser, Hansjosten, Hilliger, Houghton, Joy, Koch, Koenig, Lemke, McGraw, McGuire, Mayhew, Merrell, Miller, Moeller, Peoples, Reinhardt, Smith, Steiger, Weibel, Weber and the President—25.

Nays—None.

From the City Treasurer.

To the Honorable the Common Council:

Gentlemen—The awards for the opening of Second avenue are now being paid to the property owners, whose property was taken in the proposed opening.

The City Treasurer insists that taxes and assessments of all kinds due up to date against the said property shall be paid the City before he pays the awards. The property owners have protested, however, against paying the City taxes of 1898 on the ground that the property was taken for street opening purposes June 6th, 1898, that it passed from their hands on that date, and that 1898 City taxes were not due until July 1, 1898. Consequently, they contend that they are not liable for taxes due that year. Likewise, do they contend that when the proceedings were in the Recorder's Court the Corporation Counsel assured them that they would not have to pay the taxes of 1898.

As the 1898 taxes appear on the books of this office, I would respectfully request your honorable body to take such action as you deem proper to clear up this matter and recommend that it be referred to the Committee on Taxes.

Respectfully submitted,
WM. B. THOMPSON,

A[illegible] and referred to the Committee on Ways and Means.

Ald. Peoples was excused.

From the Board of Assessors.

To the Honorable the Common Council

The usual notice required by law has been given to the parties in interest as will appear by the annexed notice and affidavit of publication. No person has appeared to object to said roll, or to ask any correction thereof. We have, therefore, signed the same and report it to your honorable body.

Very respectfully,

THE BOARD OF ASSESSORS,
By JOHN C. HARTZ,
President.

Accepted, and leave being granted, the following was offered

By Ald. Moeller.

Resolved, That Assessment Roll No. 365 for paving and grading Clark avenue from the north curb line of Dix avenue to the south curb line of Michigan avenue is hereby approved and confirmed, that the description of premises and the names of persons contained therein are received as correct, and that the sums which the said Assessment Roll states to be the correct ones which each individual or set of individuals should be assessed at and pay be the assessment and be collected from the several persons liable to pay the same according to law.

Nays—None.

Judiciary.

To the Honorable the Common Council:

Gentlemen—Your Committee on Judiciary, to whom was referred the communication of the Corporation Counsel relative to an appeal from the decision of Judge Swan in the three-cent case, so called, beg leave to report that we have carefully considered the matter and are of the opinion that there are no grounds upon which to expect a reversal of the decision, but being informed by Mr. Tarsney, the counsel selected by the Mayor, that the costs of perfecting the appeal will not exceed four or five hundred dollars, your committee feel that inasmuch as his honor the Mayor has expressed so decided views on the matter and avered that the decision will be reversed in the United States Supreme Court, and assumes the burden and responsibility of the whole matter, that he should be left free to take an appeal from the said decision to the United States Supreme Court; that any doubt that may exist on the question may be finally settled and his honor the Mayor be accorded every facility to have his opinion officially determined, and we herewith offer the following resolution.

Respectfully submitted,
FRED W. SMITH.
ALPHIA C. PEOPLES.

Accepted and on leave the following resolution was offered.

By Ald. Smith:

Resolved, That the Corporation Counsel be and he is hereby instructed to cause an appeal to be taken from the decision rendered by the United States Circuit Court in the case of the Detroit Citizens' Street Railway Co. vs. City of Detroit, Charles Flowers and Wm. C. Maybury, to the United States Supreme Court without unnecessary delay.

Laid on the table.

Streets.

To the Honorable the Common Council:

Gentlemen — Your Committee on Streets, to whom was referred the contract of Arthur C. Lloyd for the repaving of Warren avenue, from Woodward to Hastings, with cedar block on concrete; also a communication from the Board of Public Works relative to widening of Warren avenue, 18 inches on each side, from Woodward avenue to Beaubien street, respectfully report that we have carefully considered the matter and report as follows: The City Engineer in making up the estimates for this widening, finds that the estimates will be materially changed, on account of circles and intersections, etc., if the street is widened. The only solution of the matter now is to advertise for the repaving and widening in one advertisement.

Your Committee therefore recommend that the contract with Arthur C.

Lloyd be rejected and the Board of Public Works be directed to readvertise for the repaving of Warren avenue Woodward to Hastings, as well as for the widening of the street 18 inches on each side from Woodward to Beaubien and herewith offer the following resolution

To the Honorable the Common Council

Gentlemen Your Committee on Streets to whom was referred the communication from the Board of Public Works asking for permission of your honorable body for the use of a portion of the old reservoir site, in the block bounded by Wilkins, Orleans, D G H & M R R and where Watson street would come through if extended, for the purpose of placing thereon the asphalt plant which was granted by the Board of Estimates and the Common Council Your committee would respectfully report that we have gone over the ground very carefully that we have viewed the proposed site, have also examined the Barber asphalt plant in operation on Warren avenue In our opinion we consider such a plant, no matter where it is placed in a residence portion of the city it would be considered a nuisance The amount of smoke and dust issuing from it would not be tolerated in any locality The residents for a number of blocks adjoining the proposed site chosen by the Board of Public Works have protested most emphatically against the placing of the plant in that neighborhood and your committee fully coincide with their views and believe that the residents in this locality have some rights in the matter and those rights ought to be respected Your committee further believe that the proper place for such a plant is somewhere in the manufacturing district on the banks of the Detroit river Your committee therefore recommend that the petition of the Board of Public Works be denied

Gentlemen—Your Committee on Sew-

...ers to whom was referred the communication from the Board of Public Works submitting proposals for the construction of sewer No 1152, beg leave to report that we have carefully considered the matter and beg leave to state that we can see no reason why said sewer should be constructed at this time after listening to the explanation offered before this Committee by the Aldermen representing the ward in which said sewer is to be constructed As will be seen by the petition the sewer is to be constructed along Grotto Avenue which will add to the county expense which is increased by the fact that each property owner will have to construct a lateral sewer from the rear of his lot to the sewer in question Your committee deems that it will be best to let the construction of said sewer rest until the Council orders public sewers upon that avenue to be built and if the same is ordered that a part of the expense be assessed against the property abutting on the line of the sewer

FROM THE SAME

To the Honorable the Common Council.

Gentlemen Your Committee on Taxes to whom was referred the communication of the City Treasurer relative to the collection of certain city taxes for 1898 on property which lies on the east side of Second avenue, respectfully report as follows,

On June 15th 1898 a verdict was rendered in the Recorders Court, decreeing that it was necessary to open Second avenue from the Boulevard to the Detroit river by condemning the property which surrounded it which was condemned by the City for assessment for opening and damages awarded for the same During the trial of the case Attorney at Law Assistant Corporation Counsel Clapp and others were employed by the respondents for damages and they felt that they would be compelled to pay city taxes for 1898 as the taxes would not be due until after July 1st 1898 It was explained by Mr Clapp or that they would not have to pay the taxes of 1898 but could not get the [illegible] ...ed for a year after the opening of the street by the Board of Public Works which would be [illegible]

Taxes.

[illegible] the Common Coun...

[illegible] ...ed the Court sustained the

tion Counsel and ruled out any claims based upon taxes to be levied subsequent to the condemnation proceedings.

We, therefore, recommend that the City Treasurer be and he is hereby authorized to cancel the taxes of 1888 upon the property which was taken in the proceedings to open Second avenue.

And we recommend further that he be authorized to make a division of property and taxes due for 1888 in cases where a portion of a lot was taken in said proceedings and herewith offer the following resolution:

Respectfully submitted,

HOMER McGRAW

COMMUNICATIONS.

From the Mayor.

To the Honorable, the Common Council.

Gentlemen—I would respectfully recommend that some steps be taken by your honorable body to provide for the proper decoration of the city hall in honor of the presence of Admiral and Mrs. Dewey in our city, and as our guests on Friday and Saturday next. The city is today the possessor of many flags distinguished as having been associated with important events in the country's history. These should be displayed, and in addition thereto other decorations should be placed upon the building. It is the intention to make the display at night as elaborate as possible, and preparations to this end have already been completed. The subject matter of this communication has more reference to the decorations for the daytime. I would respectfully recommend that it be referred to a committee consisting of a specified number of your honorable body, the Controller and Board of Public Works to jointly carry out the wishes of your honorable body in this direction.

Respectfully submitted,
WILLIAM C. MAYBURY,
Mayor.

Accepted, and leave being granted the following resolution was offered:

By Ald. Atkinson.

Resolved, That the Special Committee of the Common Council on Reception to Admiral Dewey act with the Controller and Board of Public Works in arranging for the proper decoration of the City Hall for Friday and Saturday of this week, and that they be authorized to enter into a contract for this work, at a maximum expense of $250.

Adopted as follows:

Yeas—Ald. Atkinson, Coots, Delmel, Fracher, Grunow, Haarer, Hansjosten, Hillger, Houghton, Joy, Knapp, Koch, Konig, Lemke, McGraw, McGuire, Marx, Mayhew, Merrell, Miller, Moeller, Reinhardt, Schneider, Smith, Snow, Steiger, Tossy, Weibel, Weller, Wildman and the President—31.

Nays—None.

FROM THE SAME.

To the Honorable the Common Council.

Gentlemen—I herewith transmit for the consideration of your honorable body the inclosed letter, received from Judge Gartner. In view of the fact that the Corporation Counsel does not agree with the position taken by your honorable body in the matter of the claims of the railroad company, it is clearly evident to me that the services of Judge Gartner should be utilized, and that he should be authorized under the circumstances to represent that side of the question which is believed to be lawful by your honorable body, and which has my own humble concurrence. It is certainly the right of the city that this matter should not be surrendered without a contest, carried to the end. Judge Gartner has prepared a very able brief in presenting the case to the judge of the circuit court, and I believe him to be thoroughly qualified to conduct the case, in accordance with the views held by himself and concurring in those held by your honorable body. It seems but right that in the conduct of the case under the circumstances Judge Gartner should be permitted to conduct the case according to his best judgment. For these reasons I recommend that the request contained in the letter herewith transmitted be followed, and that Judge Gartner be directed to assume the conduct of the suit.

Respectfully submitted,
WILLIAM C. MAYBURY,
Mayor.

Accepted and leave being granted the following resolution was offered:

By Ald. Tossy.

Whereas, In the suit commenced under the direction of the Common Council, involving the right of the several railway companies operating under separate and different franchises granted by the Common Council to connect their tracks, the Corporation Counsel is of the opinion that there is no foundation to such suit, and

Whereas, The Mayor and Committee on Ways and Means were by the Common

cil authorized to employ special counsel in the matter of said suit, and

Whereas, it is the desire of the Council to have the question of the rights of the Council adjudicated and determined by the courts.

It is resolved, That the Mayor and Committee on Ways and Means, and in pursuance to the action of the Council in the premises and their authorization to employ counsel in the matter be and they are hereby directed and empowered to authorize the counsel employed by them to take the necessary steps and be substituted as the solicitor of record in the said suit so commenced, and to continue the prosecution of said suit to a final determination of the question involved—viz., the right and power of the Common Council in and to the streets as to the connection of different railway companies

Referred to the Committee on Ways and Means.

From the Controller.

F. A. BLADES,
Controller.

Accepted and referred to the Committee on Claims and Accounts.

FROM THE SAME.

To the Honorable the Common Council:

Gentlemen—The lease for offices for

the use of the Corporation Counsel and his assistants will expire on the thirtieth (30th) day of June, 1900.

I have propositions for the rent of office room before me.

I recommend that this communication be referred to the Committee on Ways and Means with such communications as I may have on the subject.

Respectfully,
F. A. BLADES,
Controller.

Accepted and referred to the Committee on Ways and Means.

FROM THE SAME.

To the Honorable the Common Council:

Gentlemen—The following were the balances in Road Districts 1, 5 and 6, June 1, 1900:

No. 1	$251 73
No. 5	289 27
No. 6	274 24

I have received, since June 1, from the Board of Public Works pay rolls and bills chargable to these funds as follows, viz.:

No. 1	$430 90
No. 5	336 16
No. 6	426 00

It will be seen that the balances as above stated are insufficient to pay expenses already incurred up to this time. Upon consultation with the Board of Public Works they have requested me to ask your honorable body to advance to the several funds from the moneys in the treasury received from the House of Correction the following:

To Road District No. 1	$1,200
To Road District No. 5	600
To Road District No. 6	1,000
	$2,800

The sum so advanced to be returned to the House of Correction account from the several road district funds as soon after July 1st, 1900, as the moneys shall be collected.

Respectfully,
F. A. BLADES,
Controller.

Accepted, and leave being granted, the following resolution was offered:

By Ald. Coots:

Resolved, That the City Controller be and he is hereby directed to place to the credit of the following road district funds the sum stated, said money to be taken from the House of Correction account:

To Road District No. 1	$1,200
To Road District No. 5	600
To Road District No. 6	1,000
Total	$2,800

And be it further resolved, That the City Controller be and he is hereby directed to return to the House of Correction account from the said road district funds the sums authorized by this resolution, to be advanced as soon after July 1st, 1900, as the money shall be available in said road district funds.

Adopted as follows:

Yeas—Ald. Atkinson, Coots, Deimel, Fracher, Grunow, Haarer, Hansjosten, Hilliger, Houghton, Joy, Knauss, Koch, Koenig, Lemke, McGraw, McGuire, Marx, Mayhew, Merrell, Miller, Moeller, Reinhardt, Schneider, Smith, Snow, Steiger, Tossy, Weibel, Weiler, Wildman and the President—31.

Nays—None.

FROM THE SAME.

To the Honorable the Common Council:

Gentlemen—Your honorable body by resolution adopted November 21st, 1899, directed me to record a deed of John Pfeifle and wife of the City of Detroit, of certain property abutting Milwaukee avenue in the line of Joseph Campau and Mitchell avenues, and in the alleys adjoining. This deed was executed on March 13th, 1894, but for some reason was not accepted by the city until the above date. In the meantime the property was regularly assessed for city and county taxes, the city taxes on the pieces dedicated unpaid back to 1893 on one strip, and to 1894 on two strips, and amount in all to $78.72.

Of the state and county taxes, those for the years 1897, 1898 and 1899 on all the strips dedicated are unpaid. The taxes for 1894, 1895 and 1896 on most of the strips have been sold to parties who now own tax titles to the property.

These matters will have to be settled up in some way before the deed can be recorded under the present law. I therefore submit the matter to your honorable body for such action as you may deem advisable.

Respectfully,
F. A. BLADES,
Controller.

Accepted and referred to the Committee on Taxes.

From the Board of Public Works.

To the Honorable the Common Council:

Gentlemen—The Board of Public Works respectfully report that the repaving of alley No. 27, in block bounded by Woodward, Barclay, Wilcox and John R., under the contract confirmed the 29th day of August, 1899, is fully completed from the north curb line of Wilcox street to the south curb line of John R. street.

The pavement is of brick on concrete and has been examined by the Board of Public Works, and found to be in accordance with the contract and specifications for the same.

There is due the contractors for paving said alley as follows: For intersections etc., being the whole amount of work as far as completed	$151 10
For cost of advertising, blanks and Inspector's salary	8 00
Total amount	$159 10

Respectfully, etc.,
J. W. MILLEN,
President.

Accepted, and by unanimous consent Ald. Moeller offered the following:

Whereas, It appears from a communication from the Board of Public Works that the repaving as per contract confirmed the 29th day of August, 1899, on alley No. 27, in block bounded by Woodward, Barclay, Wilcox and John R. from the north curb line of Wilcox street to the south curb line of John R. street has been fully completed; and

Whereas, Said alley has been examined by the Board of Public Works, and the paving of said alley has been found to have been done in accordance with the contract and specifications for the same; therefore

Resolved, First, That the said repaving within the limits above mentioned be, and is hereby accepted.

Resolved, Second, That the City Controller be, and is hereby authorized to draw his warrant on the City Treasurer in payment of the intersections, etc., of said alley to the amount of $151 10, the same being the full amount due the contractors from the city for repaving said intersections, etc., and for the sum of $8, the same being the cost of advertising, blanks, and inspector's salary.

Resolved, Third, That the City Controller be, and he is hereby directed to prepare street paving bonds for such unpaid portion of parts 1, 2, 3, and 4 of said assessment rolls, in accordance with the provisions of an act of the Legislature entitled "An Act relative to the issue of Street Paving Bonds, approved June 2d 1887, and as amended approved May 3d, 1893, such bonds to bear interest at the rate of four per cent per annum."

MARSHAL H GODFREY

Accepted and leave being granted, the following resolution was offered:

By Ald. Koch.

Resolved, By the Common Council of the City of Detroit that it is deemed necessary to construct vitrified crock lateral sewers in the following alleys, to wit:

In alley in block bounded by Boulevard, Field, Canfield and Gratiot;

In alley in block bounded by Thirty-second, Thirty-first, Herbert and Devereaux.

In alley in block bounded by Seyburn, Van Dyke, Kercheval and Durand.

In alley in block bounded by Woodward, Oakland, Belmont and Trowbridge.

In alley in block bounded by Crane, Holcomb, Lewis and Dumontier,

In south side of Garfield between Dequindre and 250 feet east;

In Orchard street, between Trumbull and Eighth.

And it is hereby declared that this action is had under sections 42 and 43 of chapter 7 title 1, of the Charter of 1893, authorizing the Common Council to direct and regulate the construction of lateral sewers or drains for the purpose of more effectively draining all lots or grounds, yards and parts within the limits of said city, whenever in their opinion the same shall be necessary

Resolved That for the purpose of assessment for defraying and paying the cost of said vitrified crock lateral sewers the lots and parcels of real estate within the limits of an alley and abutting thereon through which said lateral sewers are ordered to be [illegible] feet [illegible] and to the same to be [illegible] and to be assessed [illegible] Assessment Roll for the lateral sewers so constructed

Resolved That the City Engineer [illegible] and he is hereby [illegible] make an assessment on the [illegible]

parcels of real estate within the limits of said lateral sewers and abutting thereon, according to the benefit said lots and parcels of real estate shall receive from said improvement.

Resolved, That the Board of Public Works be and is hereby ordered to advertise five times for proposals for constructing said lateral sewers.

Adopted as follows:

Gentlemen—The Board of Water Commissioners has notified the Board of Public Works that beginning with July 1st, they will furnish water for the period of one year for sprinkling around public places, on streets about to be swept by machines and on newly paved streets, the work which has been for years performed by the Board of Public Works, for the sum of $900.

Inasmuch as the estimate for moneys required for sprinkling purposes was stricken out by the Board of Estimates the Board of Public Works respectfully submits the proposition from the Board of Water Commissioners to your honorable body, with the suggestion that it be referred to the Committee on Ways and Means.

To the Honorable the Common Council:

Gentlemen—The Board of Public Works begs leave to suggest to your honorable body that resolutions authorizing the suspension of signs over the sidewalks should in all cases contain the provision that such signs shall be erected only after plans have been submitted to and approved by this Board, and a written permit issued for the same. Recently many resolutions have been adopted granting permission to erect signs "under the ordinance," without any reference to the Board of Public Works. The term "under the ordinance" is altogether too indefinite, and really does not mean anything, as thus used; but even if it be conceded to refer to the ordinance governing obstructions and areas, it leaves the interpretation of that ordinance to the property owner or sign maker—the latter interested only in putting the sign up in the cheapest possible manner, and getting his money for it. On May 1st a resolution was adopted by your honorable body granting permission to a party on Chene street to erect an ornamental sign, without any reference whatever to the ordinance, the supervision of the Board of Public Works, or any restrictions as to size, position, fastenings or character of sign, or provision for its future removal. Such a course can only lead to confusion, and eventually to the erection of numbers of flimsy and insecurely fastened signs, with numerous accidents as a natural result.

Respectfully submitted,

J. W. MILLEN,

President.

Gentlemen—We herewith transmit to your honorable body Assessment Roll No. 168 for widening, grading and paving Bagley avenue, from the pavement at Park street to the east line of Cass street.

The usual notice required by law has been given to the parties in interest, as will appear by the annexed notice and affidavit of publication. No person has appeared to object to said Roll, or to ask any correction thereof. We have, therefore, signed the same, and report it to your honorable body.

THE BOARD OF ASSESSORS,

By JOHN C. HARTE,

President.

Accepted, and leave being granted the following was offered:

By Ald. Moeller:

Resolved, That Assessment Roll No. 168 for widening, paving and grading Bagley avenue from the pavement at Park street to the east line of Cass street is hereby approved and confirmed, that the description of premises and the names of persons contained therein are received as correct, and that the sums which the said Assessment Roll states to be the correct ones which each individual or set of individuals should be assessed at and pay, be the assessment and be collected from the several persons liable to pay the same according to law.

Referred to Corporation Counsel.

From the Board of Water Commissioners.

To the Honorable the Common Council:

Gentlemen—Accompanying this please find bill for $1,120.00, being for water furnished the Detroit and Detroit Citizens' Street Railway Companies for sprinkling purposes, from June 27, 1897, to Oct. 30, 1899. Upon payment of this bill the Board of Water Commissioners agrees to furnish water for such purpose until June 30, 1900, without further charge.

Under an ordinance adopted by your honorable body June 20, 1897, you agreed to furnish the street railway company with water for sprinkling purposes but made no arrangement with the Board of Water Commissioners for payment for the same. This Board only knows the Detroit and Detroit Citizens' Street Railway Companies so far as the charge for use of water is concerned, but at a conference, at which were present the President of your honorable body, Hon. Robert Barrie, ex-President Ald. Beamer, the members of the Board of Public Works, the Controller, Mr. Du Pont, general manager of the street railway company, and a special committee of the Board of Water Commissioners, consisting of Commissioners D. D. Thorp and Benj.

To the Honorable the Common Council:

Gentlemen—Your Committee on Taxes to whom was referred the petition of Alice Hobart for permission to pay taxes without penalty and interest, respectfully report that we have carefully considered the matter and beg leave to state that the petitioner is the owner of lot 20 of Secor & Davis' sub of the south part of O. L. 54 of the St. Aubin Farm that said premises consist of a lot 20 1-2 feet front by 130 feet deep and fronts on an alley in the rear of the corner of St. Aubin and Forty avenues, that the buildings located thereon are not worth the money it would cost to tear them down, and that the assessed valuation of the lot is only $120.00, and about $400.00 for the buildings; that she came into possession of the same through the foreclosure of a mortgage she had thereon; that she was not aware that there were any back taxes due thereon until recently notified by the City Treasurer, that she has no other property of any kind and is the sole support of her mother.

Your Committee feel that the petitioner should be relieved from paying the penalty and interest due upon the assessments, from the time the same remain unpaid up to the time she came into possession of the same, being from 1896 to 1904 inclusive, and therefore recommend that the City Treasurer be instructed to receive the original amount of said taxes due upon said lot, and we herewith offer the following resolution.

To the Honorable the Common Council:

Gentlemen—Your Committee on Taxes, to whom was referred the petition of Geo. F. Case asking for the refunding of certain taxes, respectfully report that we have given the matter our most careful consideration and investigation, and beg leave to state that certain buildings located upon lot 16 and the west 27½ feet of lot 17, and east half of lot 15, Governor and Judges plan, a. a. Congress street, were destroyed by fire on the 9th day of June, 1898, that the money received from the insurance companies to cover the loss was used to pay off a mortgage against said building, that we submitted the matter to the Corporation Counsel, who advises us that in as much as the fiscal year does not begin until the first day of July and his buildings having burned on the 9th day of June prior thereto, it is not equitable that he should be compelled to pay taxes upon it when it is not in existence during any part of the year for which he is called upon to pay the taxes.

He states further that in his opinion said Case could maintain a bill to restrain the collection of taxes under such circumstances.

After considerable deliberation your committee are unanimously in favor of refunding to the petitioner the amount of taxes paid by him, being $114.82. We do not feel that any one should be compelled to pay taxes upon something that does not exist, more especially in this case, because the property in question was wiped out of existence before the rolls went into effect. We therefore recommend that the petitioner be refunded the amount paid by him, and we herewith offer the following resolution.

Respectfully submitted,
HOMER M GRAW.
OLIVER H GRUNOW.

SEVENTEENTH WARD.

By Ald. Smith:

Whereas, It has come to the knowledge of this body that a petition has been filed by parties out of the city, and in Grand Rapids, in the Supreme Court, for the alleged purpose of testing the law creating the State Tax Commission; and

Whereas, It is rumored that contained in said petition are questions similar to, if not identical with, the questions now before the Wayne Circuit Court in the case of the Detroit Citizens' Street Railway Co. vs. Common Council of the City of Detroit; and

Whereas, It appears that the attorneys for petitioner in said case have asked for leave to file briefs in with the Supreme Court in the aforesaid matter; and

Whereas, It may be necessary, for the protection of the City's interest, that counsel for the City be allowed and authorized to file briefs in said cause, provided it appears from a careful examination of said petition that any questions concerning the interests of this City are raised; therefore be it

Resolved, That Allan B. Morse be and he is hereby authorized to represent the City of Detroit in the Supreme Court in the aforesaid matter: provided, it appears on the petition filed in said cause that the City of Detroit is interested in the question raised.

Gentlemen—I hereby nominate, and respectfully request your honorable body to appoint Francis J Ducat as Clerk of Assessors for the term of two years, commencing July 1 1900.

Respectfully submitted,

WILLIAM C MAYBURY,

Mayor.

Accepted and laid on the table

FROM THE SAME

To the Honorable the Common Council

Gentlemen I am informed, and the published statement has not been denied, that the street railway tracks on Third avenue between Grand River and Ledyard street were laid by the City and are owned by the City and the title has never passed to nor has a permit been given to any street railway company to use those tracks. It also is, however, that the Citizens use these tracks, and they are now being used as a storage yard for the reception and distribution of freight The Board of Public Works which has heretofore assumed to give franchises in the streets of the City, has not attempted to give a franchise in this case, nor has it issued any permit It would appear therefore, that the use and occupation of this block by any street railway company is illegal and without authority

I would therefore suggest that the Committee on Streets be instructed to investigate this matter and if it be found that this state of affairs exists that the company or companies using these tracks be notified to vacate forthwith

I am informed, and believe that a great wrong is being perpetrated upon the citizens living along this street as well as the public and I would therefore suggest that your committee take prompt action in the matter

Respectfully submitted,

WILLIAM C. MAYBURY

Mayor

Accepted, and leave being granted the following resolution was offered.

By Ald Snow

Whereas It has come to the knowledge of the Common Council that the Detroit & Northwestern Street Railway Company is using the railway tracks on Third avenue, between Grand River and Ledyard as a freight depot with it any legal authority or permit, therefore be it

Resolved, That the Detroit Citizens' Street Railway Company be directed to forthwith vacate said street and discontinue the use of said tracks.

Ald Snow moved the adoption of the resolution

The following was offered as a substitute

By Ald McGraw

Resolved That the Board of Public Works be and is hereby requested to cause to be removed any cars found standing on tracks owned by the City of Third avenue between Grand River avenue and Ledyard street

On motion of Ald Steiger, the matter was then referred to the Committee on Streets

FROM THE SAME.

To the Honorable the Common Council

Gentlemen I have the honor to transmit herewith a letter from the Postmaster of Detroit in which he makes some suggestions with regard to the numbering of streets in the City of Detroit and in which he also calls attention to a number of errors in the numbering of houses on some of the streets I would respectfully recommend that the letter be referred to the proper committee for investigation and recommendation

BOOKBINDING

The Richmond & Backus Company	30	per ct
William Suckert & Sons	25	per ct

The last two bids were irregular in that Messrs Suckert did not sign the bond which they furnished, and Messrs Gregory, Mayer & Thom gave only their own bond with no sureties Neither of these bids were read at the time the bids were opened.

STATIONERY.

	Below Schedule
The Richmond & Backus Company	15 per ct
Gregory Mayer & Thom	12 1-2 per ct

The last bid was irregular, in that the firm did not give any sureties with their bond, and it was therefore not read when the bids were opened.

CARE OF CITY CLOCKS.

D. A McCormick $240 00 per year

ICE.

Houghten, French & Company . 12 cents per 100 pounds

FROM THE SAME

To the Honorable the Common Council

Gentlemen—I herewith present the bill of the Honorable William R Thompson, City Treasurer for $200 00 for the payment of indemnity bonds furnished by him to the city for his present term as City Treasurer to June 30 1900

The presentation of this bill raises a new question and it is for the city in its action on this bill to determine its policy on indemnity bonds furnished by city officers

On inquiry as far as I have learned the banks of the city and throughout the country all prefer to furnish the bonds for their employes and pay for them, and thus control not only the class of security furnished but also the particular security furnished in each case

In business circles it would seem that personal bonds in business were a thing of the past and so far as security is concerned the city certainly has an object lesson in its experience in its attempt to collect on the Leadbeater or the Tuite bonds

If the experience and policy of the world are of any value they certainly point to the furnishing of the bonds by the city

I send this bill to the Council without my approval for the reason that there are no funds in the treasury raised by taxation for the payment of such bills and further for the reason that the Common Council has never passed upon the question, or settled a policy therein

I recommend that this communication be referred to the Committee on Claims and Accounts A report is desired as soon as possible as we are to treat the close of the fiscal year

Respectfully

To the Honorable the Common Council:

Gentlemen—The Board of Public Works respectfully reports that the paving of (Alley No. 20) alley east of Twentieth street, between Rose street and M. C. R. R., under the contract confirmed the 18th day of July, 1899, is fully completed from the south curb line of Rose street to the east curb line of Twentieth street.

The pavement is of brick on concrete and has been examined by the Board of Public Works, and found to be in accordance with the contract and specifications for the same.

There is due the contractors for paving said alley as follows:

For intersections, etc., being the whole amount of work as far as completed $161.34

Respectfully submitted,

J. W. MILLEN,
President.

Accepted, and by unanimous consent Ald. Moeller offered the following:

Whereas, It appears from a communication from the Board of Public Works that the paving as per contract confirmed the 18th day of July, 1899, on (Alley No. 20) alley east of Twentieth street, between Rose and M. C. R. R., from the south curb line of Rose street to the east curb line of Twentieth street, has been fully completed; and

Whereas, Said alley has been examined by the Board of Public Works, and the paving of said alley has been found to have been done in accordance with the contract and specifications for the same, therefore

Resolved, First, That the said paving, within the limits above mentioned, be and is hereby accepted.

Resolved, Second, That the City Controller be and is hereby authorized to draw his warrant on the City Treasurer in payment of the intersections, etc., of said alley, to the amount of $161.34, the same being the full amount due the contractors from the city for paving said intersections, etc.

Adopted as follows:

Yeas—Ald. Atkinson, Biell, Coots, Fracher, Haarer, Hanajosten, Hilliger, Houghton, Joy, Knauss, Koch, Koenig, Lemke, McGraw, McGuire, Marx, Mayhew, Merrell, Miller, Moeller, Stelger, Tossy, Weibel, Weiler, Wildman and the President—20.

Nays—None.

FROM THE SAME.

To the Honorable the Common Council:

Gentlemen—The Board of Public Works respectfully reports that lateral sewers Nos. 1150, 1154, 1155, 1157, 1159 and 1162, heretofore ordered constructed, have been fully completed according to contracts and specifications therefor, and that all parties interested have been duly notified as required by ordinance, and the Board herewith transmits assessment rolls Nos. 6221, 6222, 6223, 6224, 6225 and 6226, for constructing said sewers and respectfully asks their approval and confirmation.

Respectfully submitted,

J. W. MILLEN,
President.

Accepted and leave being granted, the following resolution was offered:

By Ald. Koch:

Whereas, It appears from a communication from the Board of Public Works that lateral sewers:

No. 1150—In alley between Concord, Canton, Ferry, and Palmer;

No. 1154—In alleys between VanDyke and Maxwell avenues, Norvell street and Burnett avenue;

No. 1155—In alley between Oakland and Goodwin avenues, S. of Westminster avenue;

No. 1157—In alley between Thirty-third, Thirty-second, Rich and Horatio;

No. 1159—In alley between Concord, Canton, Kirby and Ferry avenues;

No. 1162—In alleys between Russell and Riopelle streets, Superior and Willis avenue;

Have been fully completed in accordance with the contracts and specifications for the same;

Whereas, No person has appeared to object to assessment rolls Nos. 6221, 6222, 6223, 6224, 6225 and 6226, and due notice having been given as required by ordinance;

Resolved, That the laterals above described are hereby accepted, and that said assessment rolls therefor are hereby approved and confirmed, and the Controller is hereby directed to place the same in the hands of the Receiver of Taxes for collection.

Referred to the Corporation Counsel.

FROM THE SAME.

To the Honorable the Common Council:

Gentlemen—In answer to the resolution of Ald. McGuire, adopted by your honorable body, the Board of Public Works begs leave to state that the 8-hour day is strictly observed in all its departments.

Respectfully submitted,

J. W. MILLEN,
President.

Accepted and referred to the Committee on Judiciary.

FROM THE SAME.

To the Honorable the Common Council:

Gentlemen—The original plans and specifications for the G. A. R. Memorial building, gotten up by Julius Hess, deceased, failed to contain a provision for elevator enclosures, bells and lights.

The attention of the Board of Public Works was called to the matter by the present architect in charge of the building, following which a meeting was held with the contractors, the City Controller, the architect and the Board of Public Works; the Public Building Committee having failed to put in an appearance. A proposition was submitted by the Gardner Elevator Co. of this city, who have the contract for putting in the elevator, agreeing to build the enclosures, as per photograp. attached, and put in the electric bells and lights, complete, for the sum of $575. The unanimous opinion of those present at the meeting was that the proposition was a reasonable one and should be accepted; and inasmuch as there is no surplus moneys in the G. A. R. Memorial building fund, this matter is submitted to your honorable body for consideration, with the suggestion that it be referred to the Committee on Ways and Means.

Respectfully submitted,
J. W. MILLEN,
President.

Accepted and referred to the Committee on Ways and Means.

FROM THE SAME.

To the Honorable the Common Council:

Gentlemen—At the request of your Special Committee, the Board of Public Works herewith respectfully submits blue print copies of all crossovers, turnouts, curves and switches, for which permits have been granted the different railway companies operating in the city.

Respectfully submitted,
J. W. MILLEN,
President.

Accepted and placed on file.

From the Commissioners of Parks and Boulevards.

To the Honorable the Common Council:

Gentlemen—At the last session of the Commissioners of Parks and Boulevards held June 11, the resolutions of Ald. Koch and Ald. McGuire were read, and by action of the Board, I was directed to inform your honorable body that the fountain in Campau park had been repaired and the water turned on and seats placed in Campau and Perrien Parks some time since.

Respectfully yours,
M. P. HURLBUT,
Sec'y and Gen'l Mngr.

Accepted and placed on file.

FROM THE SAME.

To the Honorable the Common Council:

Dear Sirs—The parade on Saturday, June 9, attracted large crowds of people in front of the City Hall and on Washington avenue, who tramped over the lawns and flower beds, doing many hundred dollars worth of damage, ruining nearly all of the planting in front of the City Hall, including many rare plants, and by the unanimous action of the Commissioners of Parks and Boulevards, I was directed to state the above facts to your honorable body, and to ask of you that you appropriate from some fund the sum of $ to replant the City Hall Lawn and to repair the damage done, as the funds of the Board for that purpose are exhausted.

Praying that your honorable body will give this your immediate consideration, I am

Respectfully yours,
M. P. HURLBUT,
Sec'y and Gen'l Mngr.

Accepted and referred to the Committee on Parks and Boulevards.

From the Board of Health.

Accepted and referred to the Committee on Health.

From the Clerk of the Recorder's Court.

To the Honorable the Common Council:

Gentlemen—I respectfully report to your honorable body that a jury duly impanelled in the Recorder's Court, in the matter of opening and extending Moore place from Vinewood avenue to Chope place, rendered a verdict in favor of said opening, June 3d, 1900, which was confirmed by the Court June 6th, 1900.

In accordance with the statute, I herewith transmit a certified copy of said verdict, and of the judgment of confirmation.

Respectfully,
JOHN A. GROGAN,
Clerk.

Accepted and referred to the Committee on Street Openings.

FROM THE SAME.

To the Honorable the Common Council:

Gentlemen—I respectfully report to your honorable body that a jury duly impanelled in the Recorder's Court, in the matter of opening and extending Eastern place from Vinewood avenue to Chope place, rendered a verdict in favor of said opening June 5th, 1900, which was confirmed by the Court June 11th, 1900.

In accordance with the statute, I herewith transmit a certified copy of said verdict, and of the judgment of confirmation.

Respectfully,
JOHN A. GROGAN,

To the Honorable the Common Council:

Gentlemen — Your Committee on Ways and Means, to whom was referred the communication from the City Controller relative to the lease for offices for the use of the Corporation Counsel and his assistants, respectfully report that we have carefully considered the several tenders made to the Controller, and beg leave to state that your committee are of the opinion that the offices should remain where they are at the present time until such time when there is sufficient room in the City Hall which in all probability will be within a year and a half to two years. We beg leave to state also that Mr. E. H. Doyle is willing to let the offices to the City of Detroit for such time as it may require them, fixing no definite time whatever as to their occupancy. We therefore recommend that the City Controller be instructed to enter into a contract with the Majestic Building Co. for the lease of said offices under such terms at the rate of $1 716 00 per annum, and we herewith offer the following resolution.

Respectfully submitted,
WALTER H. COOTE.
OSCAR B. MARX.
OLIVER H GRUNOW.

To the Honorable the Common Council:

Gentlemen — Your Committee on Claims and Accounts, to whom was referred the communication of the City Controller, submitting without approval the bill of Mr William B. Thompson, City Treasurer, for amount paid for indemnity bond for the two years ending June 30, 1900, respectfully report that we have given the subject careful consideration and find that it has become almost the universal rule for banks and other large corporations to bond their employes in the indemnity companies and pay the premium thereon; and we believe it would be for the interests of the City of Detroit to require all official bonds to be indemnity bonds, the city to pay the premium on the same.

We therefore recommend that the Committee on Ordinances be requested to draft an ordinance requiring all official bonds of the City of Detroit to be indemnity bonds, the city to pay the premium therefor;

And we further recommend that the bill of Mr Wm. B. Thompson for $300 be allowed, the same to be paid from the contingent fund.

Judiciary.

To the Honorable the Common Council:

Gentlemen—Your Committee on Judiciary, to whom was referred the communication from the Receiver of Taxes relative to assessments against certain individuals for City taxes due for the year 1896, upon bank stock, aggregating about $7,000.00, respectfully report that we have given the matter our careful consideration and beg leave to state that we are informed by the Corporation Counsel that about two years ago a case exactly similar to those now under consideration was decided in the Courts against the City, on the ground that the parties against

whom the assessments were made were non-residents of the City of Detroit and therefore could not be assessed. We therefore, recommend upon the advice of the Corporation Counsel that the Receiver of Taxes be instructed to cancel the same and we herewith offer the following resolution

To the Honorable the Common Council:

Gentlemen — Your Committee on Streets, to whom was referred the communication from the Board of Public Works relative to the adoption of resolutions authorizing the erection of signs etc respectfully report that we have given the matter our careful consideration, and beg leave to state that we are of the opinion that no signs of any kind or anything else that obstructs our public thoroughfares should be allowed to be erected, unless the work is performed under the supervision of the Board and in accordance with plans submitted to and approved by the Board of Public Works.

Your committee feel that the Board of Public Works should cause all obstructions now in the streets to be removed, unless the parties owning the same have permission from the Council or Board of Public Works allowing the same to be erected, but to be a little more lenient we suggest and ask that it be carried out by the Board that all parties not having the necessary permission be so notified and instructed to apply for the same immediately through the proper channels and avoid the unpleasantness of having their signs showcases etc. removed on account of not having the necessary permission

We might further suggest to the Board that in granting future requests they consider the matter of uniformity of sizes of signs to be erected

FROM THE SAME.

To the Honorable the Common Council:

Gentlemen — Your Committee on Taxes, to whom was referred the petition of Catherine Winters for the cancellation of a tax, respectfully report that we have carefully considered the matter and beg leave to state that the petitioner is the owner of the w ½ of lot 3, block 34, sub. of the w. ½ of P. C. 91, from German street to Railroad street, inclusive, Dubois farm, n. s. Cleveland street, that she is a widow and the sole support of the entire family; that the taxes upon the homestead remain unpaid for the year 1898, which occurred through an oversight caused by the death of her husband; that your committee feel satisfied after listening to all the evidence that this is a most worthy case, and the petitioner feeling satisfied to pay the original amount of the tax, we recommend that she be allowed so to do, and we herewith offer the following resolution.

Respectfully submitted,

HOMER M'GRAW.
OLIVER H. GRUNOW.
LOUIS E. TOSSY.

Accepted and leave being granted, the following resolution was offered.

By Ald. McGraw:

Resolved, That the City Treasurer be and he is hereby authorized and instructed to receive from Mrs. Catherine Winters the original amount of the taxes due (amounting to $9.00), according to his books, upon w ½ of lot 3, block 34, sub. of the w. ½ of P. C. 91, from German street to Railroad street, inclusive, Dubois farm, n. s. Cleveland street.

Adopted as follows:

Yeas—Ald. Atkinson, Biehl, Coots, Fracher, Haarer, Hanajosten, Hilliger, Houghton, Joy, Knauss, Koch, Koenig, Lemke, McGraw, McGuire, Marx, Mayhew, Merrell, Miller, Moeller,

Reinhardt, Schneider, Smith, Snow, Steiger, Tossy, Weibel, Weller, Wildman and the President—30.

Street Openings.

To the Honorable the Common Council

Gentlemen—Your Committee on Street Openings, to whom was referred the petition of Julia F. Owen for the vacation of a certain plat known as Visger & Sprague's subdivision of lots 1 to 17 inclusive of R. P. Toms' subdivision of that part of private claims 257 and 337 west of Cadillac avenue and between Mack and Shoemaker roads, and recorded in Liber 14 of Plats at page 55, respectfully report that they have examined into the facts and circumstances concerning the same and find that the facts stated in said petition are correct.

Your committee finds that on or about February 23, 1892, said petitioner made and executed a plat of said premises, which said plat is now of record in the Wayne County Register's office in Liber 16 of Plats on page 74, and is known as Albert Hesselbacher and Joseph S. Visger's subdivision of lots 1 to 17 inclusive of R. P. Toms' subdivision of that part of private claims 257 and 337 west of Cadillac avenue, and between Mack and Shoemaker avenues and that said plat before being recorded was duly approved by the City Engineer and corresponds to the plan of the City, so-called, that for some reason, at the time of the execution and recording of said plat, the former plat made in 1890 and known as Visger & Sprague's subdivision was not vacated and that the same now remains upon the record and should be vacated in order to clear the title to said property and to said last subdivision.

Your committee therefore respectfully recommends that the prayer of the petition be granted and submit herewith the proper resolution.

Respectfully submitted,

HOMER M. GRAW,
JOHN J. STEIGER,
LOUIS F. FRACKER.

Accepted, and on leave the following resolution was offered:

By Ald. McGraw.

Resolved, That the plat known as Visger & Sprague's subdivision of lots one (1) to seventeen (17) inclusive of R. P. Toms' subdivision of that part of private claims 257 and 337 west of Cadillac avenue and between the Mack and Shoemaker roads, recorded in Liber 14 of Plats on page 56, be and the same is hereby vacated so as to render perfect the record and plat of said property, known as Albert Hesselbacher and Joseph S. Visger's subdivision of said lots one (1) to seventeen (17) inclusive, etc., which said last plat is recorded in Liber 16 of Plats on page 74, Wayne County Register's office.

Laid on the table.

Printing.

To the Honorable the Common Council

Gentlemen—Your Committee on Printing, to whom was referred the communication of the City Controller submitting proposals for official, legal and job printing and for bookbinding and stationery, would respectfully report that we have considered the proposals, and find that the lowest bidders are as follows:

Ordinances.

To the Honorable the Common Council:

Gentlemen—Your Committee on Ordinances, to whom was referred back the ordinance relative to the solicitation of trade by storekeepers etc., in the City of Detroit respectfully report that we have carefully considered the same and had it re-drafted by the Corporation Counsel. We therefore recommend the adoption of the following substitute

Respectfully submitted,

J. J. HAARER
PETER KNAUSS
BASIL A. LEMKE

Accepted.

The ordinance having been read twice by title at a previous session, on motion of Ald. Haarer it was placed on the order of third reading

Ald. Haarer then offered the following as a substitute for the ordinance

It is hereby ordained by the people of the City of Detroit

Section 1. No merchant, agent, runner or other person within the limits of the City of Detroit, standing or remaining in any public street or standing or remaining in any doorway or other place adjacent to a public street, shall by calling attention by ringing of bells, blowing of horns or by reaching out into the street and using force solicit passers by to enter into any store nor shall any such person standing or remaining in any public street or in any doorway or other place adjacent to a public street seek by any of the means or methods heretofore enumerated to detain passers-by or to attract attention and trade to such store

Sec. 2. Any person violating any of the provisions of this ordinance shall be punished by a fine not to exceed one hundred dollars and costs, and in the imposition of any such fine and costs the court may make a further sentence that in default of the payment of such fine and costs the offender be imprisoned in the Detroit House of Correction or county jail for any period of time not

COMMUNICATIONS.

From the Mayor.

To the Honorable the Common Council:

Gentlemen—I hereby nominate, and respectfully request your honorable body to appoint, Doctor Otto Scherer a member of the Board of Poor Commissioners for the term of four years succeeding the 30th day of June next ensuing, and to be his own successor.

Respectfully submitted,
WILLIAM C. MAYBURY,
Mayor.

Accepted and laid on the table.

FROM THE SAME.

To the Honorable the Common Council:

Gentlemen—I would respectfully recommend that the order recently passed by your honorable body, directing that all applications for illumination of the Welcome Sign in front of the city hall should be passed upon by your honorable body, be somewhat modified. It often happens that it is desirable to place this sign at a time when your honorable body is not in session and when it would be necessary to call a special session of the Council. I would suggest, therefore, that your honorable body leave this matter in the hands of a special committee, consisting of the President of the Common Council, the Controller, and the Mayor of the City. This forms a committee easy of access, and at the same time sufficiently numerous to protect all interests. I trust that your honorable body will see fit to follow this suggestion.

Respectfully submitted,
WILLIAM C. MAYBURY,
Mayor.

Accepted and referred to Committee on Public Buildings.

Ald. Fracher entered and took his seat.

FROM THE SAME.

To the Honorable the Common Council:

Gentlemen—An application has been made to me for the illumination of the Welcome Sign in front of the City Hall, in honor of the Association of Railway Telegraph Superintendents, which holds its convention in this City beginning tomorrow. From what I know of the character of this Association, and the numbers expected to be present, I would respectfully recommend that this request be complied with.

Respectfully submitted,
WILLIAM C. MAYBURY,
Mayor.

Accepted and leave being granted, the following resolution was offered:

discreet from this office published by direction of your honorable body inviting proposals for heating the City Hall and Municipal Court Building with natural gas and furnishing and installing the natural gas burners and pipes and the necessary fittings in the five (5) boilers in the City Hall and the one (1) boiler in the Municipal Court Building the following proposals were received from the Detroit City Gas Company viz

For natural gas for the fiscal year ending June 30 1901, eighteen (18) cents per one thousand (1,000) cubic feet

For furnishing and installing the burners, pipes and necessary fittings to connect the burners with the natural gas service pipes, $45 00

I recommend the reference of this communication to the Committee on Public Buildings

Respectfully,
F A BLADES
Controller.

Accepted and recommendation concurred in

FROM THE SAME.

To the Honorable the Common Council:

Gentlemen—Your honorable body by resolution adopted June the 5th last authorized an expenditure of $250.00 for decorations for the City Hall for the reception of Admiral Dewey but did not specifically direct from what fund the money should be expended and as the former appropriation of $1 200 00 was made from the House of Correction moneys, and this appropriation of $200 00 being a proper charge against the Public Entertainment fund, I would recommend that the Controller be directed by resolution to transfer from the House of Correction moneys to the Public Entertainment fund the sum of $250 00 for this purpose

While the amount of the actual expenditure for decorations was only $183 75 there were some other expenses in connection with the grand stand which were a proper charge against this account, and which the $250.00 will cover

Respectfully submitted
F A BLADES,
Controller

Accepted and leave being granted, the following resolution was offered

By Ald Hatter

Resolved That the City Controller be and he is hereby directed and authorized to transfer from the moneys now in the City Treasury received from the House of Correction the sum of $250 00 for the purpose of paying the expenses contracted for the decorations on the City Hall during the reception of Admiral Dewey said appropriation having been authorized by this body by resolution adopted June 5th 1901

From the Corporation Counsel

To the Honorable the Common Council

Gentlemen—The assessment made to defray the cost of laying certain water pipes have been declared invalid by the supreme court

As they constitute a cloud upon the titles to the property assessed your honorable body should take steps to remove that cloud otherwise a bill in chancery will be begun for that purpose and the city subjected to costs The assessment rolls should be rescinded and the taxes thereon cancelled and the City Treasurer directed to make such entries as will show such cancellation.

Very respectfully

To the Honorable the Common Council

Gentlemen At a recent session of your honorable body a resolution was introduced by Ald Reinhardt and adopted, requesting the Board of Public Works to report to your honorable body on the advisability of laying a sewer on the east end of Rosedale street so that an outlet can be had with the sewer now in the east end of Iowa between Woodward avenue and Mt Vernon avenue on the north of Rosedale street. The resolution was referred to the Board of Public Works and a copy thereof was forwarded to the Board by the Clerk of your honorable body. The Board has given the matter due consideration and has instructed the Superintendent of Sewers to make an examination of the locality and report to the Board. In accordance with such instructions the Superintendent of Sewers has made such examination and reports that the sewer can be laid as requested by the Board by adopting the following grades and sizes of sewer:

Beginning at the intersection of the center line of Rosedale street with the center line of Woodward avenue, the grade of the sewer shall be 2 feet 6 inches below the established grade of the center of Woodward avenue at the point of intersection. From this point the sewer shall be laid on a grade of 1 foot fall in 100 feet to the center line of Mt Vernon avenue. The sewer shall be 12 inches in diameter from the point of intersection with Woodward avenue to the center line of Mt Vernon avenue. The sewer shall be laid in the center of Rosedale street. The Board has also instructed the Superintendent of Sewers to make an estimate of the cost of the sewer and report the same to the Board. The Superintendent of Sewers has made such estimate and reports that the cost of the sewer will be $1,000. The Board has also instructed the Superintendent of Sewers to make an estimate of the cost of the sewer and report the same to the Board. The Superintendent of Sewers has made such estimate and reports that the cost of the sewer will be $1,000.

Gentlemen -The communication of his Honor, the Mayor to your honorable body at its meeting, in regard to the use of the city's track in Third avenue, between Grand River and Ledyard by the Detroit & Northwestern Railway Co, contains the gratuitous statement that "the Board of Public Works has heretofore assumed to give franchises in the streets of the city." The Board hastens to reassure His Honor and the Common Council They have done nothing of the kind The present Board of Public Works has simply followed the system which has been in vogue for years past, and never before been questioned so far as they are aware, of granting permits for crossovers, turnouts, switches curves etc on the advice of the Corporation Counsel their only competent legal adviser that it was their right and duty to grant them, and that the companies were entitled to them under their origina franchises granted by the Common Council After the hands of the railway company had been tied by an injunction at the instance of your honorable body and was in the hands of the Circuit Court for determination, the Board of Public Works which is composed of law-abiding citizens, thought it wise to await the court's decision and kept its hands off the properties of the company This old straw has been thrashed over so often that the Board supposed its position was well understood by every citizen who reads and the statement of the chief executive to your honorable body came as a painful surprise

Public Buildings.

To the Honorable the Common Council

Gentlemen—Your Committee on Public Buildings to whom was referred the communication from the City Controller submitting proposals for care of city lodgers at the present time, respectfully report that we have examined the same and find that Oliver D. Hunt for taking care of the city's cases at $30 per year during the same as last year, and that Houghton, French & Co. are the lowest bidders for furnishing the city with ice for the ensuing fiscal year at 42 cents per cwt. We therefore are of the opinion that the interests of the city would be best subserved by allowing the contract to Oliver D. Hunt at the above price, and that the Controller be instructed to enter into a contract with the above parties for the use of the city's cases and for furnishing the ensuing fiscal year, and herewith offer the following resolution:

Respectfully submitted,
JOS. H. HANSJOSTEN
WM. KOENIG
J. T. MAYHEW

Accepted and the following resolutions were offered:

By Ald. Hansjosten:

Resolved, That the City Controller be and he is hereby authorized to enter into a contract with Oliver D. Hunt for the care of the city's cases for the fiscal year ending June 30, 1891, at the sum of $30.

Adopted as follows:

Yeas—Ald. Atkinson, Biehl, Coots, Delmel, Fracher, Grunow, Hauer, Hansjosten, Hilger, Houghton, Joy, Krauss, Koch, Koenig, Lemke, McGraw, McGuire, Mayhew, Merrell, Miller, Moeller, Peoples, Reinhardt, Schneider, Smith, Snow, Steiger, Tossy, Weibel, Weller and the President—31.

Sewers.

To the Honorable the Common Council.

Gentlemen—Your Committee on Sewers to whom was referred the petition of Hugh M. Carter, protesting against an assessment for the construction of a lateral sewer, respectfully report that we have given the matter our most careful consideration and beg leave to state that we can see no reason whatever why the petitioner should be relieved from the payment of any assessment for the construction of a lateral sewer in the rear of his property. The reason given by him, that he has given the city all the alleys and streets in the Carter subdivision free of charge and therefore cannot see why he should be assessed for sewers to be built therein, is unreasonable. We recommend that the prayer of the petitioner be denied.

Taxes.

To the Honorable the Common Council:

Gentlemen—Your Committee on Taxes to whom was referred the petition of Carl and Emilie Heinrich for the cancellation of certain taxes respectfully report that we have carefully considered the matter and beg leave to state the petitioners are the owners of lot 43, Pulte's sub. of south 209.65 feet of O. L. 25 and N. part of O. L. 25, George Hunt Farm, s. s. Cleveland street, that said lot and house thereon located have been exempt from the payment of taxes for some years prior to and including 1897 when through false misrepresentations your petitioners were persuaded to make a trade of said above described property for certain farming property which afterwards was found to be almost worthless, that through friends of the petitioners they again secured possession of their former homestead by assuming an indebtedness of $850 that since said exchange the property was again placed upon the assessment rolls, upon which the taxes are now past due for the years 1898 and 1899 that Carl Heinrich through a railroad accident has become an almost helpless cripple, having lost both legs, that he has a large family to support and but an exceedingly small income. Your committee feel after considering the testimony offered and after making personal investigations that the petitioners should be relieved from the payment of the taxes due for said years and we herewith offer the following resolution:

Respectfully submitted,
HOMER M. GRAW,
OLIVER H. GRUNOW,
LOUIS E. TUSSY.

Accepted and on leave the following resolution was offered:

By Ald. McGraw.

Resolved, That the City Treasurer be and he is hereby authorized and instructed to cancel the sale against lot 43, Pulte's sub. of S. 209.65 feet of O. L. 25 and N. part of O. L. 25, Geo. Hunt Farm, s. s. Cleveland street, for the taxes of 1898 and 1899.

Street Openings.

To the Honorable the Common Council.

Gentlemen—Your Committee on Street Openings to whom was referred the petition of C. Pohl for the opening of Kirby avenue from Hastings to Russell streets, respectfully report that we have carefully considered the matter, have listened to the testimony of the petitioner and feel satisfied that it is an absolute necessity that said street be opened. We therefore recommend that the resolution offered by Ald. Scovel at a session held on Jan. 3, 1898 (J. C. C. 976) be adopted.

Respectfully submitted,
HOMER M. GRAW,
JOHN J. STEIGER,
LOUIS F. FRACHER.

Accepted.

The recommendation was concurred in as follows.

Yeas—Ald. Atkinson, Biell, Coots, Dehmel, Fracher, Grunow, Haarer, Hansjosten, Hilger, Houghton, Joy, Knauss, Koch, Koenig, Lemke, McGraw, McGuire, Mayhew, Merrell, Miller, Moeller, Peoples, Reinhardt, Schneider, Smith, Snow, Steiger, Tussy, Weibel, Weller and the President—31.

FROM THE SAME.

To the Honorable the Common Council:

Gentlemen—Your Committee on Street Openings, to whom was referred the petition of Theresa A. [illegible], requesting the city to relinquish its rights in portions of a certain private alley running north and south in the block bounded by St. Aubin avenue, Wilkins, Brewster and Dubois streets, and in return therefor deed to the city of Detroit certain property to be used for alley purposes, respectfully report that we have carefully considered the matter and beg leave to state that the petitioner is the owner of the easterly 50 feet of the westerly 150 feet of said block; also the westerly 20 feet next adjoining on the east side of said last description and which is known on the plat of said block as a private alley, running north and south from Wilkins [illegible] the south side of Wilkins street, that he is desirous of having the city relinquish whatever rights it may have in certain portions of said private alley, hereinafter described and in lieu there-

for will deed to the city an alley lying further west, which in the opinion of the committee will be to the benefit of the estate's interest. We therefore recommend that the City of Detroit relinquish whatever rights it may have or claim in said portions of said private alley hereinafter described, provided the deed for the alley in place thereof is accepted and approved by the Committee on Ways and Means to which committee we recommend its reference, and we herewith offer the following resolution:

Respectfully submitted,
HOMER M'GRAW,
JOHN J. STEIGER,
LOUIS F. FRAUHER.

Accepted, and on leave the following resolution was offered:

By Ald McGraw.

Resolved, That the City of Detroit do hereby waive and relinquish whatever rights it may have in the following described pieces or parcels of land, to-wit: All that part of a private alley in the block east of St Aubin avenue and between Brewster and Wilkins streets as shown on the plat of L. St Aubin's Sub of O. L's 33 36 and 37 of the subdivision of the St Aubin Farm, described as follows: Commencing at the s w ly corner of lot 35 of the said sub thence N 28°, W 90 feet, thence S 64° W 20 feet, thence S 28°, E 90 feet, thence N 64°, E 20 feet to the place of beginning also all that part of the private alley aforesaid described as follows: Commencing at he s w ly corner of lot 65 of the said sub Thence N 26° W 90 feet, thence S 64° W. 20 feet, thence S 28°, E 90 feet, thence N 64° E 20 feet to the place of beginning.

Provided, The deed of Theresa A. Cullen to the City of Detroit, covering certain parcels or pieces of land to be used for alley purposes in place of the above described property is accepted and approved by the Committee on Ways and Means.

Adopted as follows:

Yeas—Ald Atkinson, Biell, Coots, Dewar, Frecher, Grunow, Haaren, Hutchinson, Hilger, Houghton, Jos Kennes, Koch, Koenig, Lemke, McGraw, McGuire, Mayhew, Merrell, Miller, Moeller, Peoples, Reinhardt, Schneider, Smith, Snow, Steiger, Tracy, Weibel, Weller and the President—31.

FROM THE SAME.

To the Honorable the Common Council:

Gentlemen—Your Committee on Street Openings to whom was referred the petition of Ald Marx relative to the widening of the alley in the block bounded by Kercheval, Belvedue, Beaufait and St Paul avenues respectfully report that we have carefully considered the matter and beg leave to state that the alley in question is not legally opened its entire length, but only up to the south line of St 69, situated on the w s Bellevue avenue that W. T. Bowen is the owner of lots 65 to 69 inclusive, and the N 24 feet of lot 64, fronting on Bellevue avenue, at that there are [illegible] of coal and wood sheds on the rear thereof, the lots being 25 feet deep, that the alley in question is not used by any other parties [illegible] the south part of block 4, Beaufait farm, there is plenty of room for any wagon to turn about in, as it will be seen by referring to the map that Mr Bowen has allowed a space of twenty feet in the rear of lot 64 expressly for such emergencies; that said Bowen does not desire to gain possession of the property, but simply desires the use of it, inasmuch as it expedites the handling of coal. There is also an alley running parallel with Kercheval avenue, lying in the rear of lots 59, 60 and 61, which although opened, is practically of no use whatever, for the reason that the entire one-half of the block lying west of the railroad tracks is used for a lumber storage yard by F. T. Sibley.

We might also state that there is a driveway lying immediately west of the tracks, which can be very easily connected with the alley lying in the rear of the property facing on Bellevue avenue, by planking the railroad tracks in the rear of lot 64, abutting on Bellevue avenue which would give a better thoroughfare than exists at the present time. In view of the existing conditions, your committee recommend that the Controller be instructed to enter into a lease with the aforesaid parties for the land in question so as to protect the said parties (W. T. Bowen and F. T. Sibley) for the alleys in question so as to protect the interests of the city said leases to be for a term of three years and for the consideration of $1.00 said property to be used for a coal and wood yard, provided, the parties hereinbefore mentioned construct the crosswalk across the tracks of the railroad company; and we herewith offer the following resolution.

Respectfully submitted,
HOMER M'GRAW.
JOHN J. STEIGER.

Accepted, and on leave the following resolutions were offered:

By Ald McGraw:

Resolved, That the City Controller be and he is hereby authorized and instructed to enter into a lease with W. T. W. ¼ private claim 19, Beaufait farm, west side Bellevue avenue said lease to be drawn to protect the interests of the City of Detroit so that the parties now occupying the same cannot obtain it through adverse possession said property to be used for a coal and wood yard.

Markets.

To the Honorable the Common Council:

Gentlemen—Your Committee on Markets to whom was referred the communication from the City Controller submitting proposals for the cleaning of the Eastern and Western Markets respectfully report that we have carefully considered the matter and beg leave to state that Thomas Baird is the only bidder for the cleaning of the Western Market at $37 50 per month This bid was made out for a period of three years, which occurred through an over-sight of the bidder but he is willing to enter into a contract for the same price for a period of one year

In reference to the bids received for the cleaning of the Eastern Market we beg to state that there were several received, ranging in price from $298 to $800 the lowest bid being at the rate of 83 cents per day for the work to be performed which in the opinion of the committee is too low a bid for the work to be done in the proper manner The holder of the present contract which expires on the 1st of July Mr Joseph Hillmer, bid $360 and from credentials furnished this committee by those living in the immediate neighborhood we feel satisfied that he should again be awarded the contract, being the same figure at which it was awarded to him last year

The Controller reported to the committee that he had not the slightest fault to find with him nor had he heard of any complaint whatever against said Hillmer as to inefficiency to do the work properly In view of this, your committee recommend that Thomas Baird be awarded the contract for the cleaning of the Western Market at $37 50 per month and Joseph Hillmer for the cleaning of the Eastern Market at $360 per annum and we herewith offer the following resolutions

Licenses.

To the Honorable the Common Council

Gentlemen—Your Committee on Licenses to whom was referred the resolution of Ald Grunow relative to the issuing of licenses to parties who are non-residents of the City of Detroit allowing them to peddle upon its streets respectfully report that we have carefully considered the matter and beg leave to state that we feel that if such is the case it should be stopped immediately

If these several parties are so desirous of peddling upon our streets and reaping whatever benefit they can therefrom let them take up their residence here and take out the citizenship papers We therefore recommend that the resolution offered by Ald Grunow at a session held on the 5th inst. Special.

To the Honorable, the Common Council

Gentlemen—Your Special Committee on the Dewey reception beg leave to report that we acted in co operation with the committee of citizens and the committee of the Fellowcraft Club in making all necessary arrangements for the reception of Admiral and Mrs. Dewey while in Detroit. The amount appropriated by your honorable body to defray the expenses of this reception, viz., $1,200.00, was not deemed sufficient and private contributions were requested and received. The amount received from private contributions has been filed the joint committee, having in charge the arrangements for the reception to pay all the bills incident thereto without drawing upon the full amount appropriated by the city.

We, therefore, beg leave to report that of the amount appropriated by the Common Council we have expended but $1,016.50 leaving a balance available for other purposes.

Respectfully submitted,
J. J. HAARER
RICHARD P. JOY,
WM. F. MOELLER,

Accepted and placed on file.

Special.

To the Honorable the Common Council:

Gentlemen—The special committee, consisting of the Mayor, the President of the Common Council, Controller, President of the Board of Police Commissioners and Ald. Reinhardt and Weber, having under consideration the petition of Hermine Keading for a pension as the widow of Policeman Ferdinand Keading, who died January 26, 1900, beg leave to report:

The committee met Thursday, June 14, 1900, at the Mayor's office but witnesses not being present an adjournment was taken until Friday, June 15, when the witnesses produced by Mrs. Keading were examined. A stenographic report of this testimony is attached hereto. The committee being in doubt as to whether the case made out by the petitioner fell within the provisions of the law providing pensions for the families of deceased officers decided to submit a copy of the testimony to the Corporation Counsel with a request for an opinion. The opinion of the Corporation Counsel was adverse to the claim of the petitioner and a copy of the opinion is attached hereto.

The committee held a further meeting on Monday, June 18, to consider the opinion of the Corporation Counsel and by a unanimous vote this opinion was followed and the petition of Hermine Keading was denied. Before adjourning, however, the committee adopted the resolution hereto attached.

Respectfully submitted,
WILLIAM C. MAYBURY,
Chairman.
ROBERT BARRIE
F. A. BLADES
OTTO R. STIERDT,
JOHN WEIBEL.

Accepted.

The motion of the committee was concurred in.

Whereas, The special committee appointed for the purpose of considering the claim of Mrs. Hermine Keading for a pension as the widow of Ferdinand Keading, formerly a police officer of the City of Detroit, having considered the testimony presented by Mrs. Keading, and having submitted the same to the Corporation Counsel, and

Whereas, The Corporation Counsel has given a written opinion, in which he states that after a careful review of the testimony in the case he does not believe that it comes within the letter or spirit of the act providing for the pensioning of the families of deceased officers, therefore, be it

Resolved, That it is the opinion of this committee that there is no authority under the act to grant the prayer of the petitioner, Hermine Keading, and the same is therefore denied.

Resolved, Further, That it is the opinion of this committee that the claim of Mrs. Keading presents many equitable grounds for relief and while the committee is prevented by the strict terms of the act from granting the relief sought the committee recommends the case of Mrs. Keading to employers of labor, to the end that situations may be secured for the son and daughter of petitioner in more profitable employment than they now have, and that members of the Council be requested with this committee to interest themselves in their behalf.

Placed on file.

Ordinance.

Unanimous consent being granted, Ald. Koenig presented the following

AN ORDINANCE to amend Section 1 of Chapter 122 of the Revised Ordinances of 1895, as amended by an ordinance approved May 25, 1897.

It is hereby ordained by the people of the city of Detroit:

Section 1. That Section 1 of chapter 122 of the Revised Ordinances of 1895, as amended by an ordinance approved June 2, 1896, be and the same is hereby amended so as to read as follows:

Section 1. The fire limits of the city of Detroit shall comprise and include all the territory of said city bounded and described as follows: All that part of said city bounded by a continuous line commencing at the intersection of the national boundary line with the center of Mt. Elliott avenue extended, thence northerly along said Mt. Resolutions.

SEVENTEENTH WARD.

By Ald. Smith:

Resolved, That the Board of Public Works be and is hereby authorized to issue a permit to Henry J. Unger to construct an area in front of his building located at 1846 Grattot avenue.

Provided, That said work shall be performed under the supervision of the Board of Public Works, and in accordance with plans submitted to and approved by said Board, and provided further that no rights in the public streets shall be considered waived by this permission which is granted expressly on the condition that said area and all obstructions in connection therewith shall be removed at any time when so directed by the Common Council.

Adopted as follows:

Yeas—Ald. Atkinson, Biehl, Coots, Dimmel, Fractor, Grunow, Hanjosten, Hilger, Hourston, Joy, Knauss, Koenig, Lemke, McGraw, McGuire, Mayhew, Merrell, Miller, Moeller, Peoples, Reichhardt, Schneider, Smith, Snow, Steiger, Tossy, Weibel, Weiler and the President—29.

Nays—None.

By Ald. Smith:

Resolved, That the Board of Public Works be and is hereby requested to consider the advisability of paving Field avenue from Mack avenue to Grand Trunk with cedar on concrete foundation, under the $200,000 clause of the Charter.

Referred to the Board of Public Works.

Ald. Smith and Peoples were excused.

By Ald. Hilger:

Resolved, That the Board of Public Works be and is hereby requested to construct a sidewalk to be laid on Baldwin avenue between Mack and Waterloo streets.

Referred to the Committee on Streets.

By Ald. Hilger:

Resolved, That the Board of Public Works be and is hereby requested to consider the advisability of paving

foundation, under the $200,000 clause of the charter.

Referred to the Board of Public Works.

SIXTEENTH WARD.

By Ald. Atkinson:

Resolved, That the Public Lighting Commission be and is requested to erect a pole light at intersection of Summit street and Wabash Railroad, this being a much used crossing and especially dangerous because of the fact that there is no light on Summit from River Road to Fort street.

Referred to the Public Lighting Commission.

By Ald. Biehl:

Resolved, That the Committee on Ordinances be and is hereby requested to consider the advisability of drafting an ordinance repealing an ordinance entitled "An ordinance to provide for the operation of cars upon the Fort Wayne & Belle Isle Railway Company's tracks from the intersection of the westerly city limits and Fort street, easterly to Clark avenue, and from the intersection of the westerly city limits and the River Road, easterly to Clark avenue, and upon Clark avenue, northerly to the intersection of said avenue and Fort street," also an ordinance entitled, "An ordinance to provide for the operation of cars upon that portion of the lines of the Fort Wayne & Belle Isle Railway Company lying east of Woodward avenue," and preserving in place thereof an entirely new ordinance covering the entire system.

F A BLADES,
Controller

Accepted and referred to Committee on Claims and Accounts

FROM THE SAME.

To the Honorable the Common Council:

Gentlemen—I am in receipt of a communication from the Water Commission relative to the appropriation by the City of one thousand dollars ($1,000.00) for the purpose of furnishing the charitable institutions of the City with free water for the ensuing year, which I submit herewith for such action as your honorable body may deem advisable.

Relative to the statement of the secretary that the charge for the year ending June 30, 1900, has not yet been paid, I will state that no bill has as yet been presented for such service.

I recommend the reference of this communication to the committee on Ways and Means.

Respectfully,
F. A. BLADES,
Controller.

The following is the communication referred to above:

The Board of Water Commissioners of the City of Detroit,
June 21, 1900.

Mr. F. A. Blades,
City Controller.

Dear Sir:—Inclosed you will find a list of the institutions in Detroit to which we furnish water on the payment by the city of the sum of $1,000.00 per year. I am instructed to inform you that this Board is ready to continue the same arrangement for another year beginning July 1st and await your pleasure.

Respectfully yours,
BENJ. F. GUINEY,
Secretary.

I take the liberty of calling your attention to the fact that you have not as yet paid this charge for the year ending June 30, 1900.

BENJ. F. GUINEY,
"Secretary."

The following are the institutions referred to, viz:

House of Good Shepherd, Grace Hospital Nurses' Home, Thompson Home, Industrial School, Young Woman's Home, St. Mary's Young Woman's Home, St. Luke's Hospital, St. Vincent's Orphan Asylum, Zoar Orphan Asylum, House of Providence, Protestant Orphan Asylum, Children's Free Hospital, Woman's Hospital, House of Industry, Deaconess' Home, Emergency Hospital, Home of the Friendless, Florence Crittenden Home, Polish Convent, Franklin Street Kindergarten, Wight Street Mission, St. Vincent's Asylum, Hospital, Little Sisters of the Poor, McGregor Mission, Home for Indigent Ladies, Art Museum, Newsboys' Home, Deaconess' Home, Linder street, Seaman's Home, Arnold Home for Incurables.

Accepted and referred to Committee on Ways and Means.

FROM THE SAME.

To the Honorable the Common Council:

Gentlemen—It gives me pleasure to hand you and the city officials the fifth issue of what has come to be known as the "Red Book," containing the detailed appropriations for the maintenance and improvement of the city government for the fiscal year ending June 30, 1901.

Respectfully,
F. A. BLADES,
Controller.

FROM THE SAME.

To the Honorable the Common Council:

Gentlemen—Your honorable body, by resolution adopted May 29th, 1900, directed the City Treasurer to cancel all the taxes for 1898 on property taken for the opening of Second avenue, but no action was taken on the state and county taxes for the same year, which were also assessed.

I am advised by the County Treasurer that these taxes cannot be canceled as are the city taxes but will have to be paid.

I therefore submit the same to your honorable body for such action as you may deem advisable.

Respectfully,
F. A. BLADES,
Controller.

Accepted and referred to the Committee on Taxes.

FROM THE SAME.

To the Honorable the Common Council:

Gentlemen—I herewith submit for your approval the several contracts referred to me for execution, as follows:

The Evening News Association, for official printing.

The Detroit Free Press, for legal printing.

The Richmond & Backus Company, for stationery.

The Richmond & Backus Company, for book binding.

The Thomas Smith Press, for job printing.

Thomas Baird, for cleaning the Western Market.

The Houghten-French Company, for ice.

David A. McCormick, for care of the city clocks.

Said contracts are certified as being correct in form and execution by the Corporation Counsel, and I respectfully request their approval and confirmation.

I recommend the reference of this communication, and that the several contracts be submitted to the Committee on Ways and Means.

Respectfully submitted,
F. A. BLADES,
Controller.

Accepted and referred to the Committee on Ways and Means.

FROM THE SAME.

To the Honorable the Common Council:

Gentlemen—An assessment was levied for the paving of Erskine street in 1899 in front of the property formerly occupied by the old reservoir and which stands in the name of the Water Commissioners, part one of this assessment, amounting to $568.73, was sold to the Treasurer last year for non-payment of taxes, the balance for parts two, three and four aggregating $1,406.34 make a total assessment against this property of $2,044.67.

The Water Board, on receipt of the notice from the Revenue of Taxes and Assessments, stating attention to the assessment stated that under the Charter the Water Board is exempt from any assess-

are generally paid from the General Road fund but as this property stands in the name of the Water Board though not now occupied by them I thought it best to ask your honorable body for special direction for paying these taxes

I recommend the reference of this communication to the Committee on Streets.

Respectfully,
F. A. BLADES
Controller

From the Corporation Counsel.

To the Honorable the Common Council:

Gentlemen In the proceedings for the opening of Mack avenue in 1894, the American Savings bank held a mortgage upon a portion of the property taken, and said bank was not made a party to the proceedings Messrs Barbour and Rexford attorneys for the bank have commenced a suit in the Circuit Court for the County of Wayne in chancery, and have obtained a decree of sale of the property now occupied as a street They now propose to settle with the city and their communication which I forwarded to the Common Council, has been referred to me. Upon investigation I learn that the bank has an interest to the amount of their mortgage which was originally $2,500 Two courses are open for the city, either to reopen the street and have the value of the mortgage interest determined by a jury or make a settlement of the case with the bank direct I would suggest that the matter be referred to the street opening committee, in order that the judgment of the committee may be secured as to what course is better to pursue

The following is the ordinance.

AN ORDINANCE to provide for the operation of cars upon the lines of the Fort Wayne & Belle Isle Railway Company

Whereas It is evident that the service now given by the Fort Wayne & Belle Isle Railway Company upon its lines of street railway is wholly inadequate, and that the public convenience requires that the cars upon said lines shall be run more frequently

It is hereby ordained by the People of the City of Detroit

Section 1. It shall be the duty of the Fort Wayne & Belle Isle Railway Company, its successors or assigns to furnish and provide sufficient cars so that an eight-minute service shall be given upon the lines of said road east of Woodward avenue so that an eight-minute service shall be given upon the lines of said road west of Clark avenue and so that a forty-minute service shall be given upon the lines of said road between Woodward avenue and Clark avenue Said service to be given from 7 o'clock a. m. to 11 o'clock p. m. then a forty-minute service

Sec. 2. For each and every day on which the Fort Wayne & Belle Isle Railway Company, its successors or assigns, shall neglect to provide the service herein ordered so to be done, may be compelled as for a distinct offense, and punished as hereinafter provided

Sec. 3. Any violation or failure to comply with the provisions and requirements of this ordinance shall be punished by a fine of not to exceed three hundred dollars and said fine when so imposed may be recovered from the person or corporation so convicted in an action of law in the proper court

Sec. 4. An ordinance entitled An Ordinance to provide for the operation of cars upon the Fort Wayne & Belle Isle Railway Company's line from the intersection of the westerly city limits and Fort street easterly to Clark avenue and from the intersection of the westerly city limits and the River road easterly to Clark avenue and upon Clark avenue northerly to the northern limit of said avenue and Fort street, approved January 28, 1901, and an ordinance entitled An Ordinance to provide for the operation of cars upon that portion of the lines of the Fort Wayne & Belle Isle Railway Company, passing cars of Woodward avenue, approved April 20, 1904, are hereby repealed

Sec. 5. This ordinance shall take immediate effect

F. A. BLADES
Controller

Accepted and referred to Committee on Claims and Accounts

FROM THE SAME

To the Honorable, the Common Council

Gentlemen: The Board of Estimates left in the estimates $900 for the care of the closets in the third floor of the City Hall and the Ladies Toilet Room in the basement. The service for the Ladies Toilet Room in the basement includes Sundays and holidays, or all 365 days, which at $1.50 per day amounts to

Per year	$547 50
The office place at $900 per week, amounts to per year	468 00
	$1,015 50
The amount allowed	900 00
Leaving the fund short	$115 50

Will the Council provide for this balance, or will they cut the pay from what it has been.

I think the Council should fix the pay of the two places, and also the pay of the janitor for the men's closet in the basement.

I respectfully recommend the reference of this communication to the proper committee for report.

Respectfully,
F. A. BLADES,
Controller.

Accepted and referred to Committee on Ways and Means.

FROM THE SAME

To the Honorable, the Common Council.

Gentlemen: In response to an advertisement for this office to file proposals for doing the General Printing of the City of Detroit for the ensuing fiscal year, the following was received, viz:

STREET PAVING BONDS.

These are special assessment bonds secured by assessments on abutting property; the faith and credit of the City of Detroit is pledged for their payment, and there being no provision in the law to the contrary, they are considered as being covered by the general debt limit, though previous to 1897 they were not so shown in the reports of this department.

The Deficiency Fund, created two years ago, shows by this report a good advance. By assessing only the amount allowed during the fiscal year and by setting them through the Council from back taxes to meet all claims against it, almost cash balance of $30,000. The fund is without doubt the greatest relief the wise law enacted in 1899 is bringing to the City Treasurer before a feed on the records.

Two years ago the questionable practice was begun of borrowing from moneys in the Treasury not raised by taxation for the benefit of the Real Estate Funds. I protested at the time and was accepted when I was told that the borrowing and repayments made such action absolutely necessary. This action has increased largely to past year, and at the end of June the Real Estate funds are $ 1 to the new to the other debt being from one quarter to one third. This year's operation, from which it must be paid.

This practice must be stopped by the Council. Statements show the period for the benefit streets there ghts and well and the street and sidewalk fund expended that it will last the year.

The Treasurer's Report for the city of Detroit as made for the past 50 years has been satisfactory to the over-sight of the office and has been the subject of careful observation by Mr. Howard C. Peck, Chief Examiner, conducting the preparation of the annual report. The law requires the Controller to lay before the Council a detailed statement of all receipts and moneys paid by the Treasurer during the year, which is also published in the proceedings of the Common Council every week. This provision of law was enacted for the purpose which at the time it was made.

This schedule occupies some 60 pages of the report, and in my opinion can be profitably omitted from the general statements, a saving of from $800 to $1,000 per year.

I would suggest that an amendment be obtained at the next session of the Legislature to prevail for a tabulated statement of the receipts and disbursements in place of a detailed schedule of accounts audited.

The municipal ownership of public utilities the revenue derived from corporations operating at the head of the monopoly of the privileges, the cost of operating for the safety and convenience and the rate of fare is the taxation, both general and special, are subjects which have attracted public attention in all the cities throughout the country. There is not a year in past but is flooded with reports on these subjects. Students of municipal economy the press, and even the governments have made extensive researches along these lines, the most thorough compilations being made by the Department of Labor under the direction of the Hon. Carroll D. Wright. The results obtained have, however, been secured with great difficulty and, in the case of the government, the Department of Labor could not have been compiled only after an expenditure of many thousands of dollars. A large portion of such information must of necessity be secured from the financial reports of the various cities. But few cities many of these reports contain figures and accounts in eligible to but few outside of the persons who prepared them, and much matter of great value for purposes of comparison is omitted entirely and nearly all are prepared with so strong bias thought of uniformity, in which to a great extent lies the value of municipal reports and which is the only true basis of comparison.

In these reports I have made a number of changes in the arrangement of this report, classifying receipts and expenditures by general purposes as well as by funds and placing in one column of totals together and adding a number of comparative tables of receipts and expenditures for the several items during the past five years.

While I do not hope to make the report one that it should be in one year, the arrangement of this present form and tables the improvements that will suggest themselves from time to time will in a few years, make the Controller's Report as complete and perfect a financial report as it is possible to obtain.

I trust that the rearrangement of the various tables, the comparisons and other new features added will commend themselves to your honorable body and to those who may have occasion to seek for information therein.

Respectfully
F. A. BLADES
Controller

Referred to Committee on Ways and Means

FROM THE SAME

To the Honorable the Common Council:

Gentlemen: I have the honor to inform you that pursuant to the authority in me vested by the pro-

a law department for the city of Detroit, approved June 1, 1885, I have appointed the following named assistants and clerks in said department, namely:

Chief Assistant—John W. McGrath.
Second Assistant—P J. M. Hally.
Third Assistant—Albert B. Hall.
Fourth Assistant—Charles E. Love.
Chief Clerk—Denton Guinness.
Copying Clerk—Douglas Cochrane.
Clerk provided for by Board of Estimates—Marcel Hude.

Pursuant to an ordinance adopted by your honorable body, approved Jan. 14, 1886, I have appointed Street Opening Clerk, William Dooley, Messenger, William Crudder. I respectfully ask the concurrence of your honorable body in the two last named appointments.

Very respectfully,
TIMOTHY E TARSNEY,
Corporation Counsel.

Accepted and laid on the table.

FROM THE SAME.

To the Honorable the Common Council:

Gentlemen—The case of E. W Voigt vs. The City of Detroit, which was brought to restrain the collection of an assessment to defray the cost of opening Second avenue and which was decided by the supreme court of the state in favor of the city, has been taken to the United States supreme court on a writ of error.

The case of R. A. Parker vs. The City of Detroit, brought in the United States circuit court to restrain the collection of an assessment to defray the cost of certain paving on Woodward avenue and on Blaine avenue, has been argued in that court and will be decided by Judge Swan, so that the cause may be removed to the United States supreme court in time to be placed on the calendar for the next term of that court.

It will be seen that, by these two cases, our entire system of local assessments to defray the cost of local improvements is attacked, and these cases therefore are of the gravest importance to the city.

This communication is submitted through the courtesy of the Hon. T. E. Tarsney, Corporation Counsel.

Very respectfully,
C. D. JOSLYN.

Accepted, and placed on file.

From the Board of Public Works.

Pursuant to the ordinance adopted by your honorable body approved Jan 1 1890 I have appointed Street Opening Clerk William Dooley Messenger William Cuddie I respectfully ask the concurrence of your honorable body in the two last named appointments

Very respectfully
TIMOTHY E TARSNEY,
Corporation Counsel

Accepted and laid on the table

FROM THE SAME

To the Honorable the Common Council

Gentlemen The case of E W Voigt vs The City of Detroit, which was brought to restrain the collection of an assessment to defray the cost of opening Second avenue and which was decided by the supreme court of the state in favor of the city has been taken to the United States supreme court on a writ of error

The case of R A Parker vs The City of Detroit brought in the United States circuit court to restrain the collection of an assessment to defray the cost of certain paving on Woodward avenue and on Baltic avenue has been argued in that court and will be decided by Judge Swan so that the case may be removed to the United States supreme court in time to be placed on the calendar for the next term of that court

It will be seen that by these two cases our entire system of local assessments to defray the cost of local improvements is attacked and these cases therefore are of the gravest importance to the city

This communication is submitted through the courtesy of the Hon T E Tarsney, Corporation Counsel

Very respectfully
C D JOSLYN

To the Honorable the Common Council

Gentlemen In accordance with the request of your honorable body requesting the Board of Health to cause an investigation to be made as to the sanitary condition of the premises located on the north side of Willis avenue between Moran and Ellery streets an examination thereof was made by the Board's Sanitary Engineer who reports as follows

"City of Detroit,
"Health Office,
"Detroit, Mich., June 21 1906.
"Heneage Gibbes, M D., Health Officer

"Dear Sir—On the north side of Willis avenue and east of Moran, the ground falls to the east, while the street is nearly level About the middle of the block the field to the east has been filled in, and thus a pocket has been formed between the sidewalk and lot line on the north, some 24 inches below grade and is a mud hole at present As this depression is on the public highway, it is a matter for the Public Works to deal with. The place needs draining Respectfully,
(Signed), "A B RAYMOND,
"Sanitary Engineer"

Whereupon, the following was adopted

"Resolved, That the report of the Sanitary Engineer hereon be accepted and that the secretary send a copy thereof to the honorable the Common Council with a statement that the Board of Health concurs in the recommendation therein contained."

Yours respectfully,
JOHN F M KINLAY,
Secretary

Gentlemen In accordance with the resolution of your honorable body requesting the Board of Health to cause an investigation to be made into the condition of the lot belonging to the Detroit Citizens' Street Railway Co., located on the corner of Second and Front streets, an examination thereof was made by the Board's Sanitary Engineer who reported as follows

City of Detroit,
Health Office Detroit, June 14, 1906.
Heneage Gibbes, M D., Health Officer

Dear Sir I made a personal inspection of the premises described in attached communication from the Common Council and as a result I found The cause of complaint is due very largely to the unsanitary condition of the alley lying to the north of said premises This alley is a cobblestone paved one, and badly out of repair It is full of hollows, which receive and hold drainage from manure and garbage along the alley and on this account is a nuisance The alley should be repaved with brick or asphalt So far as the lot is concerned, refuse is thrown upon it by some unknown parties, and I understand has been cleaned twice this spring by the railroad people The fence on the alley side of the lot is all down, allowing the refuse to run into the alley With the alley repaved and a proper fence built along the alley the nuisance would be abated The Board of Health should request the Board of Public Works to take the matter in hand and cause an abatement of said nuisance in compliance with attached communication

Respectfully
A B RAYMOND
Sanitary Engineer

Whereupon the following was adopted

Resolved, That in case the Com-

mon Council, on the recommendation of the Board of Public Works, sees fit to order the repaving of said alley, the Board of Health, relying on the report of its Sanitary Engineer aforesaid will, upon sanitary grounds, cheerfully concur in said recommendation

Yours respectfully,

The following is the ordinance.

AN ORDINANCE to amend an ordinance of the city of Detroit, approved Nov. 14, 1879, entitled 'An Ordinance supplementary to an ordinance entitled 'An Ordinance to permit certain persons to establish and locate certain railways in the city of Detroit,' approved Nov. 24, 1862, and the amendments thereto and for other purposes.

It is hereby ordained by the People of the City of Detroit:

Section 1. Subject to all the provisions and requirements of Chapter 15f of the Revised Ordinances of 1895, of the amendments thereto, and of an ordinance entitled 'An Ordinance supplementary to an ordinance entitled, An Ordinance to permit certain persons to establish and locate certain railways in the city of Detroit, approved Nov. 24, 1862, and **the amendments thereto, and for** other purposes approved Nov. 14, 1879, **the Detroit Citizens' Street Railway Co.**, its successors and assigns, are hereby authorized and permitted to lay, construct, use and operate a single street railway track on Second street between Jefferson avenue and Front street and to connect the same by a suitable curve with the south track of said railway on Jefferson avenue at a point ——— feet from the east line of said Second street and also to connect said track on Second street by suitable curves with the property of said railway company at the corner of Second and Front streets on the east side of Second street.

Sec. 2. This ordinance shall take effect when the said railway company shall have filed in the City Clerk's office its written acceptance hereof.

Read twice by title, ordered printed and referred to Committee on Franchises.

FROM THE SAME

To the Honorable the Common Council:

Gentlemen—Your Committee on Franchises to whom was referred the ordinance authorizing the extension of the line on Kercheval avenue from **its present terminus easterly to the** city limits, respectfully report that we have carefully considered the same and believing it to be to the best interests of those living in that locality, we recommend that the ordinance as presented at a session held on the 12th ult. be adopted.

Streets.

To the Honorable the Common Council

Gentlemen—Your Committee on Streets to whom was referred the petition of Geo R Angell Co for permission to hang advertising flag from No 216 Woodward avenue respectfully report that we have carefully considered the request and beg leave to state that we do not believe in allowing merchants to hang advertising banners in front of their place of business especially one of such proportion as is asked for by the petitioner We therefore recommend that the prayer of the petitioner be denied

Respectfully submitted,
WM F MOELLER,
MICHAEL MILLER
JOSEPH MERRELL.

Accepted and adopted

FROM THE SAME

To the Honorable the Common Council:

Gentlemen—Your Committee on Streets, to whom was referred the resolution of Ald Hilger requesting the Board of Public Works to cause a sidewalk to be laid on Baldwin from Mack avenue to Waterloo street, respectfully report that we have carefully considered the matter and beg leave to state that we are of the opinion that it is necessary that a sidewalk be constructed there In this regard we beg leave to state that there are undoubtedly a good many streets in the outskirts of the city upon which sidewalks are constructed but upon which the travel is comparatively light, and where the bare ground would do just as well in ordinary weather but that should not be taken into consideration It is the condition of the street in the winter and spring of the year, and after a heavy rainfall, that demands the building of sidewalks, so that the public don't have to walk in the mud Further than this we might also state that there is not a sidewalk extending from Mack to Waterloo, two blocks either way thereof We recommend that the sidewalk be constructed and herewith offer the following resolution

Respectfully submitted,
WM F MOELLER,
JOSEPH MERRELL

Accepted, and on leave, the following resolution was offered

By Ald Moeller

Resolved That the Board of Public Works be and is hereby instructed to cause a sidewalk to be laid on Baldwin avenue from Mack avenue to Waterloo street

Whereas, The city of Detroit pays out large amounts of money annually in payment of damages caused by falls upon defective sidewalks, which accidents would not occur or damage suits result therefrom if the sidewalks were constructed of some other material than wood, and

Whereas We believe that the time has come when some other material besides wood should be used for the construction thereof to diminish the number of accidents and lessen the number of lawsuits, and

Whereas We believe that all sidewalks should be constructed of stone or some other material equally as good the first expense thereof to be paid by the abutting property owner, and thereafter to be maintained and kept in repair at the city's expense, placing the sidewalks in the same category as is now provided for the paving and repaving of streets therefore be it

COMMUNICATIONS.

From the Mayor.

To th e Honorable the Common Council.

Gentlemen: I herewith return, without approval, that portion of the proceedings of your honorable body directing the payment of $814 82 to George F Case, moneys claimed to have been illegally collected from him for city taxes on his property in the year 1898.

The facts of the case, briefly stated are as follows. The building occupied by Mr Case as a livery stable on Congress street west was destroyed by fire in June, 1898 The assessment of city taxes for the fiscal year beginning July 1, 1899 had been completed at the time the fire took place. The building was insured to the extent of $50 000 and upwards This insurance was promptly paid to Mr Case, and, so far as my information goes, was the full value of the property destroyed, or, at least, was equal in amount to the assessed value of the property for taxing purposes It was claimed, on the part of Mr. Case, that the money received from the insurance on his property was turned over, in whole or a greater part thereof, to a mortgagee holding a lien on the destroyed property Mr Case petitioned a former Council for the cancellation of the tax referred to, which petition was allowed by the Common Council then sitting, but, on the interposition of a veto by the Mayor, proceedings of the Council were reconsidered and further action tabled or indefinitely postponed. The proceeding of the present Council is based upon a renewed petition presented on the part of Mr Case, for a refund of the money which he paid to the Receiver of Taxes in 1898, and which he claims to have been illegally exacted from him No new question is raised by his later petition not present in the former procedure I see therefore, no reason why my former action in withholding approval should not be reaffirmed

It is my contention that although the property of the petitioner was partially destroyed by fire the payment to him of the insurance thereon was an equivalent for the property destroyed and stood in the place there of, and consequently taxable. If it is either equitable or legal to release Mr Case from the tax upon property destroyed, then it must, with equal force, be contended that it was his duty to pay a tax upon the moneys which passed into his hands and which represented the value of the property. If Mr Case had not received in money the value of his destroyed property, it might be argued as a matter f equity that he should not be required to pay for property from which he could not thereafter receive any revenue, owing to its destruction but when the destruction of the property is accompanied by the immediate payment of its va ue in money no such equitable claim exists It is just as much an obligation to pay the taxes upon the money which represents the destroyed property as it was upon the property itself

These were my views as substantially expressed upon a former occasion in reviewing this matter and I see no reason for now changing the same

It is respectfully requested that your honorable body reconsider your action and re-refer the petition of Mr Case to the Committee on Taxes and Corporation Counsel for further review to the end that justice may be fully done to all parties concerned

Respectfully submitted
WILLIAM C MAYBURY,
Mayor

Accepted, and on motion of Ald Grunow the vote by which the resolution was adopted was reconsidered as follows:

Yeas—Ald Atkinson, Beamer, Biell, Fracher, Grunow, Haarer, Hanssjosten, Hinger, Houghton Joy, Knauss Koch, Koenig Lemke McGraw M Guire Marx, Mayhew Merrell, Miller Moeller, Peoples, Reinhardt, Schneller Smith, Snow, Steiger, Tossy Weibel Weiler, Wildman and the President—32.

Nays—None

Ald. Grunow then moved that the resolution be referred to the Committee on Taxes and Corporation Counsel, which motion prevailed.

FROM THE SAME

To the Honorable the Common Council.

Gentlemen—I herewith transmit to your honorable body a communication addressed to me by the Hon Frederick F Ingram, President of the Public Lighting Commission The subject matter of Mr. Ingram's communication is clearly and concisely expressed, And need not be repeated in this communication It is sufficient for my present purpose to say that the proposa, to lay, as soon as practicable, in the City of Detroit, conduits for the reception of all telephone telegraph and other wires, meets with my hearty approval The more the use of the streets are kept within public control, the better The step proposed is in my judgment in the right direction The less of interference there is on the part of private parties with our public highways, the less of inconvenience the public will suffer At the same time it is only proper and right that such public means should be provided for the accommodation of all conveniences intimately associated with the comfort and welfare of the community It is possible that the construction of conduits as suggested by the Board of Lighting Commissioners may not be practicable for financial reasons just at this time, but ample time can be employe l in preparing for this desirable change If a plan can be devised and adopted having the concurrence of the Common Council and Board of Lighting Commissioners, together with the Board of Public Works, the means to complete the work will be more easily secured from the estimators

I would, therefore, recommend the reference of this communication from the Board of Lighting Commissioners to the appropriate committee of your honorable body together with the Board of Works and Corporation Counsel to the end that such steps may be taken in the premises as may seem meet and proper

Respectfully submitted

Gentlemen—In reply to a notice from this office the following proposals for regrading, repaving, etc were received.

Fort street, from the east curb line of Elmwood avenue to the west curb line of Mt Elliott avenue, 28 feet wide (less single track), with cedar block on concrete foundation and Medina curbstone

H Merdian Co	$5,319 88

Wm Lappin	5,437 67
Arch Grant	5 296 62
J A Mercier	5,306 84
E K Roberts & Co.	4 967 67

On this street E K Roberts & Co are the lowest bidders at $4 967 67 but the Board unanimously decided to award the contract to the next lowest bidder Archibald Grant, at $5 296 62. The reason for this action of the Board is simply because Roberts & Co in the opinion of the Board, are irresponsible They now have two contracts under way, St Antoine High to Davison; Watson street Woodward avenue to Brush the time limit on the former being Aug 4, and on the latter July 31. The superintendent of the central district reported to the Board that from the present condition of those two thoroughfares it was not at all probable that either of them would be completed within the time mentioned The Board believes that firms that are not able or willing to push their work to completion within the specified time, should not be allowed to load themselves up with additional contracts thus making trouble for the Commissioners and the Common Council and causing no end of annoyance to property owners by having thoroughfares torn up, unnecessarily for weeks at a time The board has entered into a contract with Archibald Grant for the repaving of Fort street from Elmwood to Mt Elliott and asks the approval and confirmation of the same by your honorable body

Gentlemen—The Board of Public Works respectfully report that the paving of Boston Boulevard under the contract confirmed the 5th day of July, 1899 is fully completed from the east curb line of Woodward avenue to 10 feet west of east line of Brush street

The pavement is of macadam and has been examined by the Board of Public Works, and found to be in accordance with the contract and specifications for the same.

There is due the contractor for paving said Boston Boulevard as follows

For intersections etc	$3,092 93
Less estimate paid Nov 8, 1899, from repaving fund	1 000 00
being the whole amount of work as far as completed	2,092 93
For cost of advertising, blanks and Inspector s salary	78 00
Total amount . . .	$2,170 93

The Board would further respectfully request that the $1 00 paid Nov 8 to the contractor from the repaving fund be charged to the general road fund, and credited to the repaving fund.

Respectfully submitted
J W MILLEN

Ordinance.

The previous consent being granted the following was presented by Ald Miller

AN ORDINANCE to License and Regulate Traders and to License and Regulate the Putting up of All Certain Signs in the City of Detroit.

It is hereby ordained by the people of the City of Detroit

Section 1 That it shall be unlawful for any person or persons firm or corporation to establish in the city of Detroit a branch store or other concern for the transaction of a temporary business only or to retail or offer for sale any class of goods, wares, merchandise, by means of any placard or advertising sign in the style or form of "Bankrupt Stock" "Bankrupt Sale," "Assignee's Sale" Sale of Damaged Goods, "Closing Out Sale," "Receiver's Sale," "Fire Sale" or other form of words, which by their plain import are intended to convey the idea of a forced sale of such goods, or of an undersale of such goods so placarded or offered for sale shall before engaging in such temporary business or before putting up or displaying any such signs as hereinbefore mentioned pay into the City Treasury the sum of fifty dollars for the first month, or fraction thereof as a license for so doing, and after said first month the license fee shall be ten dollars per week or fraction thereof. The Mayor of the City of Detroit, or other officer having charge of such licensing shall upon the payment of the amount or amounts as aforesaid, issue to the person applying therefor a license in accordance with the above. Provided however That when said business shall have been in operation for a period of twenty (20) consecutive weeks then and thereafter no license fee shall be charged.

Sec 2 The provisions of this ordinance shall apply to all persons who are in the actual charge of any such stock of goods wares or merchandise or who make sales therefrom and to all persons who are in the actual charge of, or who make sales from any stock of goods wares or merchandise that shall be offered for sale by means of any of the kinds of placard or advertising signs as hereinbefore mentioned. Provided That nothing herein contained shall be held to require a license for the displaying of any sign by any officer of the law or other person who as the bona fide owner of a chattel mortgage undertakes to foreclose the same by selling the goods wares and merchandise upon which the same is a lien nor to any person acting under the order of any court or to the executors of wills of manufacturing or mercantile concerns offering their wares for sale in said city by sample or wholesale.

Sec 4 Every person violating the provisions of this ordinance shall be punished by a fine not exceeding $100 and costs of prosecu-

make a further sentence, that the offender may be imprisoned in the County Jail or Detroit House of Correction until such fine and costs are paid Provided, further That the term of such imprisonment shall not exceed six months

Sec 5 This ordinance shall take immediate effect

Read twice by title, ordered printed and referred to Committee on Ordinances

The following was also presented by Ald McGuire

AN ORDINANCE to amend section 2 of an ordinance entitled An Ordinance to amend section 2 of chapter 116 of the Revised Ordinances of 1895, relative to licenses for drays, trucks, wagons and other vehicles having two or more wheels" Approved April 14th, 1900.

It is hereby ordained by the People of the City of Detroit

Section 1 Section 2 of chapter 116 of the Revised Ordinances of 1895 is hereby amended so as to read as follows

Sec 2 The Mayor is hereby authorized to grant licenses to any resident of the City of Detroit and who is a citizen of the United States, to own and operate a public dray on his paying into the City Treasury the sum specified in this ordinance and executing a bond to the City of Detroit in the penal sum of fifty dollars with one or more sureties conditioned for the faithful observance of the Charter and Ordinances of said city and upon filing with the License Collector an affidavit subscribed by him on which he shall state the place of residence of himself and his family if he has a family and the length of time he has resided at such place.

Sec 2 This ordinance shall take immediate effect

Read twice by title ordered printed and referred to Committee on Ordinances

Health.

To the Honorable the Common Council

Gentlemen - Your Committee on Health to whom was referred the petition of A T Moran et al for the abatement of an alleged nuisance respectfully report that we have carefully considered the matter and beg leave to state our findings as follows The alleged nuisance referred to by the petitioners is the plant of the Barber Asphalt Paving Co located between Sullivan and Mayburn Grand avenues and the railroad that the soot smoke and fumes arising from the plant compel the petitioners to close up their homes wherever the winds blows in their direction which is not at uncomfortable as well as undesirable thing to do when the temperature stands in the eighties or nineties in the shade

We feel that it is unnecessary to dwell further upon the subject as we are not moved in the opinion after considering the testimony presented, that steps should be taken immediately to cause the removal and therefore recommend that the Corporation Counsel be instructed to commence the necessary proceedings therefor

Note—Each bidder will name in his bid a separate price on the six kinds of accepted brick, viz. Nelsonville, Metropolitan, Union Paver, Athens, Buckeye and Bolen Brown Granite.

The time to be set in the contracts for the completion of the above paving and repaving jobs shall be as follows:
Elizabeth street, Aug. 21, 1900.
Atwater street, Sept. 1, 1900.
Fort street, Aug. 31, 1900.
Should the Common Council fail to confirm any of the above on or before July 17, 1900, the date of completion shall be extended to cover any delay in confirmation beyond that date.

Said streets and avenues to be paved according to the specifications for brick on concrete, granite block on concrete and cedar block on concrete, adopted by the Common Council March 16, 1900; also to the estimates of the City Engineer as above, and the Charter and ordinances of the City of Detroit.

For the above work bidders will state the price per cubic yard for excavation, price per lineal foot for curbing, price per square yard for paving or concreting and price per lineal foot for retaining plank or stone, etc.

Bids will only be received for the entire of the work or material for any street or section of street as per quantities stated in the estimates and the bid will be accepted which is the lowest on aggregating the above detail, regardless of any error of extension or footings made by the bidders.

Each bidder must deposit with his bid, inclosed in a separate envelope, a certified bank check payable to the order of the Board of Public Works of the City of Detroit, as follows:

Elizabeth street	$150
Atwater street	500
Fort street	550

Which sum will be forfeited to the City of Detroit in case the bidder refuses or neglects to enter into contract for the work subject to confirmation by the Common Council, within five days after acceptance of his tender by the Board of Public Works. Checks deposited with rejected bids will be returned to the bidder on demand.

The bidder whose tender is accepted will be required to furnish with his contract an approved surety bond to the City of Detroit in the sum of 20 per cent of the contract price for the work conditioned on the full and faithful performance of his part of the contract.

No bids will be accepted from any person or firm who is in arrears to the City of Detroit upon debt or contract, or who is in default as surety or otherwise upon any obligation to said city.

On the proper execution of the contract bond the amount deposited with the tender will be returned to the contractor.

Printed specifications in detail for the above work are on file in the office of the Board, and copies thereof may be had on application to the Secretary.

The Board of Public Works expressly reserves the right to reject any or all proposals.

(2209) J. W. MILLEN,
President Board of Public Works.

NOTICE!

GENERAL CITY TAXES

for 1900.

CITY of Detroit, Office of the Receiver of Taxes, Detroit, July 2, 1900.

Notice is hereby given that the general tax rolls of the City of Detroit for the year 1900, have been deposited in this office, and that the amount of taxes therein assessed and specified are due, and may be paid at any time before the

31st Day of December Next.

No addition will be made to taxes paid before the first day of August next, but an addition of one per cent of every unpaid tax will be made thereto on that day and a like addition of one per cent every thirtieth day thereafter until such additions shall amount to six per cent of said tax: Provided, however, that when a person shall, on or before the twenty-fifth day of July, hand to the Receiver of Taxes a list of the property on which he wishes to pay the taxes, and shall be unable to pay said taxes before the first day of August on account of pressure of business in the Receiver's office, then he shall not be charged any percentage if he pays said taxes by the tenth day of August.

Parties handing in lists of descriptions from which to have made long receipts, are requested to file lists that can be retained in this office. Blank form for such lists will be furnished on application. The lists should be handed in early that the receipts may be made out and payments made before percentage is added August first.

The delay of taxpayers in furnishing their lists will not save them the addition the law imposes.

THOS. M. LUCKING,

Room 14 City Hall. Receiver of Taxes.

FROM THE SAME

To the Honorable the Common Council

Gentlemen I herewith transmit a communication from the Public Works Commissioner relative to the [illegible] Avenue Bridge Mayor [illegible] Ald Steiger [illegible] Ald Steiger [illegible] Ald Steiger

seems that the noise made by traffic on the avenue is a great detriment to the business of the street, and it is also claimed that the dust which gathers is carried by the winds into the stores, thereby greatly depreciating the value of the goods exposed to its evil effects. The petitioners are of the opinion that the granite on the avenue can be used on other thoroughfares more suitable for this class of pavement, and exchange it for a pavement which is more desirable and especially where the noise of traffic is not so great as that occasioned by the present rough stone surface. I cordially commend this matter to the consideration of the committee of your honorable body to which it may be referred, with the hope that relief may be granted the petitioners without large expense to the city, and through the medium of the exchange of materials as recommended.

Respectfully submitted,

WILLIAM C. MAYBURY,
Mayor.

FROM THE SAME

To the Honorable the Common Council

Gentlemen—On the third day of January 1899 Mr S B Miller of the Continental Match Company, through the City Clerk submitted an agreement between him and the City of Detroit for the closing of Boston street The communication was referred to the Committee on Ways and Means (see page 977 of the proceedings of the Common Council for 1898). On the same date the Committee on Street Openings made a report in favor of vacating Boston street on certain conditions (see report and resolution page 978 of the proceedings of 1898). Neither report nor resolution provided in any way for any city officer to sign any contract in this matter Some time in the early part of the month of June 1900 the Secretary of the Council Committees brought the contracts in their present form into this office to have them filed for safe keeping We noted that the contract was unsigned by any city officer and also that there was no indorsement on the contract as being correct in form by the Corporation Counsel to carry out the will of the Council and we refused to accept the papers On the 19th of June the Committee on Ways and Means reported on the papers in favor of accepting said agreement and directed them to be placed on file When they were offered at this office for filing we recognized the same difficulty as before that they were not ordered by the Corporation Counsel and were not signed by any city officer nor was there any provision in the report of the committee of June the 19th directing any city officer to sign them We were unwilling to file the papers in that condition and so wrote the Corporation Counsel on June the 21st submitting the contract prepared by Mr Miller and asked them if they would certify them as being correct

In reply to this letter of June 19th I have a letter from the Corporation Counsel, which reads:

"Office of the Corporation Counsel,
Detroit, Mich.,
July 11, 1900.

Hon F A Blades, Controller

Dear Sir—I find in this office a communication from you, of date June 21, addressed to my predecessor inclosing copy of a resolution passed by the Common Council January 3 1899 relative to vacating Boston street, together with accompanying agreements signed by S B Miller in which you request the indorsement of this department that they are correct

The resolution assumes to vacate a portion of Boston street and an alley described therein, provided the Continental Match Co. by agreement allows the owners of certain lots the use of an alley 20 feet wide extending from Second avenue to the east alley thereof, and containing other conditions

I have examined said resolution and accompanying contracts and am of opinion that such proceeding is entirely nugatory It is well settled that when the owner of a parcel of land plats the same into lots and lays out streets and alleys thereon dedicating the same to public use and recording the plat, the grantee acquires by such conveyance, not only the title to the lot conveyed but the right to the use of the ways dedicated for the purposes of ingress and egress and the beneficial use and enjoyment of the lot conveyed

Lot owners acquire a property interest of which they cannot be deprived without due process of law which means a judicial proceeding in which the lot owners interested may have an opportunity to be heard and in which compensation may be awarded if any of them sustain damage thereby

I therefore return the contracts without the approval of this department

Very respectfully yours,
(Signed)
TIMOTHY E TARSNEY
Corporation Counsel

The expression of the Corporation Counsel in his letter is so decided on the question of vacating streets and alleys that have been dedicated to public use, and as far reaching that I think the whole matter should be by the Common Council considered again and I therefore recommend that this communication, together with the contracts submitted by Mr Miller be referred to the Committee on Street Openings.

Respectfully,
F A BLADES

Accepted, and referred to Committee on Ways and Means

From the Corporation Counsel.

To the Honorable the Common Council

Gentlemen—I have the honor to inform you that on the 6th day of July, 1900 Eva M Bentlle commenced a suit in the circuit court for the county of Wayne by summons against the City of Detroit claiming damages, $2,000

July 12 1900 Charles H Lotz et al, filed a bill in the Circuit Court for the County of Wayne, in chancery vs The City of Detroit and the Board of Public Works and a temporary injunction was granted therein, enjoining the removal of a fence in the rear of lot 6 of subdivision of lots 82, 83 and 84 Van Dyke farm, in private claims 100 and 679 on westerly side of Van Dyke avenue

July 13 1900 a like suit as above was commenced by Alort A Martz vs The City of Detroit and the Board of Public Works in which a preliminary injunction was granted restraining the removal of fence in rear of lot 30 and part of lot 29 of Charles Bewick's subdivision of Van Dyke farm

July 13 Mabelle Williams filed her bill of complaint against the city and the Board of Public Works to restrain the removal of a fence in rear of lot 29 and part of lot 28, same subdivision as above

Pursuant to instructions of your honorable body I filed a bill of complaint in the Circuit Court for the County of Wayne in chancery in behalf of the City of Detroit as complainant vs The Detroit Citizens' Street Railway company to restrain the defendant named therein from carrying freight through the streets of said city between the hours of 8 a m and 5 p m and from loading and unloading freight from cars in the public streets

Very respectfully yours
TIMOTHY E TARSNEY,
Corporation Counsel

To the Honorable the Common Council

Gentlemen Some time ago the contract for the repaving of Park place east and west State to Clifford was awarded to Geo E Currie confirmed by your honorable body and the work commenced repaving to be done with Berea Brown Granite brick on concrete foundation

The firm handling that particular brick has notified the Board and the contractor that owing to the great demand they will be unable to furnish the material for Park place before the first week in August The time limit for the completion of the street is Aug 11 The contractor communicated with the Board in reference to the matter and the board has decided that he substitute of another brick would be proper in order that the work can proceed as Park place is a down town thoroughfare and should not be torn up for longer than absolutely necessary The contractor has arranged with the firm handling Medina brick to have enough material supplied to repave the street The Berea Brown brick and Medina brick are equally as good as Berea Brown Granite and suggest that your honorable body let the contract to us that brick The street is suppose to be ready for the brick surfacing at this time and if these repairs are granted the contractor will be able to complete the street within the time limit

FROM THE SAME

To the Honorable, the Common Council

Gentlemen—There are now six lowest town alleys under contract to be paved and repaved with vitrified brick on concrete foundation, on petitionary grounds, under the ordinance adopted in 1897

The question has been raised by one of the contractors as to the validity of the ordinance, claiming the same to be defective and that there is a question as to whether the assessments can be collected The Board submitted the matter to the Corporation Counsel for an opinion, a copy of which is given below and asks that the matter be referred to the Committee on Ordinances Inasmuch as the Board has been pressed by property owners to push the work on these alleys a report from the Committee at your next meeting would help the work along very much The opinion follows

'July 12 1898

'Mr Robert Y Ogg Secretary Board of Public Works

Dear Sir Your favor of July 7 1898 has been referred to me for reply by the Board requests the opinion of the department as to the validity of the ordinance approved Aug 17 1897 providing for the paving of alleys upon the recommendation of the Board of Public Works and the Board of Health

Two questions are raised

First As to the power of the Council to force the pavement of alleys when from sanitary and other reasons necessity requires such work to be done

Second Can the cost of the improvement be assessed upon the abutting property

Both of these questions must be answered in the affirmative It is a matter of common knowledge that it is almost impossible to keep a paved or badly paved alleys clean as long as they are, on many accounts the breeding localities I think it is within the power of the Council to regulate this situation, at least upon the recommendation of the Board of Public Works and the Board of Health to require the pavement of repairing of such alleys

Since the decision of our own Supreme Court in Cass Farm Co vs Detroit 7 Det Legal News 209 there can be no doubt as to the authority to assess the cost of the pavement upon abutting property according to the frontage

A more serious question presents itself I am informed that a copy of my opinion has been filed in the office of the Board of Public Works and that the City Clerk has been asked to file the same with the papers relating to the [illegible] alleys

[illegible]

it stops. In the ordinance as adopted by the Council, and approved by the Mayor the words, Shall constitute a local assessment district, follow the quotation above given See Journal, 1897 page 628

So that the ordinance as passed, was complete

The difficulty arises under the provision of the charter requiring all ordinances to be published which is as follows. All ordinances shall be published for three successive days in such official daily newspaper, and shall take effect in ten days after enactment, provided, however that the Common Council may fix and prescribe therein a different period and that no ordinance shall take effect before one publication thereof Charter Sec 106

The object of the publication is of course, to inform the public of its enactment By reference to page 716 of the Council Proceedings of 1897 it will be seen that the clause referred to was omitted in the publication of the ordinance. The ordinance as published, therefore, did not notify the public that the abutting property would constitute an assessment district

This omission raises a doubt as to the validity of the ordinance and before any other paving is done under its provisions I would advise the re-enactment of the ordinance and its publication

Very truly yours,
(Signed) JOHN W MURPHY,
Chief Assistant Corporation Counsel

To the Honorable the Common Council

Gentlemen The communication of the Committee on Sewers by your honorable body relative to the petition for a sewer in Dubois street from Larned to Maple was referred to the Board of Public Works The facts were set forth in the committee's report and show that Sheehan & Co who were the lowest bidders were unable to furnish a surety bond and the Board declined to enter into contract with the firm

After the matter had been referred back to the Board by your honorable body it was discussed at a special meeting and a decision reached that the contract be awarded to John Wagner who has furnished a proper surety bond with the Fidelity company The bid of Sheehan & Co was $10,275 and that of John Wagner $10,600 a difference of $325 00 The Board believes that nothing would be gained by re-advertising and feel that the contract should be given to John Wagner In order that time may be saved we have long since had work well under the foundations before completion

The Board begs leave to state that it has entered into contract with John Wagner for the building of the sewer in Dubois street and respectfully asks confirmation of the same

Respectfully submitted

Accepted and leave being granted the following resolution was offered By Ald Koch

Resolved That the contract entered into by the Board of Public Works with John Wagner for constructing a public sewer in Dubois street (Sec 2), from the north line of Larned street to the north line of Maple street be and the same is hereby approved and confirmed

Adopted as follows:

President

Accepted and leave being granted the following resolution was offered By Ald Koch:

Whereas It appears from a communication from the Board of Public Works that lateral sewers

No 1158 In north side of Gratiot avenue from Harper avenue to 180 feet west

No 1166 In alley between Scotten avenue and Campau street, south of Toledo avenue

No 1168 In Bellevue avenue, between Canfield and Gratiot avenues.

Have been fully completed in accordance with the contracts and specifications for the same

Whereas No person has appeared to object to assessment rolls Nos 6230, 6231 and 6232 and due notice having been given as required by ordinance

Resolved That the laterals above described are hereby accepted and that said assessment rolls thereof are hereby approved and confirmed and the Controller is hereby directed to place the same in the hands of the Receiver of Taxes for collection

To the Honorable the Common Council:

Gentlemen—The original plans and specifications for the G A R Memorial building, prepared by Julius Hess, deceased failed to contain any provision for electric light fixtures The attention of the board was called to the matter by the present architect, who submitted plans for the necessary fixtures which he estimated would cost in the neighborhood of $400 The amount of money allowed for the construction of the building will be completely used up and nothing left for any emergencies that may arise such as the failure to provide for electric light fixtures At the meeting of your honorable body held June 12 a similar communication was presented in refernce to elevator inclosures bells and lights which was referred to the Committee on Ways and Means The board respectfully asks that this matter of electric light fixtures be also referred to the same committee

The Committee on Public Buildings has turned over to the board a memorandum from the architect for necessaries to complete the Memorial building in addition to the item of electric light fixtures referred to above as follows

Rough floor in attic for storage purposes—2,000 feet

Steam pipe in attic to be covered with asbestos, to save heat and fuel

Platform in general post room, third floor

Steam pipe in cellar to be covered with asbestos to insure safety from fire

Provision for moving ashes from cellar

No estimate accompanies these different items, but in order that the matter may be cleared up this part of the communication should also be referred to the Committee on Ways and Means with the part referring to the electric lighting fixtures.

Streets.

To the Honorable the Common Council:

Gentlemen—Your Committee on Streets to whom was referred the communication from the City Engineer calling attention to an assessment levied against the Water Board for the paving of Leslie street in front of the property known as the old Reservoir grounds, respectfully report that we submitted the matter to the Corporation Counsel for his written opinion which in part states as follows

In any event Section 1 of the Act creating the Water Board expressly provided that the property of the Board whether within or without the limits of the city of Detroit shall be exempt from all taxes and assessments of every kind Under the provisions the property held by the Water Board is exempt from assessments from paving

Under the decision of the Corporation Counsel your committee see no course to pursue than to order the assessment paid.

To the Honorable the Common Council

Gentlemen Your Special Committee to whom was referred back the matter of vacating Bancroft avenue from Woodward avenue to Hamilton boulevard respectfully report that we have carefully considered the same and beg leave to state that we are of the opinion that it will be to the best interests of the city to vacate said street as outlined in a report of the Committee on Street Openings submitted at session held on May 1st 1900, (J C C 570) We appreciate the fact that we are giving valuable property to the abutting property owners but recommend that the resolution offered by Ald Steiger at the session above referred to be adopted

Respectfully submitted,

Special.

To the Honorable the Common Council

Gentlemen—Your Special Committee on Markets and Public Buildings to whom was referred the communication of the City Controller calling attention to the fact that he has received several proposals for the renting of the stores in the G A R Memorial and Market Building respectfully report that we have carefully considered the matter and beg leave to state that we submitted the matter to the Corporation Counsel to determine for just what purposes said stores could be rented and in reply received an opinion which in part is as follows:

"This property was dedicated to the public for market purposes Such dedication is a restriction to the use for which it was fairly intented to be dedicated, namely, for market purposes Such purposes are defined to include "A place for the sale of provisions and articles of daily consumption subject to a system of police regulations fixing market hours and other arrangements calculated to preserve the intercourse and insure the honesty of buyer and seller."

"For such purposes and under such regulations it is entirely competent for the city to lease the same or parts thereof We do not think under the dedication that the city can lease the stores therein for purposes that are purely private, where the business conducted would be entirely free from public surveillance, regulations or restraint."

In view of this opinion we recommend that the City Controller be instructed to advertise for proposals for the renting of said stores in accordance with the opinion furnished by the Corporation Counsel, and report the same back to this body for their further consideration.

Respectfully submitted

AN ORDINANCE to provide for the operation of cars upon the lines of the Fort Wayne & Belle Isle Railway Co.

Whereas, It is evident that the service now given by the Fort Wayne & Belle Isle Railway Company upon its lines of street railway is wholly inadequate, and the public convenience requires that the cars upon said lines shall be run more frequently.

It is hereby ordained by the People of the City of Detroit:

Section 1. It shall be the duty of the Fort Wayne & Belle Isle Railway Company, its successors or assigns, to furnish and provide sufficient cars so that an eight minute service shall be given upon the lines of said road east of Woodward avenue, so that an eight minute service shall be given upon the lines of said road west of Clark avenue, and so that a four minute service shall be given upon the lines of said road between Woodward avenue and Clark avenue. Said service to be given from 7:00 o'clock a. m. to 11 o'clock p. m., this forty minute service.

Sec. 2. For each and every day on which the Fort Wayne & Belle Isle Railway Company, its successors or assigns, shall neglect to provide the service herein ordered, said company may be compelled to do so by any court of competent jurisdiction, and for each and every day's neglect to provide such service, said company shall be liable to a penalty of not less than one hundred dollars, to be recovered in an action of law in the proper court.

Sec. 3. Any violation or failure to comply with the provisions and requirements of this ordinance shall be punished by a fine of not to exceed three hundred dollars, and said fine, when so imposed, may be recovered from the person or corporation so convicted in an action of law in the proper court.

Sec. 4. An ordinance entitled 'An Ordinance to provide for the operation of cars upon the Fort Wayne & Belle Isle Railway Company's tracks from the intersection of the westerly city limits and Fort street easterly to Clark avenue, and from the intersection of the westerly city limits and the River road easterly to Clark avenue and upon Clark avenue northerly to the intersection of said avenue and Fort street,' approved January 2d, 1900, and an ordinance entitled 'An Ordinance to provide for the operation of cars upon that portion of the lines of the Fort Wayne & Belle Isle Railway Company lying east of Woodward avenue,' approved April 3, 1900, are hereby repealed.

Sec. 5. This ordinance shall take immediate effect.

Approved July 13, 1900.

WILLIAM C. MAYBURY,
Mayor.

Attest:
JOHN A. SCHMID,
City Clerk.

(Official papers please copy.)

AN ORDINANCE to regulate the solicitation by storekeepers, their agents and runners of passers-by on the public streets in the City of Detroit.

It is hereby ordained by the people of the City of Detroit:

Section 1. No merchant, agent, runner or other person within the limits of the City of Detroit standing or remaining in any public street or standing or remaining in any doorway or other place adjacent to a public street, shall by calls, cries, ringing of bells, blowing of horns or by reaching out into the street and using force, coax or persuade or endeavor to coax or persuade any person standing or remaining in any public street or in any doorway or other place adjacent to a public street, near by any of the means or methods hereinbefore enumerated to deal or trade with such store.

Sec. 2. Any person violating any of the provisions of this ordinance shall be punished by a fine not to exceed one hundred dollars and costs, and in the imposition of any such fine and costs the court may make a further sentence that in default of the payment of such fine and costs the offender be imprisoned in the Detroit House of Correction or county jail for any period of time not exceeding six months.

Sec. 3. This ordinance shall take immediate effect.

Approved June 19th, 1900.

COMMUNICATIONS.

From the Mayor.

To the Honorable the Common Council

Gentlemen—I herewith return without approval that portion of the proceedings of your honorable body adopting the resolution vacating the portion of the alley abutting lots 81, 82, 83, 84, 85, 86, 87, 88 and 90 of William C Maybury's subdivision of lot 17 of Theodore J and Denis J Campau's plat of the subdivision of fractional sections 29 and 32, Detroit Wayne county Michigan. The object in vacating the alley in the resolution of your honorable body is for the purpose of providing for the location of the Hervey C Parke school, the erection of which has been ordered by the Board of Education. Some of the property owners residing on [illegible] property abutting the alley in the block described have entered a protest against the vacation of a portion of the alley described, claiming that it will do them injury for which they have had no compensation, nor have they been permitted to present their claims for damages in any proceeding or court of justice. I am advised by the Assistant Corporation Counsel that the action of your honorable body in the premises is not legal, as it interferes with the vested rights of the owners of abutting property. The opinion of the Assistant Corporation Counsel is

herewith appended for the further information of your honorable body It is evident that if the action of your honorable body is persisted in and steps taken to erect the school, injunction proceedings will follow, and litigation thereby precipitated upon the city, in which the city will be the losing party. Again, however desirable it may be to erect the school in question at this time and upon the particular site chosen, no justification whatever could be presented for trespassing upon the property rights of the individual citizen, and to usurp his rights without authority of law would not have a shadow of right or justice At the time the school location was offered to the Board of Education, it was represented that all parties having property abutting upon the alley were satisfied with the closing of a portion thereof, and especially in view of the outlet proposed to be given in lieu of the portion taken It appears, however, that there is dissatisfaction on the part of one or more of the owners, and the protest of one is as effective as the protest of many in this matter The owner of the smallest portion of said block is entitled to have his rights respected by the city as well as if he had been the owner of the greater portion of the property abutting on said alley.

I would, therefore, respectfully recommend that your honorable body reconsider your action in the premises, with the hope and expectation that some amicable arrangement may be made by, which the rights of the protesting party or parties may be met and the erection of the school proceed without unreasonable delay If, however, it be impossible, without legal procedure, to obtain the consent of all parties, then it becomes an important matter for reference to the Board of Education to decide whether it will abide the event of such legal proceedings or proceed to purchase some other convenient location for the school in question

Respectfully submitted,
WILLIAM C MAYBURY,
Mayor.

Accepted and on motion of Ald Grunow the vote by which the resolution was adopted was reconsidered as follows

Yeas—Ald Atkinson, Beamer, Biell, Coats, Delmol, Fracher, Grunow, Haarer, Hansjosten, Hilliger, Houghton, Joy, Krause, Koch, Kreig, Lemke, McGraw McGuire Marx, Mayhew Merriam Miller, Mueller, Peeples, Reinhardt Schneider Snow Steiger Tossy Weibel Wildman, and the President [illegible] 32

F A BLADES,
Controller.

Accepted, and referred to the Committee on Claims and Accounts.

FROM THE SAME

To the Honorable the Common Council:

Gentlemen—I herewith send to your honorable body, without my approval, sundry bills of the Board of Water Commissioners of the city of Detroit, viz:

Bills for the Board of Public Works, for the Eastern and Western Markets for the City Hall and for the Municipal Court Building, aggregating $206 81.

This is for water used during the fiscal year closing June 30, 1900. My reason for sending you the same without my approval is that the estimate, for at least a portion of the money to pay these bills, is in the estimates which I submitted to the Common Council on March 13, 1900. The same was cut out by the Board of Estimates, and there is no money in the treasury provided for that purpose that I know of.

I recommend that this communication be submitted to the Committee on Ways and Means.

Respectfully submitted,
F A BLADES,
Controller.

Accepted and referred to Committee on Ways and Means.

From the Corporation Counsel.

To the Honorable the Common Council:

Gentlemen—In reference to assessment rolls for lateral sewer No. 1134, in alleys north of Grand Boulevard and west of McClellan avenue to the north line of lot 43;

Lateral sewer, No. 1135, in alleys north of Grand avenue from McClellan to alley east of May avenue;

Lateral sewer No. 1149, in alleys between Junction avenue, Thirty-first street, Otis and Ingersoll streets;

Lateral sewer No. 1150, in alleys between Concord, Canton, Ferry and Palmer avenues;

Lateral sewer No. 1154, in alley between Van Dyke, Maxwell, Northville street and Burnett avenue;

Lateral sewer No. 1155, in alley between Oakland and Goodwin avenues, south of Westminster avenue;

Lateral sewer, No. 1157, in alley between Thirty-third, Thirty-second, Rich and Horatio streets;

Lateral sewer, No. 1160, in alley between Concord, Canton avenue, Kirby and Ferry avenues;

Lateral sewer No. 1163, in alleys between Russell and Riopelle streets, Superior street and Willis avenue.

We suggest that the assessment rolls for the above sewers be referred back to the Committee on Sewers by your honorable body.

Yours truly,
P J M HALLY,
Assistant Corporation Counsel.

Accepted, and on motion of Ald. Koch the several resolutions confirming assessment rolls above mentioned were referred to Committee on Sewers.

FROM THE SAME

To the Honorable the Common Council:

Gentlemen—By resolution of your honorable body adopted June 19, 1900, this department was instructed to commence such proceedings as may be necessary to prevent the occupation of the track on Third street, between Grand River avenue and Ledyard street, by the Citizens' Street Railway Co.

I have examined the subject matter thereof and have arrived at the conclusion that the interest of the city can be well protected without resort to legal proceedings. The city owns the track and the railway company is not entitled to use it without permission from the city. The unauthorized use can be readily prevented by blocking the switches and grooves, and thus preventing the operation of cars thereon.

I think it good policy to refrain from involving the city in unnecessary litigation and therefore respectfully recommend that your honorable body authorize and instruct the Board of Public Works to place in the switches and grooves such obstructions as may be necessary to prevent the operation of cars upon said section of railway.

I believe this remedy will prove adequate but if it is necessary I have a bill already prepared that will be filed without further instructions. I remain,

Very respectfully,
TIMOTHY E TARSNEY,
Corporation Counsel.

Accepted and referred to Committee on Streets.

From the Board of Public Works.

To the Honorable the Common Council:

Gentlemen—The Board of Public Works to whom was referred the following resolution asking consideration of the matter of paving streets within the limits named in the charter as permitting the paving of streets to be contracted for by the foot, without the consent of abutting property owners, to wit:

Resolved, That Grand Boulevard from Grand Trunk railroad to Grand River avenue, from Woodward to Cass Avenue, from

Cass to Second, Porter, from Hubbard to Vinewood, Sixth, from Selden to Forest. Respectfully recommend that Maybury Grand, Sixth and Porter streets be paved with cedar on concrete, and that Ferry and Antoinette be paved with asphalt on concrete under the clause of the charter referred to. It is estimated that these improvements will cost respectively as follows:

Maybury Grand, from north line of Grand Trunk railroad to south curb line Grand River (with cedar on concrete)	$16,640 00
Ferry, from asphalt at Woodward to east curb line of Cass (with asphalt on concrete)	4,534 00
Antoinette, from west curb line Cass to asphalt line at Second (asphalt on concrete)	4,771 25
Porter from east curb line of Hubbard to the west curb line of Vinewood (cedar on concrete)	1,600 00
Sixth from north curb line of Selden to south curb line Forest	9,632 00

Respectfully submitted,
J. W. MILLEN,
MARSHALL H. GODFREY.

Accepted, and leave being granted, the following resolutions were offered.

By Ald. Moeller:

Resolved, That Maybury Grand avenue be and the same is hereby ordered to be graded and paved from Grand Trunk R. R. to Grand River avenue, and that said avenue within said limits be paved with cedar on concrete foundation, 26 feet wide, Medina curbstone, according to the specifications adopted by the Common Council, and the estimates of the City Engineer and it is hereby declared that this action is had under that clause of the City Charter authorizing the Common Council to annually enter into contracts for the grading, paving, etc., of streets, alleys and public places, the cost of which will not exceed in the aggregate $200,000, without the petition of the holders of the larger portion of the real estate directly abutting upon the portions of the street or alley proposed to be improved.

Resolved, That for the purpose of assessment for defraying and paying the cost of grading, paving and curbing Maybury Grand avenue from the north curb line of the Grand Trunk R. R. to the south curb line of Grand River avenue, the lots and parcels of real estate situated on said avenue embraced within said limits and fronting the portion of said avenue ordered to be improved by said grading, paving, etc., shall be, and the same are hereby constituted and declared to be one local assessment district.

Resolved, That the City Engineer be, and is hereby ordered and directed to ascertain and report to both the City Assessor and Board of Public Works according to the form and the ordinances in such case made and provided the quantities of work and materials required for grading and paving said avenue within said limits as follows:

1. The quantity of all grading, paving, curbing and other work on said avenue within said limits, excepting the said portions of said street con-

2. The quantity of all grading, paving and other work of each portion of said avenue included and embraced within the lines of intersection of the cross streets and alleys with said avenue.

3. The quantity of all crosswalks at each intersection of said avenue with the cross streets and alleys.

Resolved, That as soon as the Board shall receive the report of the City Engineer showing the quantity of the grading, paving, curbing, crosswalks, material and other work required as above provided on said avenue, said Board shall, and is hereby ordered and directed to advertise five times for proposals for grading, paving, crosswalks curbing and materials, and improving said avenue in accordance with the resolutions and proceedings above provided, and the provision of the charter and ordinances of the city of Detroit.

The Board has entered into contract with the lowest bidder in each case and asks approval and confirmation of same by your honorable body.

In reference to the three sections of Mack avenue contracts for which have been awarded to Arch. Grant, total amount being $3[illegible],4[illegible]3, a complication has arisen with the street railway company which holds a franchise in Mack the entire length of the proposed pavement.

The matter will be best understood by a perusal of the communications received by the Board from the street railway manager and from the Corporation Counsel, which the Board desires to submit herewith to your honorable body and will await your action in the matter.

From the Citizens' Street Ry. Co.

In view of the fact that there has been some talk of paving the outer portion of Mack avenue this year, we deem it our duty to advise you that owing to circumstances now confronting us we shall not be able to re-build and pave on that portion of Mack avenue during the present season. Should your honorable body determine to proceed with the paving, we would be able to move the present track next to the curb of the street and substitute there with, in order to avoid interruption of the car service, but the expense of laying and paving a new track will be as far as we are interested have to be deferred. We would hope to be so situated that we could proceed with the regular re-

struction of this track during the year 1901.

"We have already had to provide this year for the expenditure of more than $50,000 on new tracks, powerhouse enlargements and new cars, and we are unable to incur additional expenditures for such accounts.

"Yours truly,
(Signed) "A. B. DU PONT,
"Manager."

From the Corporation Counsel.

"Replying to your communication of yesterday in re Mack avenue, I have the honor to inform you that it is the opinion of this department that the Board of Public Works do not possess the authority to waive the provisions of Sec. 3 of the ordinance, relative to paving by street railway companies, approved April 2, 1895, which provides that when the Council 'shall order the paving or repaving of any street, the Board of Public Works shall * * * notify the street railway company of such order of the Common Council, and it shall thereupon be the duty of such street railway company to pave or repave its portion of the street at the same time as the work shall be done on the remainder of the street, and the same shall be completed contemporaneously with the street paving or repaving.'

"Very respectfully yours,
(Signed) "T. E. TARSNEY,
"Corporation Counsel."

Accepted, and leave being granted the following resolution was offered

By Ald Koch

Resolved By the Common Council of the City of Detroit that it is deemed necessary to construct vitrified clay lateral sewers in the following alleys to wit

In alley west of St Aubin and south of Gratiot

In alley in block bounded by Collins Moran, Leland and Alexandrine

In alley in block bounded by Collins Moran, Illinois and Leland where not already constructed.

In alley in block bounded by Morrow street St Aubin Clay and Marston avenues

In alley between Collins Moran Piquette and Boone;

In alley in block bounded by Concord Canton Medbury and Lambert

In alley in block bounded by Maxwell Stephens Gratiot and Mosher

In alley in block bounded by Campau

street, Pleasant avenue, Wabash railroad and land owned by Swain estate.

And it is hereby declared that this action is had under sections 42 and 43 of chapter 7, title 1, of the charter of 1893, authorizing the Common Council to direct and regulate the construction of lateral sewers or drains for the purpose of more effectively draining all lots or cellars, yards and sinks within the limits of said city, whenever in their opinion the same shall be necessary.

Resolved, That for the purpose of assessment for defraying and paying the cost of said vitrified crock lateral sewers, the lots and parcels of real estate within the limits of said alleys and abutting thereon through which said lateral sewers are ordered to be constructed, shall be and the same is hereby constituted and declared to be one local assessment district for the lateral sewers so constructed.

Resolved, That the City Engineer be and he is hereby ordered and directed to make an assessment on the lots and parcels of real estate within the limits of said lateral sewers and abutting thereon according to the benefit said lots and parcels of real estate shall receive from said improvement.

Resolved, That the Board of Public Works be and is hereby ordered to advertise five times for proposals for constructing said lateral sewers.

Adopted as follows:

Yeas—Ald. Atkinson, Beamer, Bieli, Coots, Delmel, Fracher, Haarer, Hanselman, Hillger, Houghton, Joy, Kraus, Koch, Koenig, Lemke, McGraw, McGuire, Marx, Mayhew, Merrell, Miller, Moeller, Peoples, Reinhardt, Schneider, Snow, Stelger, Tossy, Weber, Wildman and the President pro tem.—31.

FROM THE SAME.

To the Honorable the Common Council.

Gentlemen—The Board of Public Works respectfully reports that lateral sewers Nos. 1159, 1161, 1165 and 1180, heretofore ordered constructed, have been fully completed according to contracts and specifications therefor, and that all parties interested have been duly notified as required by ordinance. The Board herewith transmits assessment rolls Nos. 623, 634, 635 and 636, for constructing said sewers and respectfully asks their approval and confirmation.

Respectfully submitted,
J. W. MILLEN,
President.

Accepted and leave being granted, the following resolution was offered:

By Ald. Koch:

Whereas, It appears from a communication from the Board of Public Works that lateral sewers

No. 1159, In alley between Chene street and Grand avenue, Ferry and Palmer avenues.

No. 1161, In alley between Cameron avenue, Russell street, Haigh and Alger avenue.

No. 1165, In alley west of Oakland, between Hotchkiss and Josephine.

No. 1180, In southerly end of Orchard street, between Trumbull avenue and Eighth street,

Have been fully completed in accordance with the contracts and specifications for the same.

And, Whereas, No protest has appeared to said assessment rolls Nos. 623, 634, 635 and 636, and due notice having been given as required by ordinance,

Resolved, That the laterals above described are hereby accepted, and that said assessment rolls therefor are hereby approved and confirmed, and the Controller is hereby directed to place the same in the hands of the Receiver of Taxes for collection.

Referred to the Committee on Sewers.

FROM THE SAME.

To the Honorable the Common Council.

Gentlemen—A Committee of the Knights of Pythias has waited upon the Board of Public Works a number of times in reference to obtaining sewerage in the neighborhood of Field avenue and the Boulevard extending from Champlain street north as far as Mack, for the benefit of the encampment that is to be stationed in that part of the city in the near future. Plans were prepared by the City Engineer and an estimate for the work furnished, showing that the cost will approximate $1,000. It is estimated that from 17,000 to 20,000 men will be encamped there for a period of at least one week, and from a sanitary standpoint there is no question but what drainage facilities will have to be provided. The request of the committee is that the city do the work. The Board feels that before anything is done in the matter by them it ought to be submitted to your honorable body. Inasmuch as the time for the encampment is near at hand, it is absolutely necessary that the matter be taken up and some decision arrived at by the Council at once. The Board of Health has notified this Board that the plan proposed is feasible and necessary for the preservation of the health of the men at the encampment.

Respectfully submitted,
J. W. MILLEN,
President.

Accepted and referred to the Committee on Sewers.

Franchises.

To the Honorable the Common Council:

Gentlemen—Your Committee on Franchises to whom was referred the resolution of Ald. Fracher requesting the various street railway companies to consider the acceptance of a new 30-year franchise according to the lines in the city at certain rates of fare, respectfully report that we have carefully considered the matter and beg leave to state to your honorable body that we believe the best course to pursue is for this body to authorize the

sentatives of the Street Railway Co. to ascertain if the company would accept a franchise drawn upon the lines set forth in the resolution following this report. If the acceptance of such a franchise by said company is assured then your committee recommends that the question of granting such a franchise be submitted to the electors of the city of Detroit, and upon the approval of said electors a franchise be carefully drawn, including the following features, to wit:

1st. That the companies now holding franchises for the operation of street railways in the city of Detroit forfeit the same upon the acceptance of a new franchise hereinafter outlined.

2nd. That the company be authorized and empowered to construct and operate street railway lines in the city on all the streets where street railway lines now exist for a period of 30 years from the date of acceptance.

3rd. That the rate of fare be five cents per single fare, three tickets for 10 cents, or eight tickets for 25 cents, with universal transfers.

4th. That extensions of lines be provided for in such a manner as to insure adequate street railway facilities in all parts of the city; and

5th. That the said franchise be first submitted to the electors of the city of Detroit and be by said electors approved or rejected. This last provision being made so as to know definitely whether or not such a proposition is favorable to the people. We herewith offer the following resolution.

Respectfully submitted,
FRED W. SMITH,
OSCAR B. MARX,
W. H. BEAMER,
WM. HILLGER,
WM. C. HOUGHTON.

Accepted and on leave the following resolution was offered:

By Ald. Marx:

Resolved, That it be the sense of this body that a franchise be offered to the Detroit Citizens' Street Railway Co., for a period of 30 years, said franchise covering all the existing lines holding franchises for the operation of street railways in the city of Detroit, upon the following terms and conditions:

That the rate of fare be five cents per single fare, three tickets for 10 cents or eight tickets for 25 cents, with universal transfers.

That extensions of lines be provided for in such a manner as to insure adequate street railway facilities in all parts of the city, and further that the acceptance thereof is contingent upon the approval or rejection by the electors of the city of Detroit.

That the Committee on Franchises be and is hereby authorized to confer with the representatives of the street railway company to ascertain if said company will accept a franchise on the lines above set forth.

Laid on the table.

Grade Separation.

To the Honorable the Common Council:

Gentlemen - Your Committee on Grade Separation, to whom was referred the matter of separation of grades in the city of Detroit, beg leave to report that we have received through his honor the Mayor two oral propositions from Mr. Henry B. Ledyard, president of the M. C. R. R. Co., in reference to the separation of grades.

The first proposition refers wholly to the Woodward avenue situation, where the railway company propose to elevate their tracks seven feet above the present level of the tracks, to construct an ornamental viaduct and to pay the entire cost of such work, including the depression of the street and restoration of the pavement. The city to bear the entire expense of damages to abutting property occasioned by the depression of the street and construction of the viaduct.

The second proposition refers to the territory on either side of Woodward avenue between West Detroit and the junctions on the east side. This proposition is the same as the first as far as the division of the expense is concerned, but the conditions at different crossings between the above mentioned points vary so much that we are unable to make any recommendation at this time, but we wish to express the opinion that in view of the manifestly fair proposition in reference to Woodward avenue that these conditions will be met with a spirit of fairness that will insure a speedy inauguration and completion of the great work.

Your committee therefore recommend that the first proposition covering the work at Woodward avenue be accepted and the Corporation Counsel be requested to draft a contract to be entered into with the Michigan Central, Lake Shore & Michigan Southern, and Grand Trunk railroads, upon the lines of the first mentioned proposition, and report the same back to this Council for its further consideration.

Respectfully submitted,
W. H. BEAMER,
WALTER H. COOTS,
JOSEPH MERRELL,
JOHN WEIBEL.

Public Buildings.

To the Honorable the Common Council

Gentlemen—Your Committee on Public Buildings to whom was referred the communication from the Board of Public Works calling attention to several minor necessities in the G A R building before the same can be occupied by the G A R Posts or stores rented respectfully report that we have carefully considered the matter and beg leave to state that upon investigation we find that the fixtures are indispensable for the renting of the stores and the occupancy of the apartments above them

Your committee feels that while this part of the work is being done, that the other necessaries referred to be also provided so that the building will be in proper shape

We therefore recommend that the Board be instructed to receive bids for the fixtures, covering of pipes in basement, floor in attic etc and award the contract to the lowest responsible bidder, and we herewith offer the following resolution

Respectfully submitted,

Taxes.

To the Honorable the Common Council

Gentlemen—Your Committee on Taxes to whom was referred the petition of E W Pendleton, Agent for the refunding of a tax, respectfully report that we have carefully considered the matter and find that upon the 25th day of March, 1898 Jasper N Dodge conveyed to Abbie S Austin, for whom the aforesaid petitioner is the agent, lot 25 of the subdivision of [illegible]

side Canfield avenue, that said conveyance was duly recorded on the aforesaid date, that said property, as it now appears, is taxed upon its valuation in the sum of $44 03 and that there is also assessed a personal mortgage tax upon said premises in the sum of $34 93, that it also appears that a mortgage existed upon these premises which became merged in the conveyance to said Abbie S Austin, upon which the last mentioned tax was levied, but which on the other hand should not have been so done because said mortgage was discharged immediately after the date of conveyance Your committee feel that said assessment upon said mortgage is unjust from the fact that it was discharged prior to the time the assessment rolls were under consideration and therefore recommend that the petitioner be refunded said tax and herewith offer the following resolution

Ordinances.

To the Honorable the Common Council:

Gentlemen—Your Committee on Ordinances to whom was referred the communication from the Board of Public Works calling attention to an ordinance entitled "An ordinance to provide for the grading and paving or regrading and repaving of alleys in the City of Detroit," respectfully report that we have carefully considered the matter and recommend, upon the advice of the Corporation Counsel, that the ordinance be re-enacted and republished

Respectfully submitted,
J J HAARER,
PETER KNAUSS,
BASIL A LEMKE

Accepted.

The following is the ordinance

AN ORDINANCE to provide for the grading and paving or regrading and repaving of alleys in the city of Detroit

It is hereby ordained by the people of the city of Detroit:

Section 1 Alleys in the city of Detroit may be ordered to be graded and paved or, if already paved may be ordered regraded and pavement relaid or repaved when necessary by resolution of the Common Council upon the recommendation of the Board of Public Works and the Board of Health

Provided, That the Common Council shall not, in any one year, enter into contracts for the grading and paving of streets, alleys and public places, the cost of which will exceed in the aggregate two hundred thousand dollars, except upon the petition of holders of the larger portion of the real estate directly abutting upon the portions of the street or alley proposed to be improved.

Sec 2. When the alley is ordered graded and paved or regraded, repaved or relaid, the resolution shall declare generally that it is ordered that the alley within specified limits be graded and paved, and shall direct what kind of pavement may be advertised for, and when an alley is ordered regraded and the pavement relaid, said resolution shall declare generally that it is ordered that the alley be regraded and the pavement relaid, and in each case the resolution shall declare further that, for the purpose of assessment to defray the expense of such improvement, the lots and parcels of real estate abutting on, or adjoining so much of said alley as is ordered to be improved, in each block through which said alley to be paved may run, shall constitute a local assessment district.

Sec 3. The City Engineer, upon the passage of the resolution establishing a local assesament district or local assessment districts as provided in section two shall forthwith proceed to ascertain the quantities of work and materials requisite to the improvement so ordered and to estimate the expense of advertising and of blanks and of the inspection of the work during its progress, and also an estimate of the expense of the publication of the notice hereinafter provided for, in each of said assessment districts, numbering each district in the order fixed by the resolution of the Council, and shall make a report of the same in duplicate, over his signature, as near as may be, and shall deliver one to the Board of Assessors and one to the Board of Public Works.

Sec 4 It shall be the duty of the Board of Public Works, as soon as they receive the report of the engineer as in section 3 provided, to proceed to advertise for five days, unless otherwise ordered by resolution of the Common Council in the official paper of the city for bids for making such improvements, with the kind of pavement if any, they shall have been directed to advertise for by the Common Council and as required by the City Charter Such advertisement shall specify the time and place when and

where such bids shall be opened by the Board of Public Works, in the presence of such persons as shall choose to be present and the Board of Public Works may enter into contract with the lowest responsible bidder, subject to confirmation by the Common Council Provided, That if the proposed improvement includes more than one assessment district, the bidder shall be required to make a separate proposal for the work embraced in each assessment district, and in such case the bids shall be considered separately although the entire work, if awarded to a single bidder, may be covered and embraced in one contract, which shall designate the sum to be paid for the work in each district, and provided further, that said board may reject all proposals received, and readvertise for others, if in its judgment the public interests require such action

Sec. 5. Upon the report of the contract made by the Board of Public Works as above provided, the Common Council may by resolution confirm or reject the contract or contracts reported by the board and in case of rejection the Common Council may direct further advertisement for other bids. Such contracts shall contain the provisions usual to such contracts as the Board of Public Works shall deem necessary and proper for the interests of the city and as required by the ordinances and charter and shall among other things provide that the contractor shall look only to the returns from the assessment district or districts for payment for all work done and sums due under said contract. Provided that when the contract is reported by the Board of Public Works to the Common Council for confirmation, the Comon Council may require such additional provisions inserted as shall to it seem proper but not inconsistent with the city charter or laws and after the same is amended and executed may either reject or confirm the same

Sec 6 It shall be the duty of the Board of Assessors immediately upon receiving the report of the City Engineer, as in section three provided for, forthwith to make a list of property in each assessment district which shall have been established by the Common Council and said Board of Assessors shall have such list or lists in readiness to make the assessment roll or rolls upon confirmation by the Common Council of the contract or contracts for said improvement

Upon confirmation by the Common Council of said contract or contracts the Board of Assessors shall proceed to make an assessment roll for each local assessment district assessing upon the lots and parcels of land abutting on or adjoining the alley in that district, the expense of grading and paving or regrading and relaying the pavement or repaving said alley in said district, including the expense reported by the engineer for advertising and for publication and of blanks, and for inspection of said [illegible] portioned and assessed upon the property in such district according to the benefits which the respective lots and parcels of land adjoining or abutting upon such alley in said district, will receive from the improvement, and not according to frontage as in the case of the pavement of streets.

Upon completion of said roll or rolls, the Board of Assessors shall fix a time and place for hearing any person or persons who may desire to object to any assessment, and said board shall give notice of such time and place by publication thereof for three days in the daily newspapers published by the printer for the city Such notice shall be in form as follows:

NOTICE
ALLEY PAVING ASSESSMENT

The assessment roll has been completed for defraying the expense of paving the alley running from ——— (street or avenue) to ——— (street or avenue), in the block bounded by ——— (street or avenue), ——— (street or avenue), ——— (street or avenue), ——— (street or avenue) and is now open to inspection at this office. All lots or parcels of land abutting on or adjoining the alley so described have been assessed for such improvement

(If the improvement embraces more than one assessment district, repeat the foregoing, describing the course of the alley, and its boundaries.)

The Board of Assessors will meet on ——— the —— day of , 19—, at – o'clock M., at their office in the City Hall, Detroit, to hear any person or persons desiring to object to any assessment so made

Detroit, ———, 19—

Board of Assessors,

———,
Secretary

Within a reasonable time after the date fixed for said hearing as aforesaid, the said roll or rolls shall be submitted to the Common Council for confirmation, and upon such confirmation the same shall be turned over to the Controller

Sec 7 The Controller, upon receipt of the said assessment roll or rolls, shall make the necessary entries in his book as required by the ordinance, and may retain the same in his office, in his discretion, until work under the contract which shall have been made is commenced He shall, at that time or at such time previous to the commencement of the work as he shall deem expedient, deliver said assessment roll to the Receiver of Taxes, and thereafter such proceedings shall be taken thereupon as are provided in the City Charter and ordinances for the collection of special assessments.

Sec 8 The Board of Public Works may employ an inspector to superintend the improvement in each local assessment district under this ordinance whose duty it shall be to superintend the work of such improvement and see to it that all the specifications of the contract for the work are complied with, under the direction of such [illegible]

be discharged by said board, in its discretion, and his compensation shall not exceed the rate of three dollars per diem of the contractor's work to be paid out of the city treasury and out of the assessment on the local assessment district upon which he is employed and said inspector, at the request of said board, shall report the progress of the performance of the contract, as required from time to time.

Sec 9. The various city officers whose duties are prescribed by this ordinance shall take official notice of the resolutions of the Common Council, which shall be passed under this ordinance, and of the proceedings and reports of each other as herein provided for and shall proceed to discharge their several duties in the order herein prescribed, without further notice.

Sec 10. Whenever the Common Council shall determine that an alley in the City of Detroit shall be graded and paved or regraded and the pavement relaid or repaved under the provisions of this ordinance it shall be the duty of the Board of Public Works to serve or cause to be served a written or partly written and partly printed notice upon each and every one of the owners, occupants or agents of property abutting on or adjoining the alley where such improvement is proposed to be made requiring him, her or them, within ten days of the date of such notice to make connections with the water pipes, gas pipes and sewers that may be laid in the said alley except where such connections have already been made. If abutting on or adjoining said alley there is any vacant or unoccupied lot lots or premises, and the owner, owners, agents or agent thereof cannot be conveniently found, the said Board of Public Works shall post said notice as aforesaid in some conspicuous place upon such lot lots or premises.

Sec 11. In case of default or neglect on the part of any owner, occupant or agent to connect with the service pipes or sewers as aforesaid, or in case the notice posted on any unoccupied lot, lots or premises, shall fail to come to the notice of the owner, owners, agent or agents thereof and the time of such notice has expired the said Board of Public Works may cause such connections to be made and the expense thereof shall be reported to the Board of Assessors and by them assessed upon the property benefited by the connections so made and reported to the Common Council for confirmation, and such assessment when confirmed by the Common Council shall be a lien upon the said property until paid, and such lien shall have the same force and effect as provided in the case of other special assessments.

Sec 12. This ordinance shall take immediate effect.

Read twice by title, ordered printed and laid on the table.

Ald Coots was excused.

FROM THE SAME

To the Honorable the Common Council

Gentlemen—Your Committee on Ordinances, to whom was referred the ordinance offered by Ald. Special.

To the Honorable the Common Council:

Gentleman—Your Special Committee (consisting solely of the undersigned) to whom was referred the communication from Howard H. Burgess, City Clerk of Cleveland, wherein he expressed a desire of the Common Council of Cleveland to exchange visits with your honorable body and also suggesting that a game of base ball be played as a proper test of the prowess of the two bodies, beg leave to report that in the judgment of your committee such an exchange of visits would not only be desirable from a social standpoint but might also prove of great benefit to both cities in that an exchange of ideas as to municipal improvements would naturally occur.

Your committee would therefore recommend that your honorable body au-

thatize an invitation to be issued through the City Clerk of Cleveland to the Common Council and officials of said city to visit the City of Detroit as guests of the municipality, and that a special committee be appointed on entertainment and a reasonable amount of money necessary to cover expense of entertainment be appropriated from funds received from the House of Correction and now in the hands of the City Treasurer and the City Clerk be instructed to transmit proper invita-

Ordinance.

Unanimous consent being granted Ald Mueller presented the following.

AN ORDINANCE to prohibit the running and operation of freight cars and the carrying of merchandise and freight thereon and the standing of cars and the loading and unloading of freight and merchandise therefrom in the public streets of the City of Detroit.

It is hereby ordained by the people of the City of Detroit

Section 1. That no freight car laden with freight or merchandise shall be operated upon or over any of the lines of street railway in any public street of the City of Detroit between 8 o'clock in the morning and 8 o'clock in the evening and no freight car laden or unladen shall be permitted to stand in any public street for a longer period than five minutes, and no merchandise or other freight shall be loaded on or unloaded from freight cars on any line of street railway on any public street within the City of Detroit at any time

Sec 2 Any violation of the provisions of this ordinance shall be punished by a fine not exceeding $100 and the costs of prosecution and the person so convicted shall be punished by imprisonment in the Detroit House of Correction until payment thereof, not exceeding 30 days

And any corporation offending against the provisions of this ordinance shall be subject to a like fine of $100 for each and every offense which fine may be sued for and recovered in any court of competent jurisdiction.

Sec 3 This ordinance shall take immediate effect

COMMUNICATIONS.

From the Mayor.

To the Honorable the Common Council

Gentlemen—I herewith return without approval that portion of the proceedings of your honorable body adopting a resolution confirming the contract entered into by the Board of Public Works with the American Contracting Co, for the paving of Rosedale Court with sheet asphalt on concrete foundation. My reason for so doing is that the Paving Assessment Law under which this particular contract is proposed to be entered into has been declared unconstitutional by the United States Court and that Judge Swan has granted a perpetual injunction against the city's collecting an assessment for paving on Woodward and Blaine avenues, which paving was done under the same law as the contract for paving Rosedale Court was entered into by the Board of Public Works. It is my belief that the Corporation Counsel has already taken the proper steps to appeal from the decision of Judge Swan in the case in question to the United States Supreme Court. Pending a final decision by the highest legal tribunal on the point in question it would appear that to insure the city's being saved harmless no further contracts under the law in question should be entered into by the city at this time

It is respectfully requested that your honorable body reconsider your action and re-refer the resolution to the Committee on Streets and Corporation Counsel

Respectfully submitted

COMMON COUNCIL

(ADJOURNED—OFFICIAL.)

Detroit, Wednesday, Aug 1 1900.

Pursuant to adjournment, the Council met and was called to order by the President, the Honorable Robert Barble

Present Ald Atkinson Beamer, Bleil Grunow Haarer, Hansjosten, Hilger, Houghton McGraw Marx, Mayhew, Miller, Moeller, Reinhardt, Smith Steiger, Weibel, Weiler, Wildman, and the President 20

There being a quorum present, the Council was declared to be in session.

COMMUNICATIONS.

From the Corporation Counsel.

To the Honorable the Common Council

Gentlemen I have the honor to inform you that, since the last meeting of your honorable body, the following suits have been commenced against the city

July 24, Elizabeth Fuller in chancery The bill of complaint has not yet been served upon me

July 26 Casper H Schoel, in the Circuit Court for the county of Wayne claims damages $50,000, for alleged personal injuries

July 28 Stephen Baldwin et al in the Circuit Court for the county of Wayne, in chancery to quiet title to 10 foot strip of lots fronting on Miami avenue

Citation issued by one of the justices of the Supreme Court of the United States has been served to remove the case of John C Gadsden and Clarence M Burton against the city of Detroit, from the Supreme Court of Michigan to the Supreme Court of the United States

In the case of Ralzemond A Parker vs the City of Detroit et al, to set aside assessments made for paving a decree was entered on the 25th inst, in the United States Circuit Court in equity holding the assessment for paving involved therein illegal and void for the reasons principally that the assessment upon the basis of frontage, and not in accordance with the benefit which the land assessed derived from the making of the improvement, and second, because no proper means of review of such assessment roll is provided by the charter or ordinances of the city

In view of the fact that his honor Judge Swan had arranged to leave the city this day, for his summer vacation and until finding that your honorable body would desire to appear said case to the Supreme Court of the United States I have perfected such appeal and at my request the City Clerk has executed an appeal bond in behalf of the city

The effect of the decision in this case will render it necessary for other and important action to be taken by your honorable body which will be the subject of a further communication. I remain, Very respectfully

TIMOTHY E TARSNEY

Gentlemen—The Board of Public

sewers Nos. 1161, 1170 and 1178, heretofore ordered constructed, have been fully completed in accordance with contracts and specifications therefor, and that all parties interested have been duly notified as required by ordinance and the Board herewith transmits assessment rolls Nos. 6237, 6238 and 6239 for constructing said sewers, and respectfully asks their approval and confirmation.

Respectfully submitted,
J. W. MILLEN,
President.

Accepted, and leave being granted the following resolution was offered:

By Ald. Koch:

Whereas, It appears from a communication from the Board of Public Works that lateral sewers

No. 1161—In alleys between Van Dyke and Maxwell aves., Forest ave. and Willard st.;

No. 1170—In alley E. of Moran st., between Canfield and Garfield aves.;

No. 1178—In alley between Thirty-second, Thirty-first, Herbert and Dover-cliff streets,

Have been fully completed in accordance with the contracts and specifications for the same,

Whereas, No person has appeared to object to assessment rolls Nos. 6237, 6238 and 6239, and due notice having been given as required by ordinance,

Resolved, That the laterals above described are hereby accepted and that said assessment rolls therefor are hereby approved and confirmed, and the Controller is hereby directed to place the same in the hands of the Receiver of Taxes for collection.

Referred to the Committee on Sewers.

From the Board of Assessors.

To the Honorable the Common Council.

Gentlemen—We herewith transmit to your honorable body Assessment Roll No. 573 for grading and paving Euclid avenue from the west curb line of Woodward avenue to the east curb line of Hamilton boulevard.

The usual notice required by law has been given to the parties in interest, as will appear by the annexed notice and affidavit of publication. No person has appeared to object to said roll or to ask any correction thereof. We have therefore signed the same, and report it to your honorable body.

Very respectfully,
THE BOARD OF ASSESSORS,
By BENJAMIN GUINEY, Pres.

Accepted and leave being granted the following was offered:

By Ald. Moeller.

Resolved, That Assessment Roll No. 573 for paving and grading Euclid avenue from the west curb line of Woodward avenue to the east curb line of Hamilton boulevard is hereby **approved and confirmed, that the description** of premises and the names of persons contained therein are received as correct, and that the sums which the said Assessment Roll states to be the correct ones which each individual or lot of individuals should be assessed to pay, be the assessment and be collected from the several persons liable to pay the same according to law.

Laid on the table.

From the City Treasurer.

To the Honorable the Common Council:

Gentlemen—According to a resolution of your honorable body, passed July 3, 1900, approved July 10, demand has been made on the Water Board for the refund of all moneys paid the Receiver on certain assessment rolls for the construction of water mains, the resolutions confirming said rolls having been declared rescinded by your honorable body. I have been informed by the Secretary of the Water Board that the matter will be taken up and action taken at the next regular meeting.

Respectfully,
WM. B. THOMPSON,
City Treasurer.

Accepted, and placed on file.

(Representing 2 per cent of the gross receipts, $62,126 10, from Jan. 1, 1900, to June 30, 1900.)

On July 31, 1900, the Fort Street Union Depot Company paid into the City Treasury the sum of $2,859 44, representing 2½ per cent of its gross earning $114,377 66 for the year ending Dec. 31, 1899.

Respectfully,
WM. B. THOMPSON,
City Treasurer.

Accepted and placed on file.

From the Metropolitan Police Commission.

To the Honorable the Common Council:

Gentlemen—The Metropolitan Police Department having received a large number of complaints with regard to the growth of noxious weeds about the city, an opinion was asked for from Mr. John G. Hawley, attorney for the Police Department, as to whether or not complaints could be made for violations of Act 249 of the Public Acts of 1897, providing for the destruction of noxious weeds.

At a meeting of the Board of Police Commissioners held 28th inst., the opinion of Mr. Hawley was received and read, and I was directed to send a copy of same to your honorable body for consideration.

Inclosed please find such copy.

Yours respectfully,
J. EDWARD DUPONT,
Secretary Metropolitan Police Commission.

Accepted.

The following is the opinion referred to.

To Lieut. Pierce Hanrahan:

Dear Sir—It is my opinion that no proceeding can be taken in the city of Detroit, under the Act 249 of the Public Acts of 1897, providing for the destruction of noxious weeds. The act itself in section 3 provides how it shall

be carried into effect. Under section 5 of the act, the owner, occupant or person in charge of land on which noxious weeds are growing is entitled to a written notice requiring him to cause the same to be cut down within five days from the service of the notice and until that notice has been given the owner, occupant or person in charge is not in default. This notice must be given by a commissioner, who may be appointed by the Common Council. Since no such officer has been appointed in Detroit, no steps can be taken under this Act in this city

Yours respectfully
(Signed) JOHN G. HAWLEY,
Attorney for Metropolitan Police Commission

To the City Clerk, Detroit, Mich.

Dear Sir: Enclosed herewith is an invitation from the Chief Engineer of the Board of Water Commissioners of the City of Detroit to the members of the Common Council to visit the Water Works at the next meeting of the American Society of Municipal Improvements.

You will confer a favor by presenting this to the proper authorities, and if they are interested in bettering the present municipal condition it is but meet and proper that they should be present upon them to assist the work by authorizing delegates to attend this convention.

All officials of the city are eligible to membership.

There is also enclosed a small pamphlet giving full information relative to the object and work of the society.

The headquarters will be in the Plankington House and the meetings will be held in the arcade of this hotel.

Your attention is directed to the exceedingly low railroad rates which will be in effect from all points in the United States to Chicago because of the G. A. R. encampment at this place during the last week in August. These rates will be one fare for the round trip or less.

Respectfully yours
D. L. FULTON,
Secretary A. S. M. I.

Gentlemen Your Committee on Taxes to whom was referred the petition of Sidney B Dixon for refunding of an error in assessment, respectfully report that we have carefully considered the matter and beg leave to state that by reason of a clerical error and the want of a decimal point in its proper place the petitioner was assessed on one item in his tax statement filed with the assessors March 19 1900 on the basis of a valuation of $24 100 instead of $241 The petitioner should have only been assessed upon a total valuation of $

ceipt paid on the 20th inst On the general tax statement furnished by the Board of Assessors, the following question appears being marked No 11, 'All deposits in banks safety deposit or trust companies, or with other corporations, firms or individuals of this or any other state or country,' and your petitioner placed opposite said question these figures, 2-4-1-0-0-, making no division whatever as to dollars and cents, which undoubtedly occurred through a clerical error, as under the head of personal property CHATTELS, question No 1, which reads as follows 'Money or hand or in transit" he placed the figures 2 4-1 and a period thereafter plainly showing that he meant said amount to read $241 00, this last amount to offset the amount of deposit in banks, etc but which by reason of lack of punctuation the Assessors took the first mentioned amount to be $24,100 00

Your committee feel that it would be entirely unjust to compel the petitioner to pay taxes upon a valuation of about $25,000 more than he really has, and further we do not believe that the Common Council desires to take advantage of any of the citizens of this city on a mere technicality, and therefore recommend that the petitioner be refunded the taxes upon a valuation of $24 084, and herewith offer the following resolution

FROM THE SAME

To the Honorable the Common Council

Gentlemen – Your Committee on Streets to whom was referred the communication from the Board of Public Works relative to the lease of the Griswold street

That we find public wharves in the city of Detroit at the foot of the following streets and avenues Adair street, Jos Campau avenue Orleans street Riopelle street, Randolph street, Woodward avenue Griswold street, Wayne street First, Second and Third streets, Eighteenth and a half street and Twenty fourth street.

The Randolph street dock was built by Peter Berthelet, who conveyed to the city certain lots for market purposes, and agreed to maintain a pump at the end of the wharf for public use, and to build and maintain the wharf, in consideration whereof he was allowed the use of the dock for a period of 99 years but it was expressly provided that no building should be erected thereon, and the use was to be such as would not interfere with the use by the public as a thoroughfare and an approach to and from the river

Under this arrangement, we are advised that the city could not grant any special privileges in this dock as the right to such privileges is in the grantees of Berthelet until the end of the term but at the same time the said dock is open to the public.

The westerly half of the dock at the foot of First street, and the docks at the foot of Second and Third streets were dedicated to the public by A S Porter, reserving the right to his grantees to use and occupy the same for the purposes of commerce but not for the purpose of building or of placing thereon any permanent obstructions

Under this reservation we are advised we cannot grant the right to any special use of said docks to any persons but at the same time said docks are subject to use by the public

All the other docks referred to are public property but we find no general ordinance regulating their use

Section 8, page 578, Revised Ordinances, provides "that no person in charge of any vessel or steamboat shall cause the same to be tended, or tied up in the slip at the foot of Woodward avenue."

Section 6, page 367 of the Revised Ordinances provides "that no person shall unload any boat or vessel at or on any of the public wharves or docks in the city or otherwise deposit on such wharf or dock any stone, lumber or fire wood, or other material without permission from the Harbor Master"

Section 1 page 197, provides "that no person shall interfere with or hinder the use of any public property"

Section 7, page 367 makes it the duty of the Harbor Master to regulate the anchorage of all vessels lying within the city limits and to give such orders and directions relative to the location and change of station of every steamboat or other vessel as shall be for the best interests of trade and navigation

Section 2 page 89 authorizes the Mayor to license ferries to carry persons and property across the river to the opposite shore and between Detroit and Fighting Island

Section 3 gives to such licensed ferries the right in common to moor and lay up with the ferries of the Woodward avenue dock when the same is not occupied Under Section 4 ferry boats are not allowed to remain at their

and 7 p m longer than six minutes between each trip.

Section 1, page 373, as amended, provides for licensing vessels to run to and from Belle Isle and that vessels other than ferry boats may land at Belle Isle once to discharge and once to receive passengers provided, that both landings are upon the same day, upon a permit granted by the Park Commissioners, and the payment of $10 per day.

Section 4, page 374, provides that licensed vessels shall land and embark visitors at Belle Isle at such docks as shall be designated by the Park Commissioners, and at such docks on the Detroit river as shall be designated by the owners of such vessels and that such vessels shall stop at least 10 and not exceeding 20 minutes going and returning to any public docks so designated, shall not remain at such dock in said park for a longer period without permission from the Park Commissioners.

Section 17, on page 40 provides that all boats running for hire to and from the park shall be duly licensed.

The foregoing are all the ordinances relative to the subject. Compilers Section 120 of the City Charter provides that the Council may erect, repair and regulate public wharves and docks at the end of streets and on the property of the corporation and that it may lease the wharves and wharfing privileges at the end of streets on the Detroit river in said city upon such terms and conditions and under such covenants as the Council may direct and that no buildings shall be erected thereon and that no lease shall be executed for a longer period than three years provided that free passage at all times for all persons with their baggage over said public wharves shall be reserved.

Your committee is of the opinion that there should be a general ordinance enacted regulating the use of public wharves and that such use should be restricted to the landing and receiving of passengers and baggage, and that no boats should be allowed to remain at a public dock to exceed a specified time unless by special license or grant of the privilege so to do either from the city or under such grants as have been referred to with reference to the Randolph street dock, the westerly half of the First street dock and the docks at the foot of Second and Third streets.

Your committee therefore recommend that the Corporation Counsel be requested to prepare a general ordinance covering the entire matter, and that it be referred to this committee to make such suggestions respecting said ordinance as may be deemed advisable and to report the ordinance when completed to this body.

Respectfully submitted,
WM. F. McFULLER,
MICHAEL MILLER,
JOSEPH MERRELL.

Accepted and adopted.

Ald. Miner was excused.

FROM THE SAME

To the Honorable the Common Council:

Gentlemen—I herewith send to your honorable body without my approval five pay rolls of the Health Board, as forwarded to me by the Secretary of the Board with a copy of his letter to me transmitting the bills.

I have held in the handling of the Board of Health bills and pay rolls that it required a majority of a quorum of the Board of Health to pass any bill or pay roll, but when certified to me by the President and Secretary that the particular pay roll or bill had been approved by the Board of Health, was sufficient notice to me of the action of the Board and warranted my approval of the bill or pay roll.

It is possible that the Common Council and the Corporation Counsel may differ with me in my construction of the law. I have some doubts as to any obligation to send these bills forward with or without my approval. I am influenced in my action to send the pay rolls to your honorable body for the reason that I see by the papers that it is possible that there are two sets of some of the officers that may have bills against the city for service, some for actual service and some for constructive service as having never been legally dismissed.

I recommend that this communication the pay rolls and the letter of the Secretary be referred to the Committee on Claims and Accounts and the Corporation Counsel.

Respectfully,
F A BLADES,
Controller.

Accepted, and referred to the Committee on Claims and Accounts.

FROM THE SAME

To the Honorable the Common Council:

Gentlemen—I respectfully beg to report that Harry A. Gregg, Howard Wheaman and Thomas F. Farrell have filed their official bonds as clerk and assistant clerks of the Police Court in accordance with section 66 of the city charter with the American Bonding & Trust Co. of Baltimore city as surety in each case.

The bonds run to the People of the State of Michigan and are in the penal sum of two thousand dollars ($2 000 00) each.

The bonds are certified to by the Corporation Counsel as being correct in form and execution, and I have approved the same.

Respectfully yours,
F A BLADES,
Controller.

Accepted and placed on file.

From the Corporation Counsel.

To the Honorable the Common Council:

Gentlemen—I have the honor to inform you that on the third day of August 1900 James D May, secured a preliminary injunction to restrain payment, by the city of Detroit and Wm C Maybury mayor, on Dubois street sewer contract.

Adopted as follows:

Yeas—Ald. Atkinson, Beamer, Bleil, Fracher, Grunow, Haarer, Hansjosten, Hilger, Houghton, Joy, Koch, Koenig, Lemke, McGraw, McGuire, Marx, Mayhew, Merrell, Miller, Moeller, Peoples, Reinhardt, Schneider, Smith, Snow, Steiger, Weibel, Weiler, Wildman and the President—30.

Nays—None.

FROM THE SAME.

To the Honorable the Common Council:

Gentlemen—Your Committee on Taxes, to whom was referred the petition of T. L. Smith, president Detroit Wire & Iron Works, for the refunding of a mortgage tax, respectfully report that we have carefully considered the matter and beg leave to state, through an error on the part of former City Assessor Robert Graham, said firm was assessed upon the mortgage supposed to have been owned by said firm, whereas it developed that it was found that said firm was not mortgagee thereof, owning the same.

Your Committee has satisfied from the testimony offered that they were assessed for the same through a clerical error, and therefore recommend upon said mortgage and herewith offer the following resolution:

Respectfully submitted,
HOMER McGRAW,
OLIVER H. GRUNOW.

Accepted and on leave, the following resolution was offered:

By Ald. McGraw:

Resolved, That the City Controller be and he is hereby authorized and instructed to draw his warrant upon the proper fund in favor of T. L. To the Honorable the Common Council:

Gentlemen—Your Committee on Taxes, to whom was referred the petition of Valentine Schroeder for the refunding of part of a tax, respectfully report that we have carefully considered the matter and beg leave to state that the petitioner was assessed upon a valuation of $8,000.00 for the year 1899, and $8,580.00 for 1900, but that in January last the petitioner's stock was almost entirely destroyed by fire, and instead of continuing his place of business at 38 Woodward avenue, he moved his stock up in the Tenth Ward, and when there located filed a statement with the Board showing his assessable property to be only worth $3,000.00, that through someone's error the assessment against him at No. 38 Woodward avenue was not stricken from the rolls, but allowed to remain. After listening to the testimony of the petitioner we feel satisfied that he is entitled to a rebate upon the assessment made against him for his Woodward avenue store, and we therefore recommend that he be refunded the taxes upon $8,580.00, and herewith offer the following resolution.

Respectfully submitted,
HOMER McGRAW,
OLIVER H. GRUNOW.

Accepted and on leave, the following resolution was offered:

By Ald. McGraw:

Resolved, That the City Controller be and he is hereby authorized and instructed to draw his warrant upon the proper fund in favor of Valentine Schroeder for the sum of $130.25, being the taxes upon a valuation of $8,580.00 assessed against the petitioner at No. 38 Woodward avenue, upon presentation of the proper receipt showing that he has paid the taxes for the year 1900.

Street Openings.

To the Honorable the Common Council

Gentlemen—Your committee on Street Openings to whom was referred the communication from the Corporation Counsel, relative to the claim of Messrs Barbour and Rexford in the matter of opening Mack avenue respectfully report that we have carefully considered the matter and beg leave to state that in the latter part of December 1894, the city took proceedings to open Mack avenue, south of Collins street The title to certain lands taken was in J F Talbot and Frank E Snow subject to a first mortgage of about $6,000 and to a second mortgage of about $2,500 given by Snow on his undivided share to the American Savings bank Snow, Talbot, and the first mortgagee were made parties to the proceeding but through some oversight the American Savings bank was not made a party The property taken included about 3,788 square feet while that left in our parcel contained more than 20,000 square feet. The city paid over $5,200 for the parcels taken One half of it was paid to Snow and the other half to Talbot The case went to the supreme court on appeal by one of the parties against whom an assessment was made for the improvement

The appellant claimed that inasmuch as the American Savings bank had not been made a party, there was no valid opening The court held that the fact that a mortgagee was not made a party did not deprive the court of jurisdiction so as to make the decree subject to collateral attack by the owners who had been assessed for benefits where there was sufficient on lots to pay the mortgage outside of the street and the city was in full possession of the street

In December 1897 the American Savings bank filed its bill to foreclose its mortgage making the city of Detroit a party, and taking a decree for $ 149 44. A sale was made under that decree and the land was sold in six parcels Parcels one and two were sold for $100 each and three and four containing over 20,000 square feet for $1,000 number five containing 2181 square feet for $1 00 and number six containing 1 667 square feet for $300. The last two parcels being within the limits of the street.

The city acquired Talbot's undivided half and Snow's undivided half, the latter of course, subject to the mortgage of the American Savings bank

The bank submits a proposition to take the amount of the award to Snow, to wit $2 500

We might further state that the American Savings bank in June 1899, filed a bill for partition, and a decree for partition was made February 12, 1900 by which it was referred to a Circuit Court Commissioner to determine whether or not the property was so situated that it could not be divided but must be sold No appearance was entered for the city in the proceeding and its default was taken

We are advised by the Corporation Counsel that he doubts very much whether the interest of the public can be sold, and that he has already filed a petition in the cause, asking leave to appear and raise this question, and at the same time asking that the value of the interests of the American Savings bank be determined by a jury to be called for that purpose

He states further that inasmuch as the default of the city has been taken he deems it the duty of the city to apply at the earliest possible moment, not intending that such proceeding would interfere with a settlement, if such a settlement can be affected upon a reasonable basis.

Your committee feel that this matter should be settled and recommend that a compromise settlement at $1 500 be tendered to Messrs Barbour & Rexford attorneys American Savings bank, in full settlement of said claim and we herewith offer the following resolution

Respectfully submitted,
HOMER M'GRAW,

There being a quorum present the Council was declared to be in session

The Clerk read the following

Special Call.

John A Schmid City Clerk

Dear Sir You are requested to call a special meeting of the Common Council, to assemble at the Council Chamber on Thursday Aug 9 at 3 o'clock in the afternoon of said day

The purpose of said special meeting is to consider a report of the Committee on Grade Separation now ready for submission to the Common Council

Respectfully submitted

WILLIAM C MAYBURY,
Mayor.

Accepted and placed on file

REPORT OF COMMITTEE

Grade Separation.

To the Honorable the Common Council

Gentlemen—Your Committee to which was referred the matter of grade separation at the Woodward avenue railroad crossing, would most respectfully report that an agreement with the Michigan Central Railroad Company, the Lake Shore & Michigan Southern Railway Co, the Grand Trunk Railway Co of Canada, the Detroit Citizens Street Railway Co and the Detroit Suburban Street Railway Co a copy of which is hereto attached has been arrived at, and is ready for execution

By the terms of the agreement the railway companies and the street railway companies are to pay the entire cost of the grade separation except such damages as the owners of abutting property may be entitled to which damage the city agrees to pay

The structure contemplated by said railway companies is an arched bridge to be constructed over the Michigan Central Railway Co will build the handsome passenger depot on the west side of the avenue just south of the right of way

We think that the separation of grades will be a benefit rather than a damage to abutting property and that there is little prospect of large damages being awarded to the owners of such property

The Michigan Central and the Street Railway companies are the owners of all the property on the west side of Woodward avenue and all of the property affected by the change of grade so they will have very little to pay for damages to their property

The tracks of the subway will commence at Holt Avenue on the south and Hamilton Avenue on the north

The sidewalks within the subway will be about ten feet wide, in the clear, with railing and will be about four and a half feet above the roadway

The lowest part of the structure will be 14 feet above the roadway and the head room over the sidewalks eight and one half feet

The elevation of the tracks at Woodward avenue necessitates their elevation at Cass avenue three and 42 100 feet, and at John R street 55-10 feet and a resolution permitting such change is herewith submitted, and your committee recommend that the same be printed with the proceedings and laid on the table until the final execution of the attached agreement

The agreement contemplates the passage by the Council of an ordinance changing the grade of Woodward avenue between the south line of Enfield avenue and the south line of Baltimore avenue which ordinance your Committee recommend be laid upon the table and printed with the proceedings

Your Committee recommend the passage of a resolution authorizing the Mayor on behalf of the city to execute the agreement attached hereto and the City Clerk to attest the same with the corporate seal of the city and that your Committee be continued to effect if possible an agreement with abutting owners and report the same to the Council

Respectfully submitted

Nays None.

It is hereby ordained by the people of the City of Detroit

Section 1. That the grade of the roadway of Woodward avenue at the northerly and southerly lines of the right of way used by the Michigan Central Railroad Company the Lake Shore & Michigan Southern Railway Company and the Grand Trunk Railway Company of Canada, is hereby changed and fixed at one hundred and forty-five and 12-100 feet according to city levels or datum, that the grade of the roadway at the center of said right of way be fixed at one hundred and forty-five and 79-100 feet, that the grade of the roadway of said avenue south of said right of way to the south curb line of Endicott avenue shall be a gradual ascent from said right of way to the curb line heretofore established at the last named point and that the grade of the roadway of said avenue north of said right of way to the southerly curb line of Baltimore avenue shall be a gradual ascent from said right of way to the southerly curb line of Baltimore avenue, as heretofore established.

Sec 2 That the sidewalk line at the intersection of said railroad right of way with Woodward avenue is hereby changed and fixed at one hundred and fifty and 62-100 feet, and that north of said right of way the sidewalk line shall be a gradual ascent from the said right of way until such line reaches the southerly curb line of Baltimore avenue as heretofore fixed, and that south of said right of way the sidewalk line shall be a gradual descent for a distance of ninety and five-tenths feet to an elevation of one hundred and forty nine and 39-100 feet, and then by a gradual ascent until the present grade of the southerly curb line of Endicott avenue is reached

Sec 3 The Michigan Central Railroad Company, the Lake Shore & Michigan Southern Railway Company and the Grand Trunk Railway Company of Canada their successors and assigns are hereby authorized to construct and maintain a bridge over and above the roadway and sidewalks hereinbefore described, in accordance with the provisions of a contract entered into between the City of Detroit and said companies

Provided, That there shall not be less than thirteen feet and six inches between the lower side of the beams or stringers of said structure and the grade of said roadway, as fixed by Section 1, hereof

And Provided Further, That said structure shall be constructed and maintained so as to be reasonably safe for persons using the roadway and sidewalks under said structure

All ordinances and resolutions inconsistent herewith are hereby repealed

Sec 4 This ordinance shall take immediate effect

Laid on the table

The following is the agreement and specifications

Agreement made this ... day of ... 1900 between the City of Detroit party of the first part, and the Michigan Central Railroad Company, The Lake Shore & Michigan Southern Railway Company and the Grand Trunk Railway Company of Canada the Detroit Citizens Street Railway Company and the Detroit Suburban Railway Company, parties of the second part, WITNESSETH

WHEREAS The party of the first part desires to discontinue the grade crossing of the highway known as Woodward Avenue, in the said City, by the Michigan Central Railroad Company the Lake Shore & Michigan Southern Railway Company, and the Grand Trunk Railway Company, of Canada, and to substitute therefor an overhead crossing by said railroads, and the parties hereto by their duly authorized representatives, have reached an agreement as to the method and the terms and conditions of effecting such change in said crossing

NOW, THEREFORE, In consideration of the mutual undertakings of the parties, hereinafter expressed, it is agreed.

1. That the City of Detroit shall, by proper ordinance, at once change the grade of said Woodward Avenue at the said crossing of said railroads so as to conform to the grade shown on the annexed plans, and shall thereby authorize the construction of the said railroads overhead, across such new grade as shown by said plans and it shall and hereby does assume the payment of all abuttal damages, if any there be, to property of persons other than the parties of the second part arising in any way from such change in the grade of said Avenue, and all costs expense charges or liability in any proceedings which may be instituted to effect such separation of grades or which may be instituted to prevent the performance of this agreement it being understood that the performance on their part of the contract shall release and discharge the said second parties from any and all assessments, charges, damages or liabilities and be accepted as a full discharge and acquittal of all obligations present or future, to abutting owners arising from the failure by said parties of the second part to adjust or pay such damages costs or expenses in connection with such grade separation and change of grade and the party of the first part hereby assumes to itself and agrees to pay and assume all such assessments damages, costs or expense, except for construction as hereinafter, mentioned without charge recourse to or recharge over against said second parties or either of them and the parties of the second part hereby waive any and all claims for damages by reason of the change of the grade of said street to any abutting property owned or controlled by them or either of them

2 In consideration thereof the parties of the second part hereby agree to construct at the earliest moment as may be practicable the entire work involved in the said change of the said grade at Woodward Avenue and in the construction of said overhead crossing in accordance with the plans and specifications hereto attached and to do all grading work of removing street railway tracks and the paving of said streets incident to said change of grade

The said second parties, and each of

them do hereby release all damages or charges arising from loss of traffic or otherwise, occasioned by said change of grade

The said street railway companies are hereby authorized in order to facilitate said work and for the accommodation of the public during the pendency thereof, to construct, under the supervision of the Board of Public Works, through Amsterdam Street, Cass Avenue and Baltimore and Milwaukee Avenues, a double track street railway the same to be temporary and removed when the work of separation of grades shall be completed a connection to be made with the tracks on Woodward Avenue.

3. The party of the first part further agrees to provide for the temporary closing of the highway herein referred to, to public travel, during the progress of said work, and until its completion

4. After the completion of said work, the party of the first part shall maintain and repair, or cause to be maintained and repaired, at its expense, the roadway and the pavement of said Woodward avenue, excepting the street railway tracks and the space between the tracks, which shall be kept in repair by the street railway companies, as now provided by ordinance and the parties of the second part shall maintain and repair, or cause to be maintained or repaired at their expense, all other parts of said structure as shown upon said plans and specifications, including the wing and retaining walls of the approaches.

5. The street railway companies agree to keep the roadway of the subway and approaches reasonably free from snow and ice so that it may at all times be passable by vehicles

6. It is also understood that the parties of the second part are to have permission to raise the steam railroad tracks at Cass avenue three and forty-two hundredths (3 42 100) feet, and at John R street fifty five hundredths (55 100) feet above the present grade of the tracks of the Lake Shore & Michigan Southern Railway Co and to maintain the same until such time as proceedings may be taken to separate grades at said Cass avenue and John R street, or either of them And the said parties of the second part agree to put such streets in a safe and passable condition by placing planking and convenient sidewalks across the right of way of the different railroads and upon the approaches to the right of way, as shall be deemed necessary under the supervision of the Board of Public Works and the City Engineer

It is understood that the changes herein contemplated in the surface of said Cass avenue and John R street are in no sense to be regarded as a permanent alteration or permanent establishment of the grade of either of said streets and the permission hereby granted is temporary and is to continue as to each of said streets until such time as proceedings may be taken to separate grades at said streets, or either of them, and the same shall remain in force until the completion of such grade separation proceedings for such grade separation and such grade separation is accomplished and that the granting of such permission shall in no manner affect or prejudice either party hereto in any negotiations or negotiations for grade

The party of the first part hereby assumes and agrees to save harmless said parties of the second part from any claims which may be made by abutting owners for damages on account of the changes in Cass avenue and John R. street, made under the permission hereby granted

The permission referred to will be evidenced by proper resolutions in conformity herewith

7. Neither this agreement, nor anything contained in the ordinance or resolution to be passed by the City of Detroit as above provided, shall restrict or limit the parties of the second part in any of the rights they now possess in respect of said Woodward avenue crossing Cass avenue or John R. street crossing, except as herein expressed.

In Witness Whereof, the said party of the first part has caused these presents to be signed on its behalf, by the Mayor of said city, and the seal thereof to be hereto attached, and attested by the City Clerk and the parties of the second part have caused these presents to be signed on their part by the proper officers of said companies

Mayor of the City of Detroit

Specifications for Construction of Artificial Stone Sidewalks.

DESCRIPTION — Sidewalks of this class shall consist of a foundation of coarse cinder or broken stone six (6) inches deep, a layer of Portland cement concrete, three (3) inches thick and a wearing surface of Portland cement mortar, one (1) inch thick making the total thickness of the completed sidewalk at least ten (10) inches.

BROKEN STONE FOR FOUNDATION — The broken stone, or cinder to be used in the foundation shall be of approved quality, broken so that the largest dimensions of any piece will not exceed three (3) inches, nor the smallest dimension of any piece be less than one inch and must be free from dust dirt or other foreign matter

BROKEN STONE FOR CONCRETE — Broken stone for concrete shall be good hard stone that will not be affected by the weather broken so that the largest dimension of any stone will not exceed one and one-half (1½) inches nor the least dimension of any stone be less than one quarter (¼) of an inch and must be free from dust dirt or other foreign matter

GRAVEL FOR CONCRETE — Gravel used for concrete shall be washed river gravel of such sizes that the greatest dimension of any particle will not exceed 1½ and one-half (½) inch [illegible] not the least dimension of any [illegible] to the

than one quarter (¼) of an inch, and must be free from dust, dirt or other foreign matter

SAND The sand shall be of the best quality of coarse, sharp clean river or lake sand free from dust, loam, or other foreign matter

PORTLAND CEMENT Portland cement shall stand the following tests made by the City Engineer Not more than five (5) per cent shall fail to pass through a No 50 sieve When mixed neat with the least amount of water necessary to make a good mortar, it will stand a tensible strain of not less than 134 lbs per square inch, after being allowed to set in air one hour, followed by immersion in water twenty-three (23) hours, and 384 lbs, after one day in air and six (6) days immersion When mixed in proportion by weight of one part of cement to two of sand and exposed one day in air and six days in water, it shall stand a tensible strain of 146 pounds per square inch.

WATER. Water shall be fresh and free from earth, dirt or sewage.

CONCRETE. The concrete shall consist of one part in volume of Portland cement, three (3) parts of sand, and six (6) parts of broken stone or gravel

MIXING SAND AND CONCRETE. The cement and sand in the specified proportions shall be thoroughly mixed dry on a tight platform, with shovels or hoes until no streaks of cement are visible.

MORTAR Water shall be added to the sand and cement mixed in accordance with the foregoing directions, and in sufficient quantities to produce a mortar of the desired consistency, and the whole thoroughly mixed with shovels or hoes until a homogeneous mass is produced

MIXING CONCRETE. The mortar prepared as hereinbefore specified, shall

er quantity of broken stone or gravel, after having been thoroughly wetted shall then be spread over the mortar, and the mass thoroughly turned over with shovels and hoes not less than three (3) times, or until every pebble or piece of broken stone is completely covered with mortar

SPRINKLING Water shall be added by sprinkling during the process of mixing if required to secure a better consistency

SURFACES TO BE CLEANED AND DAMPENED. All surfaces on or against which concrete is to be laid shall be thoroughly cleaned and dampened, by sprinkling with water just previous to placing the concrete

SPREADING CONCRETE. The concrete shall be evenly spread upon the foundation as soon as mixed, in a layer of such depth that after having been thoroughly compacted with rammers of approved pattern, it shall not be in any place less than three (3) inches thick and the upper surface of it shall be parallel with the proposed surface for the completed sidewalk

MAKING FLAGS The flag or slab divisions shall be formed by cutting the concrete clear through, on the required lines as soon as laid The space made by the cutting tool shall be immediately filled with dry sand and rammed

SIZE OF BATCHES Concrete shall not be mixed in larger quantities than is required for immediate use

CONCRETE NOT TO BE THROWN FROM A DISTANCE Concrete shall not be dropped from too great a height nor thrown from too great a distance when being placed upon the work

WEARING SURFACE The wearing surface shall be composed of one part in volume of Portland cement and two (2) parts of sand

MIXING The cement and sand in specified proportions shall be thoroughly mixed dry, on a tight plat-

streaks of cement are visible

MORTAR. Water shall be added to the sand and cement, mixed in accordance with the foregoing directions, in sufficient quantities to produce a mortar of the desired consistency, and the whole thoroughly mixed with shovels or hoes until a homogeneous mass is produced

LAYING. The mortar, while fresh shall be spread upon the concrete base before the latter has reached its first set, in such quantities that after being thoroughly manipulated and spread over the concrete it will make a layer one inch thick conforming to the required grade and cross section

TOP PRESSING. A coating of equal parts of Portland cement and dry, fine sand, thoroughly mixed, shall be swept over the surface and the surface dressed and smoothed On steep grades the top dressing shall consist of coarse granite screening and cement.

FLAG MARKINGS. The surface shall be cut into flags, the markings to be made directly over the joints in the concrete and cut clear through the wearing surface.

MARKING OF SURFACE. The flags shall be turned up and marked with the exception of a border about one inch in width along the edges, with a toothed roller

PROTECTION OF TOP The sidewalk shall be kept moist and protected from the elements and travel until it has set

SPECIFICATIONS FOR

Asphalt Block Pavement,

On Concrete Foundation,

In the City of Detroit, Michigan,

Under the Board of Public Works

Adopted March, 18, 1909.

OLD PAVEMENT Old pavement and curbing on the street to be measured to the contractor as excavation, and these as well as all material and rubbish including whatever surface dirt may be on the street at the time shall be removed from the street and disposed of by the contractor, except that the city shall reserve the curbing and such other of the material as the Board of Public Works may select and order left on the street for use in connection with the new pavement or for removal to the Board of Public Works paving supply yard nearest to the work or to any other point within one mile of the work that the Board of Public Works may designate which delivery shall be made by contractor without extra charge

GRADING The street to be graded to its established grade under the direction of the Board of Public Works, and to be excavated to such a depth below the true grade as the Board may deem necessary for the purpose of receiving concrete for the roadway The bottom of excavation when completed shall conform to the section or crown of the street as furnished by the City Engineer. Should there be places in the street which are not firm the earth must be taken out and the space refilled with concrete The surplus earth must be disposed of by the contractor and shall not be placed upon the sides of the streets unless required for filling in low spots only in the roadway or the The Board of Public Works reserve the right to direct the contractor to remove any earth it may require for the purpose of filling up any low street alley and sidewalk spaces to the proper grade points where within the assessment district or for one hundred feet outside thereof All surplus

earth, other than above specified, to be disposed of by the contractor

Before laying the concrete foundation and after the curb stone has been set, the sub-grade shall be well rolled with a steam roller weighing not less than seven (7) tons, said roller to be furnished and operated by the City of Detroit at a cost to the contractor of one-half cent ($0.005) per square yard.

After rolling and before placing any material on the roadway, the grade shall be tested by the Board of Public Works or its representative, and if any place or places shall be found higher than the sub grade line such place or places shall be brought to the true grade before permission is granted to place material thereon, and if any places are found lower than the sub grade line the depressions shall be filled with concrete at the expense of contractor

TRENCH

The contractor will excavate a trench on each side of and beyond the line of the roadway to a depth sufficient to admit the curb being set on a concrete base six (6) inches deep, and of such width as to allow a concrete backing to the curb of four (4) inches in thickness. The bottom of the trench to be smoothly trimmed parallel to the curb grade

STONE CURBING

Old curbing now on the street after being taken up, shall be rejointed, edges rounded and reset wherever directed as per specifications for jointing and setting new curb. New curb to be set wherever ordered, and to be of the best quality of Granite Medina North River Blue Elvria or Berea as may be hereupon ordered. The stone shall be four (4) inches thick (unless otherwise or [illegible] not less than three and one-half (3½) feet in length, and eighteen (18) inches in depth. The upper corner next to the roadway to be rounded with a radius of one and one-fourth (1¼) inches. The top and face of the granite Medina North River Blue and Woolmith, to be dressed to what is known as fourcut work true and even, and the softer curb to be cradle dressed, true and smooth, all with close joints at the ends at least seven (7) inches below the top of the curb, and a joint of not to exceed one-half inch for the remainder of the eighteen (18) inches depth of curb, stones to have a straight and even face on the side toward the gutter to a depth of seven (7) inches below the top of the curb, and any unevenness and any projections on the stone down to the concrete line shall be pointed off to the satisfaction of the Board of Public Works. Curb to be dressed three inches down from the top at the back of the curb top to be dressed to a straight line and to one-fourth (¼) inch bevel in five (5) inches, and to a uniform thickness of four (4) inches or to full thickness as advertised and to be brought to a straight line on top and face by the use of a straight edge. Stones to be taken out of wind set with close joints to the true line and grade of the street on a concrete bed six (6) inches deep and to the full width of the trench and backed up with concrete to within four (4) inches of the top of the curb, the remaining four (4) inches in height behind the curb to be filled with suitable earth well compacted to the satisfaction of the Board of Public Works

All junctions of curb at street corners will be set on a true segment of a

circle of such radius as the diagram or profile calls for. All corners to be of Granite, Medina or North River Bluestone, as specified in the advertisement for bids.

All dressing of new curb to be done in the City of Detroit, but not on the street.

The concrete will be placed in the trench only as fast as the curb is set, and the curbstone placed on the concrete while in a plastic state and before it has begun to set.

BACK FILLING. Earth filling to be carried back from the curb for three (3) feet where the top of curb is above the natural surface, and all to be left in a neat and sightly condition.

FOUNDATION. When the roadbed has been prepared as specified above, it shall be covered with a layer of concrete not less than six (6) inches in thickness, to be prepared as hereinafter specified and immediately applied to the roadbed and rammed until the surplus cement mortar appears upon the surface, which latter shall be made smooth and parallel to the roadbed and in exact accordance with the diagram. No teaming will be allowed on the concrete until it is thoroughly set and covered with plank. All defects in this foundation no matter from what cause, must be repaired or corrected before the work will be allowed to progress.

CONCRETE. Wherever concrete is specified to be used, it shall be prepared in the following manner: One part of freshly burned and finely ground natural cement standing the following tests by the Board of Public Works. No more than ten (10) per cent shall fail to pass through a sieve of two thousand five hundred meshes to the square inch when mixed neat with the least amount of water necessary to make a good mortar. It will sustain a tensile strain of not less than seventy (70) pounds per square inch, after being allowed to set in air for one (1) hour, followed by immersion in water for twenty-three (23) hours, and one hundred (100) pounds per square inch after seven (7) days immersion.

When mixed in proportions by weight of one of cement to two of sand, and exposed one day in air and six (6) days in water it shall stand a tensile strain of at least fifty (50) pounds per square inch two parts of clean, sharp bank, lake or river sand (at option of the Board) free from clay, loam or vegetable matter to four (4) parts of crushed or broken bluestone, granite, syenite paving brick or hard limestone, the pieces not to be larger than two (2) inches nor smaller than one half (½) inch in any dimension. The sand and cement shall be thoroughly mixed while dry to a uniform color, and then just enough water shall be added during the mixing process to make a good mortar. The crushed or broken stone must be screened if necessary to free it from dust, dirt or stone refuse and shall be wetted before being placed upon the mixing board.

After being wet with clean water the crushed or broken stone shall be thoroughly mixed on boards with the paste of mortar until every piece of stone is completely enveloped in mortar. The proportions shall be fixed by actual measurement, if so ordered by the Board. From the 15th day of June until the first day of August inclusive all concrete laid shall be kept thoroughly wetted by covering the same with a layer of straw at least six inches in depth of each day until the street is open to travel.

receive the sand cushion

CUSHION

To correct any unevenness of the concrete and to secure a smooth surface to the pavement when completed a cushion coat of clean, sharp bank sand well screened and free from all other substances shall be spread over the concrete foundation to the depth of one inch when compacted

ASPHALT BLOCK.

3 ASPHALT BLOCK PAVEMENT (a) The size of the blocks will be 4x12 inches, and a variation of one-half (½) an inch from these dimensions will be sufficient ground for rejecting any block

(b) The blocks will be composed of -

Asphalt cement, 3 to 12 per cent.

Crushed quartz, granite, or other sound and hard stone 82 to 88 per cent

4 SAMPLE All bids must be accompanied by a specimen block of the size and quality described in these specifications, labeled with the name of the bidder and locality of the factory Bids not accompanied by specimen blocks will not be accepted All blocks furnished must be equal in quality to the sample

5 METHOD OF LAYING The blocks are to be laid at right angles to the line of the street, and with such crown as the Engineer may direct each course to be of blocks of an uniform width and depth and so laid that all longitudinal joints shall be broken by a lap of at least four (4) inches Each course of blocks will be driven against the course preceding it by a heavy maul in order to make the lateral joints as tight as possible and the longitudinal joints will be closed by pressing each course in the direction of its length

ROLLING AND TAMPING

The paving when laid as specified, and before the filling of the joints and top dressing is put on, shall be thoroughly rolled three or more times lengthwise of the street with a steam roller weighing not less than seven (7) tons to be furnished and operated by the City of Detroit, at a cost to the contractor of one half ($0.05) cent per square yard All parts of pavement which cannot in the opinion of the Board of Public Works be properly rolled shall be thoroughly rammed three times or more in such a manner as the Board of Public Works shall direct

When the rolling is complete a sufficient amount of fine dry sand as above described will be spread over the surface and swept or raked into the joints

TOP DRESSING

The surface of the paving when completed as above, shall be covered with one-fourth (¼) of an inch deep of top-dressing of clean coarse sand of approved quality

GUARANTEE.

The contractor will furnish a five-year guarantee for his work, from date of acceptance of said work by the Board, without extra charge The guarantee to be of such form and nature as the Board of Public Works may direct

RETAINING STONE

At intersections with paved streets and alleys having a different surface, the pavement shall be finished up to a Medina stone header four (4) inches thick not less than sixteen (16) inches deep and not less than two and one-half (2½) feet long to be set on a concrete bed six (6) inches deep and eight (8) inches wide

The stone headers shall be dressed square on top surface, pointed down on both sides to the bottom of the surfacing material have a good joint

ORDINANCES.

The contractor shall obey the city ordinances relative to barricades and colored lights and shall have a representative upon the street at all hours, both day and night, and shall be responsible to the public and to the city for any damages caused by his neglect.

The city reserves the right to lay or repair any and all city department conduits, water or sewer pipes during the progress of the work or to build or repair any catch-basins, sewers, or tracks of street railways.

DEFECTS BEFORE ACCEPTANCE.

good at the contractor's expense. All rubbish which may accumulate during and by reason of the work herein provided for shall be removed by the contractor as fast as the pavement is laid, and the streets be left clean and in good condition.

ORDERS TO BE OBEYED.

Whenever the contractor is not present on the work orders will be given to the superintendents or overseers who may have immediate charge thereof, and shall by them be received and strictly obeyed. And if any person employed on the work shall refuse or neglect to obey the directions of the Board of Public Works or its duly authorized agents, in anything relating to the work, or shall appear to the said Board to be incompetent, disorderly or unfaithful, he shall, upon the order of the Board of Public Works, be at once discharged and not again employed on any part of the work.

ASSIGNMENT OF CONTRACT OR MONEYS.

The first party shall not assign or transfer this contract or sublet any portion of the work embraced in it, without the consent in writing of the Board of Public Works being first obtained. Nor shall be give an order upon the Controller for the payment of moneys on this contract without having first given notice in writing of such intention to the Board of Public Works at least twenty-four (24) hours in advance thereof, nor shall any such order or assignment of moneys hold good except as regards such portion thereof as may be reported by the Board of Public Works as due the contractor after final adjustment of all claims by said Board on city or other accounts authorized by this contract. Nor shall the Controller accept such an order or assignment without due

WORK AND FORFEITS.

notice to the Board and first hearing any objections from said Board.

The work embraced in this contract shall be begun within 48 hours after written notice so to do shall have been given to the contractor by the Board of Public Works, and carried on regularly and uninterruptedly thereafter (unless the said Board shall otherwise, in writing, specially direct), with such a force as to insure its full completion within the time specified in the contract, the time of beginning, rate of progress, and time of completion being essential conditions of this contract. And if the contractor shall fail to complete the work within the time specified in the contract, the sum of five (5) dollars per day for the first five (5) days, and fifteen (15) dollars per day for each and every day thereafter, until such completion, shall be paid to the City of Detroit through the Board of Public Works before acceptance of the work, provided, that all days on which work is suspended by written order of the Board, shall be deducted from the overtime if any there be.

BILLS FOR EXTRAS.

No bills for extras for labor or for material furnished shall be considered or allowed under any circumstances after the final estimate has been allowed and the pavement duly accepted, nor will any bills for extras, labor or material furnished be considered or allowed for such extra work or material furnished, unless the same shall have been agreed upon in writing, stating prices in detail or aggregate, signed by the Commissioner in charge and the contractor or contractors and approved by the Board of Public Works before such extra work is done or material

nished, and upon the completion of the work agreed upon, the contractor or contractors shall immediately file with the Secretary of the Board a statement or bill of items showing the full amount of his or their claim for work or material furnished under said agreement.

PROTECTION FOR LABOR AND MATERIALS SUPPLIED

The contractor, for himself or for any sub-contractor under him, shall well and truly pay, as the same may become due and payable, all indebtedness which may become due to any person, firm or corporation on account of any labor or material furnished in connection with the contract of which these specifications form a part, and in case of his failure to do so, and on sworn statement of any unpaid claim for labor or material as above being filed with the Board of Public Works, a sum of money sufficient to cover such claim or claims shall be retained from any moneys due or to become due said contractor on his contract, and if such claim or claims be fully substantiated to the satisfaction of the Board of Public Works said Board shall pay such claim or claims from the moneys so retained any residue to be paid to such contractor on the completion of the work, and the contractor hereby further agrees that he shall pay to the City of Detroit through the Board of Public Works, the sum of five (5) dollars per hour for all time spent by said Board in settling disputes or claims filed under this clause of these specifications which shall relate to the respective portions of this contract.

PROPOSALS

The Board of Public Works reserves the right to accept or reject any or all proposals made under these specifications at any time within fifteen (15) days after the same are received.

CONTRACT.

Attached to and made part of this Contract at Detroit, County of Wayne, and State of Michigan this day of A. D. 19..

Accepted and placed on file.

Resolution.

By Ald. Beamer

Whereas, The City of Detroit as party of the first, and the Michigan Central Railroad Company, the Lake Shore & Michigan Southern Railway Company, and the Grand Trunk Railway, of Canada, as parties of the second part have entered into an agreement relative to the separation of grade crossings at Woodward avenue, where the tracks of said railways cross said Woodward avenue, and,

Whereas, In and by the terms of said agreement the said railway companies are to elevate their tracks and the city has by proper ordinance changed the grade of the roadway of said Woodward avenue and the sidewalks thereof so that when such change is completed the said railways are to be operated over the said Woodward avenue, and

Whereas, It is contemplated at the near future to separate the grades at Cass avenue and at John R. street but it becomes necessary in order to carry out the separation of grades at Woodward avenue to temporarily raise the tracks of said companies at Cass avenue three and 4/10 feet and at John R. street 5.100 feet above the present grade of the Lake Shore & Michigan Southern Railway Company across, and an agreement has been entered into between the city and said railroad companies relative to such temporary change, the expense thereof and the restoration of said streets so as to accommodate public travel thereon

Be it resolved That the Michigan Central Railroad Company, the Michigan Southern Railway Company and the Grand Trunk Railway, of Canada, are hereby granted permission to raise their tracks, as aforesaid, upon compliance with the terms of the agreement aforesaid and to maintain the same until such time as negotiations or proceedings for the separation of grades at Cass avenue and John R. street are completed

Provided, That the changes contemplated in the surface of said streets at the intersection thereof said railways are not to be regarded as permanent alteration or establishment of the grade of either of said streets and the permission hereby granted is but temporary pending proceedings or negotiations relative to a separation of grades at said streets but the permission to so occupy said streets is to continue on each street until a separation of the grades on said street is accomplished

Laid on the table

The Council then adjourned

COMMON COUNCIL

(OFFICIAL.)

Detroit, August 14, 1900.

The Council was called to order by the President, Hon Robert Barrie

Present—Ald Atkinson, Beamer, Bleil, Coots, Deimel, Fracher, Grunow, Hanrer, Hansjosten, Hilger, Houghton, Joy, Knauss, Koch, Koenig, Lemke, McGuire, Marx, Mayhew, Miller, Moeller, Peoples, Reinhardt, Schneider, Smith, Snow, Steiger, Tossy, Weibel, Weller, Wildman and the President

There being a quorum present, the Council was declared to be in session.

The journal of the last regular and intervening special session was approved

Reconsideration.

Previous notice having been filed with the Clerk, Ald Fracher moved to reconsider the vote by which a resolution authorizing the Board of Public Works to cause obstructions to be placed in the switches and grooves of the track on Third street between Grand River avenue and Ledyard streets, etc, was adopted at the last session

Petition.

Pending a vote on the question and by unanimous consent the following was presented

BY ALD SNOW

Of H A Wright et al, for abatement of nuisance of loading and unloading freight cars on Third street by Detroit & Northwestern Railway

Accepted and placed on file

The following communication was also read

From the Board of Public Works.

To the Honorable the Common Council

Gentlemen—At the last meeting of your honorable body a resolution was adopted directing the Board of Public Works to cause obstructions to be placed in the switches and grooves of the city's track on Third avenue extending from Grand River to Ledyard street

A reconsideration of the resolution was had and the Board took action in the matter In the meantime a communication was received from the Detroit & North Western Railway Co, which is herewith given

August 4th, 1900.

Board of Public Works

Gentlemen—This company has just learned that the Common Council at its last meeting took from the table and adopted the Moeller resolution authorizing your Board to cause obstructions to be placed in the switches and grooves of the track on Third avenue between Ledyard and Grand River, and we were also told that a motion of reconsideration had since been filed

We sincerely hope that the motion to reconsider will prevail, that the resolution may be rescinded, as we confess that we have for the past 11 weeks without permission of the Common Council or anybody else, run over this track with our little freight car—a track which we have since understood belongs to the city of Detroit.

We respectfully ask that we be not singled out for punishment while all other suburban lines are permitted to carry freight down town

The matter of suburban freight and its regulation is one of great importance to the merchants of Detroit and their country customers, and is a matter which will undoubtedly be solved by the Common Council very soon in a manner satisfactory to all concerned Pending the solution or adjustment of this, this company respectfully suggests that by resolution of the Common Council it be temporarily permitted to use the track referred to under a nominal rental, which if accepted by this company, would operate as an estoppel, and prevent it hereafter if it so desired, from denying the authority of the Common Council in the matter

Will your Board kindly transmit to the Council this communication coupling with it any recommendation you may see fit to make

Should, however the resolution not be reconsidered you will be put to no trouble whatever for a word from your Board, under the instruction of the Common Council, will be enough to cause us not to use it

Very respectfully,
EDWARD W VOIGT
President.

Respectfully submitted,
J W MILLEN
President.

Accepted and placed on file

FROM THE SAME:

To the Honorable the Common Council

Gentlemen: Your honorable body on resolution adopted June 16, 1902, directed the Controller to enter into a lease with Mr. F. T. Sibley for the alley in the rear of lots 9 & 10 of H. Russell's subdivision of the south part of block four (4) south, of Range 11 east, fronting on Third street, the subject to the rights that the persons in the occupancy of the lease and the Detroit and Toledo Railroad Company have or may have to the use of said alley, and that it is not desirable to grant to Frederick M. Sibley the right to lay down a track in said alley, and for the purpose of removing the same, and that it is necessary therefore to rescind the resolution granting

in the rear of lots 59, 60 and 61, H. Russell's subdivision, of the south part of block four (4), Beaufait farm, south side of Kercheval avenue, be and the same is hereby rescinded.

Adopted as follows

Yeas—Ald. Atkinson, Beamer, Bleil, Coots, Fracher, Granow, Haarer, Hanssjosten, Hilger, Houghton, Joy, Koch, Koenig, Lemke, McGuire, Marx, Mayhew, Miller, Moeller, Reinhardt, Schneider, Smith, Snow, Steiger, Tossy, Weibel, Wildman and the President—28.

Nays—None.

By Ald. Steiger.

Resolved, That the City Controller be and he is hereby authorized and instructed to enter into a lease with Frederick M. Sibley for the consideration of one dollar and for a term of three years, for the alley lying in the rear of lots 59, 60 and 61, H. Russell's subdivision of the south part of block 4, Beaufait farm, private claim 29, south side of Kercheval avenue, said property to be used for the purpose of storing lumber, and which said lease is given to protect the interests of the city of Detroit so that the party now occupying the same cannot obtain it through adverse possession.

Adopted as follows

Yeas—Ald. Atkinson, Beamer, Bleil, Coots, Fracher, Granow, Haarer, Hanssjosten, Hilger, Houghton, Joy, Koch, Koenig, Lemke, McGuire, Marx, Mayhew, Miller, Moeller, Reinhardt, Schneider, Smith, Snow, Steiger, Tossy, Weibel, Wildman and the President—28.

Nays—None.

FROM THE SAME

To the Honorable the Common Council

Gentlemen—Referring to your action of the 17th of July, 1900, directing me to advertise for bids for the rental of the stores on the ground floor of the new Grand Army Memorial building, I desire to say that when I came to consider the question of occupying the stores for market purposes, I found some difficulty in advertising the stores for rent. After conferring with the Corporation Counsel on the subject there was a blank form of lease prepared to submit to whomsoever desired to bid for the same, and as recommended by the Corporation Counsel that the same should be under the rules and regulations adopted by the Common Council, I concluded that it was necessary for the bidder to know what those rules and regulations were, and after further conferring with the Corporation Counsel he will prepare either an ordinance of rules and regulations that shall provide for the use of said stores for market purposes.

When submitted they will be in the hands of the Council for adoption or amendment as shall please them.

I also intend that these communications be referred to the Committee on Markets and Corporation Counsel.

Respectfully,

P. A. BLAESER,
Controller.

Accepted and recommendation concurred in.

From the Board of Public Works.

To the Honorable the Common Council:

Resolutions asking consideration of the matter of paving streets within the limits named under the charter clause permitting $200 80 of paving to be contracted for in any one year, without the consent of abutting property owners as follows: River street, Clark avenue to Porter farm, Baltimore avenue, Greenwood avenue to Forsyth avenue respectfully recommend that the following streets within the limits stated, be paved with cedar on concrete foundation, under the clause of the charter referred to. It is estimated that these improvements will cost respectively as follows:

River street from the east line of Clark avenue to the westerly line of the Porter farm	$14,532 00
Baltimore avenue, from the east curb line of Greenwood avenue to the east curb line of Forsyth avenue	1,908 00

Respectfully submitted,

FROM THE SAME.

To the Honorable the Common Council

Gentlemen On July 24 the Board of Public Works sent to your honorable body a communication stating that they had entered into contract with Archibald Grant for the paving of three sections of Mack avenue extending from Baldwin avenue to the easterly city limits the total of the contracts amounting to $20 111 36, and asked that the contracts be confirmed. The whole matter was referred to the Committee on Streets. A meeting of the matter was a communication from the Corporation Counsel also one from the Citizens Street Railway Co, the latter giving the reasons why they could not do their part of the work, and the former as to construction of the ordinance as to the duties of the street railway companies in the matter of paving between the tracks where paving work was being done by the city.

During the two weeks which have intervened a number of conferences have been had by the Committee on Streets the Board of Public Works Corporation Counsel street railway people and the contractor for the paving. The Board of Public Works is exceedingly anxious to comply with the requests of the property owners

or that street and the aldermen of the ward by having the work pushed along rapidly and inasmuch as the paving season is advancing, it is absolutely necessary that some steps be taken at once if the street is to be paved this season. The contractor has notified the Board that he will not commence work until the street car company's tracks are disposed of in some manner, either by being removed entirely from the street or being placed in the center of the street.

A plan was submitted to the Board by the City Engineer, whereby the city's part of the work can be done at once and an arrangement made for a temporary track which has been agreed to by the street car company. A blue print sketch of the proposed plan accompanies this communication, and shows the matter more clearly than can be expressed in words. The Engineer says that the plan is an engineering possibility. The statement of the company in the letter embodied in our communication to your honorable body two weeks ago says "that they would hope to be so situated that they can proceed with the work of the construction of this track during the year 1901."

Considering all the circumstances, the Board recommends that the company be allowed to place the track as suggested by the blue print of the City Engineer.

Respectfully submitted,
J. W. MILLEN
President.

Accepted.

Ald. Steiger and Beamer were excused.

From the City Treasurer.

To the Honorable the Common Council:

Gentlemen—I hereby submit to your honorable body [illegible] with the [illegible] of the Treasurer for the fiscal year ending June 30th, 1901.

It gives me pleasure to inform your honorable body that there has been a considerable increase in the collection of taxes over the preceding year, the only time during the past ten years that the collections have been greater than the preceding year was in 1899. For the first time since the amount of these taxes grew to large proportions there has been a decrease, $87,534.84, in the sum remaining unpaid at the end of the year, and there is no reason to suspect of further reductions, owing partly to the operation of the law requiring the registry of deeds and mortgages until the taxes are paid, and partly to the fact that a smaller number of city lots has been returned for the year, and partly to the industry with which the work of notifying the owners of properties in arrears has been prosecuted.

This work of locating [illegible] and giving them notice of the claim the city has upon the property is much cumbersome and it is to be regretted or [illegible]. Not only is it resulting in additions to the municipality's ready money, but it is also giving satisfaction to the taxpayers thus notified, many of whom learn for the first time of their arrears through communications from this office.

The changes made in the method of administering the affairs of the City Treasury after the beginning of the first term in order to expedite the transaction of business, yet to provide greater convenience for the people, continue to give satisfaction, in that they are settled more [illegible] particularly to the system of [illegible] receipts for all tax payments by the use of a uniform check for disbursements to all city employees except laborers in the Department of Public Works, and to the [illegible] of the members of the police and fire department and other persons in the city service. [illegible] has been dispensed with as much as possible, and it has been the endeavor to give the people all the accommodation consistent with the requirements of the law and [illegible] business principles.

It is due the members of my staff that I call the attention [illegible] able [illegible] to the way [illegible] have [illegible] charged their duties. Not only have they faithfully observed their [illegible] hours, efficient [illegible] there [illegible] has been a gratifying [illegible] their cheerful and [illegible] with one another. The [illegible] showing in this regard [illegible] best [illegible] as a matter of [illegible].

I have [illegible] although the work of the office has been increased [illegible] the [illegible] the taxpayers [illegible] have been [illegible] their dues [illegible] charge made [illegible] time.

The additional work [illegible] were imposed by the [illegible] with the [illegible] [illegible] [illegible]

From the Public Lighting Commission.

To the Honorable the Common Council

Gentlemen This Commission has been petitioned by the Knights of Pythias Executive Committee to place forty arc lights on the encampment grounds to be located upon the Eastern Boulevard, between Champaign and Mack avenues, and extending two blocks in either direction This lighting will commence about Aug 25th and last ten days

As this expense is not one chargeable directly to the operation of the public lighting plant and as this Commission has no funds available for such a purpose neither has it authority to spend money in such a manner, we herewith submit our estimate of the cost of such lighting:

For erecting all necessary poles striking wire etc line gang 7 days at $20 a day	$140 00
For hanging and cutting in 40 arc lamps lamp wagon gang 2 days, at $5 a day	10 00
For new material to be furnished and loss on construction	99 80
For furnishing current at actual cost, including trimming etc, 1,674 Kilowatt hours (estimated) at 2 7c per K W hour	45 20
A total of	$295 20

This Commission will be pleased to do this work upon being directed by your honorable body, and the City Controller will be directed to pay to this Board the actual cost of the installation as per the above estimate

Markets.

To the Honorable the Common Council

Gentlemen—Your Committee on Markets to whom was referred the resolution of Ald. Beamer, offered at a session held on the 1st inst., requesting this committee to consider the advisability of placing bicycle stands upon the Eastern and Western Markets, respectfully report that we have carefully investigated the matter and beg leave to state that we are of the opinion that it is absolutely necessary that bicycle stands be placed upon both of these markets for the protection of the bicycles used by those visiting there during the busy hours of the day.

At present a wheel is liable to be trampled upon by horses and ruined entirely, and we feel that at but a small expense proper protection could be afforded. We therefore recommend that the Board of Public Works be instructed to cause such suitable stands to be placed upon the Eastern and Western Markets, and herewith offer the following resolution

AN ORDINANCE permitting the construction by William McKay of a spur track from the west bound main line of the Wabash railroad diagonally across Ferdinand street, and in and upon certain lands on the easterly side of said Ferdinand street and adjoining the northerly line of the right of way of the said Wabash railroad.

It is hereby ordained by the people of the City of Detroit:

Sec. 1. Consent, permission and authority are hereby granted William McKay to construct, operate and maintain a single railway track from the west bound main line track of the Wabash railroad, diagonally across Ferdinand street, to the lots lying on the easterly line of said Ferdinand street and adjoining the northerly line of the right of way of said Wabash railroad. The course of said track being more fully set forth upon a plat or drawing, filed in the office of the City Clerk of the City of Detroit.

Sec. 2. Said track shall be laid under the supervision of the Board of Public Works, and shall conform to the grade of the street and in a manner as to least interfere with the ordinary travel on said street.

Sec. 3. Said grantee is authorized to use said railway or track only for the purpose of such lawful business as may be conducted, and carried on upon the premises, by the occupant thereof. The cars to be used on such railway or track shall be propelled by horse power during the hours of the day. Steam power may be used to propel the cars to be used on said railway or track during the hours of the night, the entire design of this grant being to permit transportation to and from the premises of said grantee.

Sec. 4. The grantee shall keep the surface of the streets in good repair and order, and shall restore said streets, pavements, sidewalks or ground to an equally good condition as when disturbed.

He shall also be required to lay and maintain between the rails in the streets crossed thereby, and one foot on the outer side of each rail, planks so laid as to be flush with said track.

He shall fully indemnify and save harmless the City of Detroit from any and all claims of damages for which the said city might be made or become liable to pay by reason of the construction, making or operating of said railway, or the giving or allowing of the license, right and privilege hereby granted.

Sec. 5. The privileges hereby granted shall in no wise restrict or alter the right of the City of Detroit or any of its authorized municipal boards or officers to enter upon such street and occupy the same in building public works or for general purposes of any kind whatsoever.

Sec. 6. No car or the engine thereto attached, shall be allowed to remain or stop on said street so as to obstruct the free and ordinary use thereof and no cars shall be permitted to remain on said track during the hours of the day or night.

Sec. 7. It is reserved to the Common Council of the City of Detroit the right to make amendments to this grant and ordinance and such other rules, orders or regulations as may from time to time be deemed by the Common Council necessary to protect the interests, safety, welfare or accommodation of the city and public in relation to such railway.

Sec. 8. This ordinance shall take effect immediately upon the filing of a written acceptance on the terms thereof in the office of the City Clerk of the City of Detroit, by the said William McKay.

Sec. 9. The right to repeal this ordinance at any time is expressly reserved.

Approved July 31, 1900.

COMMUNICATIONS.

From the Mayor.

To the Honorable the Common Council

Gentlemen—I transmit herewith a communication received from J. C. Hemphill, asking

ager of the department of promotion and publicity of the South Carolina Inter State and West Indian Exposition company

From the communication of Mr. Hemphill, it seems that the South Carolina Inter State Exposition company proposes to hold an exposition in the city of Charleston beginning the 1st of December 1901 and continuing until the 31st of May 1902. It appears from the communication further that $1 000,000 is available for the promotion of the exposition and the further sum of one-quarter of a million is expected in aid thereof from the United States government. The larger cities of the union are being appealed to with the earnest request that they participate in the exposition by displaying the products of their manufactories and of their arts and it is with this purpose that the communication of Mr. Hemphill is sent to the undersigned for the information of our fellow citizens.

It would seem to me proper that this matter should be referred to a committee of your honorable body to make such report and recommendation regarding the exposition as may seem to such committee meet and proper after having made further and thorough investigation of its merits.

Respectfully submitted,

WILLIAM C. MAYBURY,
Mayor.

Accepted, and referred to special committee to be appointed.

FROM THE SAME

To the Honorable the Common Council:

Gentlemen: I have subject to the disposal of your honorable body Admiral Dewey's flag flown by the Admiral on the flagship Olympia at Manila bay, and bring the first flag adopted for an admiral. The flag was presented at home by the ladies and officers of the Olympia on the occasion of a visit to that war vessel, and in the possession of his recent visit Admiral Dewey at my request placed upon one of the stars of the flag in addition to the big his name and the date of his visit to Detroit.

The flag has been upon the Olympia as the flag of Commodore Dewey and on the occasion of his being raised to the rank of admiral by action of Congress an addition to star was added to indicate his promotion to the highest office in the American navy.

While it is not my desire or purpose to interfere in any respect with any disposition which your honorable body may see fit to make of this very precious trophy I would beg to recommend that the flag be presented to the directors of the Art Museum and that it should be held subject to the action of the Common Council and be returned to the city on any occasion when so desired when asked for by your honorable body or at the request of the Controller.

I would further recommend that we accede to the desire of the Michigan Naval Reserves I have possession of the flag for any occasion which its possessors may seem fit to display the colors and that the flag be not loaned for longer periods and at the expiration of such time it be returned to the Art Museum.

I make these recommendations because the custody of the flag seems to rest in the Naval Reserves and on account of its destruction, and therefore only temporary use on occasions as may seem to be contemplated. It will be seen by a greater number of people if it is kept as it doubtless will be by the directors of the Art Museum in a case or safe prepared for it and where it will be preserved as long as it is possible for it to last and be an object of interest not only to the present, but to future generations.

Awaiting the action of your honorable body, I am

Very cordially,

WILLIAM C. MAYBURY,
Mayor.

Accepted and leave being granted the following resolution was offered:

By Ald. Merrell:

Whereas, His Honor the Mayor has by communication informed the council that he is prepared to turn over to the city the flag presented to him by the officers of the United States battleship Olympia and being the first flag flown on said vessel as the flag of Admiral Dewey, therefore be it

Resolved, That the city accept the flag and that the same be transmitted direct to the directors of the Detroit Museum of Art with the request that it be so placed as to be preserved as long as possible and in some convenient place in said Museum so as to be seen by all visitors where the flag may be readily seen.

Resolved, That in transmitting said flag to the Museum of Art the city reserves the right to demand possession of said flag at any time for any purpose which the city may deem proper and for the use of the Michigan Naval Reserve or by such person who may be in possession of the flag may be loaned by the members of the said Reserves for any occasion which the city may deem of public and proper interest.

Resolved, That the Controller be and he hereby is authorized to enter into such agreement with the Board of Directors of the Art Museum as may be necessary for the proper custody of the flag and the carrying out of the conditions of the foregoing resolution.

Ald. Merrell moved the adoption of the resolution.

Ald. Codd moved as an amendment that the resolution be laid on the table which motion was not supported.

The motion of Ald. Merrell then prevailed as follows:

Yeas—Ald. Atkinson, Hosmer, Iacobs, Fischer, Graham, Hare, Hodges, Hughes, Houghton, Lee, Kay, Lemke, Merrow, Moore, Mayor Maybury, Morse, Moore, Peltier, Rowland, Schleicher, Smith, Snow, Steger, Thompson, Walker, Weber, Wedemeyer and Zeigler, President—25.

Nays—None.

From the Controller.

To the Honorable the Common Council:

Gentlemen—The Board of Public Works reports the Warren-Scharf Asphalt Paving Co. entitled to its third estimate for the third year ending Aug. 1st, 1900, under its asphalt repair contract confirmed July 15, 1897. The streets embraced therein as measured by the City Engineer whose measurement is final under the contract are as follows:

	Square yds.
Cass avenue, Ledyard to Warren	26,711.00
Hancock avenue, Woodward to Hastings	8,116.00
Jefferson avenue, Woodward to R. R. bridge	32,759.00
Jefferson avenue, Wayne to Woodward	8,061.00
Putnam avenue, Cass to Twelfth	13,854.00
Ferry avenue, Woodward to Hastings	8,219.00
Palmer avenue, Woodward to Hush Farm line	3,077.53
John R. street, Warren to Palmer	5,962.64
Total	106,760.17

Under the contract 25 per cent of the actual contract price of $1.00 per square yard was due Aug. 1st, 1900. The board therefore recommends the third payment for the third year as stated from the general road fund, $2,401.85.

Respectfully submitted,

To the Honorable the Common Council

Gentlemen Your Committee on Streets to whom was referred the petition of James Armstrong for compensation for grading Francis street respectfully report that we have given the matter careful consideration and beg leave to state that after a hearing through investigation by this committee of the Board of Public Works that this same claim was decided by the council at a session held on July 9 1896 (J C C 1121 The reasons for said denial were that Mr Armstrong let the work without any order or permission from the board and that he made said roadway for the purpose of gaining access to his own property

Your committee cannot see any reason why it should disagree with the action of the committee who had the matter under consideration in 1896 and therefore recommend that the prayer of the petitioner be denied

FROM THE SAME

To the Honorable the Common Council

Gentlemen Your Committee on Streets to whom was referred the resolution of Ald Tossy requesting this committee to consider the advisability of paving two streets one each with cedar and brick under the per diem system respectfully report that your committee feel that a trial should be made of paving two streets under the per diem plan We do not believe that a large job should be undertaken at this time but a portion of the streets of the second ward might be had of about two blocks each of pavement It is only an experiment and we feel it is well experimenting now as any other time If it is the intention of this body to determine whether or not the work can be done cheaper by the letting of contracts or the work being done by the Board of Public Works under this system

We therefore recommend that the Board be instructed to construct two blocks of two different streets to be paved with cedar and brick respectively under the per diem system and we herewith offer the following resolution

The ordinance as amended was then referred back to the Committee on Ordinances

FROM THE SAME

To the Honorable the Common Council

Gentlemen Your Committee on Ordinances to whom was referred the ordinance offered by Ald Joy relative to the levying of assessments for the construction of lateral sewers would respectfully report that we have carefully considered the same and beg leave to state that the ordinance is in form but we do not think it will be necessary that the assessments should be made for the entire cost of lateral sewers but only for such part as is to be paid by the property benefited which would be level upon the advice of the Corporation Counsel We would therefore recommend that the ordinance be amended by striking out all after the enacting clause and inserting in lieu thereof the following

The Board of Public Works is hereby authorized and directed to construct a lateral sewer in Lafayette avenue from the west line of Rivard street to the east line of Antoine street and to assess the cost thereof upon the property benefited thereby

Sec 2 That the Board of Public Works shall cause to be made a plat of the district benefited by the construction of said sewer and shall cause to be made an assessment roll for the collection of the cost of said sewer from the property benefited thereby

COMMUNICATIONS.

From the Mayor.

To the Honorable the Common Council:

Gentlemen: I herewith return without approval the petition of the property owners of Fourth street between Grand River and Fort avenues, filed in my office on the 21st day of August last, for confirming contract with the American Asphalt Co. for the paving of Antoinette street

from Cass avenue to Second avenue, with sheet asphalt and also contracting with the same company for the paving of Ferry avenue, from Woodward avenue to Cass avenue, with sheet asphalt.

In all cases where streets were to be repaved and special recommendation and appropriation made by your honorable body and the Board of Estimates for repaving with asphalt, I have not entered my dissent, although I am, as heretofore, utterly opposed to the laying of sheet asphalt until we can have a better experience with this pavement than we have had in the past. In the case of the two streets mentioned, the expense of paving is to be assessed upon the property owners and it is contended that since they have requested the laying of asphalt in the streets their request should be complied with. I cannot agree with this view because if the pavement asked for is one which is unsatisfactory on other streets of the city and in view of the fact that repairs and repaving fall upon the general taxpayer it seems to me to be the duty of city authorities to see that a durable pavement is laid and that no pavement which if not durable should be laid, even though petitioned for by property owners. The city at large will inherit the evils of any such mistake as this. I have approved the action of your honorable body in the paving of certain streets with asphalt block in order that there may be a fair test of this style of pavement but consistent with my views as heretofore expressed to your honorable body and to prior councils, I dissent from the action of your honorable body in ordering any more sheet asphalt laid until an experience better than we now have is shown for this kind of pavement.

The city is built to erect an asphalt repair plant which will certainly be necessary in the very near future to take care of the asphalt pavements we now have and which are now being torn up for repairs at the hands of parties to the contracts for this purpose. I believe it is good policy for us to make haste slowly in this matter and for this reason, I have disapproved the proceedings to which this communication refers.

Respectfully submitted,

WILLIAM C. MAYBURY,
Mayor.

Accepted.

On motion of Ald. Moeller the vote by which the resolution confirming contract with American Contracting Company for paving Ferry avenue from Woodward to Cass avenue with asphalt was adopted was then reconsidered as follows:

Yeas—Ald. Atkinson, Beamer, Biehl, Coots, Deimel, Drecher, Haarer, Hansjosten, Hilger, Houghton, Joy, Krauss, Koch, Koenig, Lemke, McGraw, McGuire, Mayhew, Merrell, Miller, Moeller, Peoples, Reinhardt, Snow, Steiger, Tossy, Weibel, Weiss and the President pro tem.—29.

Nays—None.

Ald. Moeller then moved the adoption of the resolution notwithstanding the veto of the mayor, which motion prevailed, as follows:

Yeas—Ald. Beamer, Biehl, Coots, Deimel, Drecher, Haarer, Hansjosten, Joy, Krauss, Koch, Koenig, Lemke, McGraw, McGuire, Mayhew, Merrell, Miller, Moeller, Peoples, Reinhardt, Snow, Steiger, Tossy, Weibel, Weiss and the President pro tem.—28.

Nays—Ald. Atkinson, Hilger and Houghton—3.

FROM THE BOARD

To the Honorable the Common Council

Gentlemen: Referring to [illegible] of the Board of Public Works [illegible] ing [illegible] ers [illegible] of [illegible] the [illegible] to the City Clerk for [illegible] Detroit City Gas Company to furnish

natural gas for heating purposes in the City Hall and Municipal Court building, permit me to say

As soon as the mayor signed the proceedings of the council, for Aug 14, I wrote the gas company on Aug 20, and attached to the letter the printed report of your Committee on Public Buildings of July 10, and also the printed proceedings of Aug 14, and advised them that I understood your action of Aug 14 to mean that the city would enter into a contract with the gas company for gas for heating the City Hall and the Municipal Court building at eighteen (18) cents per thousand feet, the gas company to furnish all of the fixtures and be at all of the expense putting in the fixtures and connections

On Aug 22, I received an answer from the gas company that they did not understand the action of the Council as I had written but that they did understand the action of the Council to accept of their proposition to furnish the gas for the purpose above named, and said

We hereby formally ratify the acceptance by the city of our proposal to furnish natural gas for heating the City Hall and Municipal Court buildings at the rate of eighteen (18) cents per thousand cubic feet, and are prepared to begin to furnish the gas whenever directed so to do

It is not clear however from whom the city proposes to obtain the burners and fixtures necessary to use gas under the boilers Should the order therefore be placed with us we will promptly install them at the price of four hundred and ninety five dollars ($495 00) upon receipt of order

Respectfully
DETROIT CITY GAS CO

As I understand the action of the Council, it was by virtue of the council to have the Board enter into contract with the gas company for gas at the price offered and the company to furnish the fixtures and be at the expense of putting them in place It is for the purpose of ascertaining whether I am right in my construction of the action of the Council of Aug 14 This matter of providing for the gas for heating the City Hall and the Municipal Court Building should be passed up at the 4th September (the 11th), the council in both branches will have resumed full work and by that time the Board will require the electricians to be found for over a few days will annoy the people desiring to see them at that time

I recommend that this communication and reply be referred to the Board of Estimate and Control and their action of same be reported to the Committee on Public Buildings

Respectfully
F A BLADES
Controller

Accepted and recommended to be concurred in

FROM THE SAME

To the Honorable the Common Council

Gentlemen In accordance with the resolution of your honorable body adopted June 6 last, I have examined [illegible] W T Brown and Peter M Shoey of a portion of the [illegible] the line of Kercheval and Beaufait with certified and approved by the Corporation Counsel for your approval

Respectfully,
F A BLADES,
Controller

Accepted and referred to Committee on Ways and Means

From the Corporation Counsel.

To the Honorable the Common Council

Gentlemen On the 24th day of April, the Corporation Counsel was instructed by your honorable body to prepare proper resolutions for the condemning and widening of Miami avenue where the same is not already widened, so as to make the street 120 feet in width

I beg leave to call the attention of your honorable body to the fact that a bill in chancery has since been filed by the owners of abutting lots on Miami avenue seeking to establish title by prescription to a strip of land 10 feet in width on each side of this street

For the city to file a petition to condemn these strips would be an admission by the city which would be used against it in the said suit I would, therefore recommend to your honorable body that you rescind the resolution passed April 24, and await the outcome of the present suit against the city

TIMOTHY E TARSNEY,
Corporation Counsel.

Gentlemen The building on the corner of Cass, Grand River and Adams avenues, known as the Grand Army Memorial and Market Building is now nearly completed by the contractors They will be ready to turn over the building to the city of Detroit or its constituted authorities in a little time The fact that the building has been delayed from the time specified for its completion by the contract now about 11 months also the fact of any incidental expense that the city might have incurred on account of this delay and the further fact that the city has been without the rent of this building from the time it should have been completed according to the terms of the contract until now are questions that ought to be considered and disposed of by your honorable body I recommend that this communication be referred to the Committee on Public Buildings, with the original contract for the erection of the building in order that the said committee may have the contract and all the facts in relation to the construction of this building before them, and be prepared to report to your honorable body the necessary action for the taking of the building or any modification of the acceptance of any amount large or small in consideration of such delay, that at the earliest possible date the Grand Army people may be put in possession of such part of the building as the city authorities are to occupy and the remainder of the building be prepared to rent the lower part as it was designed for market purposes

I think that within another week the building will be in shape to be turned over by the contractor and your committee be able possibly to report on one and certainly not more than two weeks from this date and the whole matter be thus settled and disposed of

FROM THE SAME.

To the Honorable the Common Council.

Gentlemen—At the last meeting of the Board of Health a resolution of [illegible]

which the following is a copy was adopted

"That a copy of the map and report of the Sanitary Engineer on the matter of the alley in the block bounded by Uthes, Dix, Clark and McKinstry avenues, be referred to the Common Council of the city of Detroit with a request of the Board of Health that the nuisance complained of be abated by ordering the opening of the alley described and directing the Corporation Counsel to take the necessary steps to that end

"Detroit Mich., Aug. 3d, 1900.

"W. R. Baker, M. D., Health Officer.

"Dear Sir: Your attention is respectfully called to the unsanitary condition existing in the block bounded by Uthes, Dix, Clark and McKinstry. In the original plat to the city of this block, no provision was made for an alley consequently they have no lateral sewer and no drainage. At the present time there are some 17 or more houses whose drainage runs into filthy privy vaults, which are a menace to the public health. There have been several cases of typhoid fever in these houses which the attending physicians feel have been due to the conditions stated. All the people in the block with the exception of one who owns the strip running through the center are anxious for an alley and a sewer. The one party mentioned blocks the way. I am informed that the matter was before the former Corporation Counsel and has been in the Recorder's court with no results. In a case like this the Board of Health have the power to force matters to a settlement. See Revised Ordinances, chapter 81, section 7.

Respectfully,
A. B. RAYMOND,
Sanitary Engineer.
W. G. WILLIAMSON,
Plumbing Inspector.
JOHN CAMPBELL,

AN ORDINANCE to provide for the grading and paving or regrading and repaving of alleys in the City of Detroit

It is hereby ordained by the people of the City of Detroit

Section 1 Alleys in the City of Detroit may be ordered graded and paved, or, if already paved may be ordered regraded and repaved by the Board of Public Works and the Board of Health

Provided, That the Common Council shall not in any one year enter into contracts for the grading and paving

of streets, alleys and public places, the cost of which will exceed in the aggregate two hundred thousand dollars except upon the petition of owners of the larger portion of the real estate directly abutting upon the portions of the street or alley proposed to be improved.

Sec. 2. When the alley is ordered graded and paved or regraded, repaved or repaved, the resolution shall declare generally that it is ordered that the alley within specified limits be graded and paved and shall direct what kind of pavement may be advertised for. And when an alley is ordered regraded and the pavement relaid said resolution shall declare generally that it is ordered that the alley be regraded and the pavement relaid, and in each case the resolution shall declare further that for the purpose of assessment to defray the expense of such improvement, the lots and parcels of real estate abutting on, or adjoining so much of said alley as is ordered to be improved, in each block through which said alley to be paved may run, shall constitute a local assessment district.

Sec. 3. The City Engineer, upon the passage of the resolution establishing a local assessment district or local assessment districts as provided in section two, shall forthwith proceed to ascertain the quantities of work and materials requisite to the improvement so therein and to estimate the expense of advertising and of banks and of the inspection of the work during its progress and also an estimate of the expense of the publication of the notice hereinafter provided for. In each local assessment districts numbering each lot in the order fixed by the resolution of the Council and shall make a report of the same in duplicate, and shall sign the same as near as may be, and also deliver one to the Board of Assessors and one to the Board of Public Works.

Sec. 4. It shall be the duty of the Board of Public Works as soon as they receive the report of the engineer as in section 3 provided, to proceed to advertise for five (5) days therein ordered by resolution of the Common Council in the official paper of the city for bids for making such improvements, with the kind of pavement, if any they shall have been directed to advertise for by the Common Council and required by the City Charter. Such advertisement shall specify the time and place when and where such bids shall be opened by the Board of Public Works in the presence of such persons as shall choose to be present and the Board of Public Works may enter into contract with the lowest responsible bidder for the whole or any part of the improvement, but no bid shall be accepted or contract awarded for any portion of the work in excess of the estimate of the engineer, unless the Board of Public Works shall deem it for the interest of the city to do so, in which case they shall report the bid or bids in excess of such estimate to the Common Council for its action thereon. The Board of Public Works may reject any and all bids and may readvertise for proposals for the work if in their judgment it will be for the interest of the city so to do. If no bid is received which the Board of Public Works deem reasonable, they shall report that fact to the Common Council, which may thereupon order the work done by the day or by the job, or may order the same readvertised.

Sec. 5. Upon the report of the contract made by the Board of Public Works as above provided, the Common Council may by resolution confirm or reject the contract or contracts reported by the Board and in case of rejection the Common Council may direct further advertisement for other bids. Such contracts shall contain the provisions usual in such contracts as the Board of Public Works shall deem necessary and proper for the interests of the city and as required by the ordinances and charter and shall among other things provide that the contractor shall look only to the returns from the assessment district or districts for payment for all work done and sums due under said contract. Provided that when the contract is reported by the Board of Public Works to the Common Council for confirmation, the Common Council may require such additional provisions inserted as shall to it seem proper but not inconsistent with the city charter or laws and after the same is amended and executed may either reject or confirm the same.

Sec. 6. It shall be the duty of the Board of Assessors immediately upon receiving the report of the City Engineer, as in section three provided for, forthwith to make a list of property in each assessment district which shall have been established by the Common Council and said Board of Assessors shall have such list or lists in readiness to make the assessment roll or rolls upon confirmation by the Common Council of the contract or contracts for said improvement.

Upon confirmation by the Common Council of said contract or contracts the Board of Assessors shall proceed to make to assessment roll for each local assessment district assessing upon the lots and parcels of land abutting on or adjoining the alley in that district the expense of grading and paving or regrading and repaving the pavement or repaving said alley in said district including the expenses reported by the engineer for advertising and for publication and of banks and for inspection of said work. The cost of the improvement in any district shall be apportioned and assessed upon the property in such district according to the benefits which the respective lots and parcels of land abutting on such alley in said district will receive from the improvement, and not according to frontage as in the case of the pavement of streets.

Upon completion of said roll or rolls the Board of Assessors shall fix a time and place for hearing any person or persons who may desire to object to such assessment and said board shall give notice of such time and place by publication thereof for three days in the two newspapers published in the city of lowest rates. Such notice shall be in form as follows:

NOTICE
ALLEY PAVING ASSESSMENT

The assessment roll has been completed for the purpose of paving the alley running from ... street or avenue to ... street or avenue in the block bounded by ... (street or avenue), ... (street or avenue), ... street or avenue), and is now open to inspection

at this office All lots or parcels of land abutting on or adjoining the alley so described have been assessed for such improvement

(If the improvement embraces more than one assessment district repeat the foregoing describing the course of the alley and its boundaries)

The Board of Assessors will meet on ——, the —day of — 19— at — o'clock M, at their office in the City Hall Detroit, to hear any person or persons desiring to object to any assessment so made

Detroit, ————, 19—

Board of Assessors,

—

Secretary

Within a reasonable time after the date fixed for said hearing as aforesaid, the said roll or rolls shall be submitted to the Common Council for confirmation, and upon such confirmation the same shall be turned over to the Controller

Sec 7 The Controller upon receipt of the said assessment roll or rolls, shall make the necessary entries in his book as required by the ordinance and may retain the same in his office in his discretion until work under the contract which shall have been made is commenced He shall at that time or at such time previous to the commencement of the work as he shall deem expedient deliver said assessment roll to the Receiver of Taxes and thereafter such proceedings shall be taken thereupon as are provided in the City Charter and ordinances for the collection of special assessments

Sec 8 The Board of Public Works may employ an inspector to superintend the improvement in each local assessment district under this ordinance whose duty it shall be to superintend the work of such improvement and see to it that all the specifications of the contract for the work are complied with under the direction of such employers Such inspector may be discharged by said board in its discretion and his compensation shall not exceed the rate of three dollars per diem of the contractor's work to be paid out of the city treasury and out of the assessment on the local assessment district upon which he is employed and said inspector at the request of said board shall report the progress of the performance of the contract, as required from time to time

Sec 9 The various city officers whose duties are prescribed by this ordinance shall take due notice of the resolutions of the Common Council which shall be passed under this ordinance and of the proceedings and reports of each other as herein provided for and shall proceed to discharge their several duties in the order herein prescribed, without further notice

Sec 10 Whenever the Common Council shall determine that an alley in the city of Detroit shall be graded and paved or regraded and repaved under the provisions of this ordinance it shall be the duty of the Board of Public Works to serve upon the owners of the several lots or parts of lots fronting on such alley a written or printed notice requiring the owners of the several lots or parts of property abutting on said alley to connect with the water pipes gas pipes and sewers that may be laid in the said alley, except where such connections have already been made and rebuild and put to grade the areas if deemed necessary by the said board If abutting on or adjoining said alley there is any vacant or unoccupied lot or premises and the owner owners agents or agent thereof, cannot be diligently found the said Board of Public Works shall post said notice as aforesaid in some conspicuous place upon such lot lots or premises

Sec 11 In case of default or neglect on the part of any owner, occupant or agent to connect with the service pipes or sewers or rebuild and put to grade the areas as aforesaid, or in case the notice posted on any unoccupied lot lots or premises shall fail to come to the notice of the owner, owners, agent or agents thereof and the time of such notice has expired, the said Board of Public Works may cause such connections to be made and areas to be rebuilt and put to grade, and the expense thereof shall be reported to the Board of Assessors and by them assessed upon the property benefited by the connections and changes in areas so made and reported to the Common Council for confirmation and such assessment, when confirmed by the Common Council shall be a lien upon the said property until paid, and such lien shall have the same force and effect as provided in the case of other special assessments

Sec 12 This ordinance shall take immediate effect

COMMON COUNCIL

(SPECIAL—OFFICIAL).

Detroit, Saturday, Sept. 1, 1900.

The Council was called to order by the President, Hon Robert Barrie

Present—Ald Atkinson, Beamer, Belne, Fricher, Haarer, Hanstein, Jos Knauss Koenig, Lemke, McGuire Miller, Moeller, Reinhardt, Scheller, Smith, Snow Stelger, Tyler Weibel and the President—21.

There being a quorum present the Council was declared to be in session

The Clerk read the following

Special Call.

John A Schmid Esq, City Clerk:

Sir You will please cause a notice to be issued, calling the members of the Common Council to assemble at the Council chamber tomorrow Saturday, at 10 30 o'clock in the forenoon

There will be laid before this special session of the Council the report of the committee on grade crossings, together with the contract for the separation of the grades of Woodward avenue as heretofore agreed upon between the city of Detroit and the several railroad companies involved The contract is substantially in form as heretofore adopted by your honorable body, except in one particular In order to obtain the immediate signature of the Lake Shore & Michigan Southern Railroad Co, to the contract it was necessary for the city to assume in the contract liability for any damage that might be occasioned to the assets of said company, Messrs Pittman and Dean, coal dealers in occupying a portion of the right of way of the Lake Shore & Michigan Southern Co on the west side of the crossing at Woodward avenue As the Lake Shore Railroad Co, with other companies, waives any damages that might be awarded to them severally it seemed to the Committee the Corporation Counsel and the Mayor that this concession would involve little if any liability, and that whatever that liability might be, should be assumed by the city under the general terms of the agreement In other words the lessees Messrs Pittman and Dean, shall stand in the same relation as other property owners or lessees in the matter of the improvement contemplated.

I would, therefore most respectfully recommend that your honorable body confirm the contract as presented to you by the committee and my own official act in signing the same on Mayor for and on behalf of the city I believe this to be a step, the result of which in the very near future will be the complete separation of grades and the accomplishment of a work long in contemplation, and which accomplishment will be a matter of very great benefit and pleasure to all our people

Respectfully submitted

WILLIAM C MAYBURY

Mayor.

Accepted and placed on file.

REPORT OF COMMITTEE.

Grade Separation.

To the Honorable the Common Council

Gentlemen—Your Committee upon Grade Separation, respectfully report that the agreement relative to the separation of grades at the Woodward avenue crossing has been executed with some slight modifications

The Pittmans & Dean Coal Co is a tenant of the Lake Shore & Michigan Southern Railway Co, and occupies certain parts of the right of way of that company for the purposes of a coal yard, and the railway company desires to assume the payment of any damages to which the Pittmans & Dean Co. would be entitled.

Mr Dean of that company is out of the city and could not be consulted as to the matter and the agreement as executed contemplates the payment by the city of any damages which may be awarded to the Pittmans & Dean Co

Your Committee further report that efforts have been made to effect a settlement with the owners of property abutting on the portion of Woodward avenue the grade of which is to be changed according to said plan but your Committee has been unable to effect such settlement

The sections of the agreement affected by the modifications are as follows

Section 1 was modified to read as follows

1 That the City of Detroit shall by proper ordinance at once change the grade of said Woodward avenue at the said crossing of said railroads so as to conform to the grade shown on the annexed plans, and shall thereby authorize the construction of the said railroads overhead, across such new grade as shown by said plans and it shall and hereby does assume the payment of all damages if any there shall be, to the property, leasehold, interest and business of the Pittmans & Dean Co lessees of the said Lake Shore & Michigan Southern Railway Co and also all abuttal damages, if any there be to property of persons other than the parties of the second part arising in any way from such change in the grade of said avenue, and all costs expense charges or liability in any proceedings which may be instituted to effect such separation of grades or which may be instituted to prevent the performance of this agreement it being understood that the performance on their part of the contract shall release and discharge the said second parties from any and all assessments charges damages or liabilities and be accepted as a full discharge and acquittance of all obligations present or future to all abutting owners or arising from the failure by said party of the first part to adjust or pay such damages, costs or expenses in connection with such grade separation and change of grade, and the party of the first part hereby assumes to itself and agrees to pay and assume and indemnify and save harmless said parties of the second part, and each of them from and against all such assessments, damages, costs or expense except for construction as hereinafter mentioned without charge recourse to or re charge over or against said second parties or either of them and the parties of the second part hereby waive any and all claims

for damages by reason of the change of the grade of said street to any abutting property owned or controlled by them or either of them but this matter shall not affect any claims which may be made by the said Pittmans & Dean Co

Again, just before the last clause of paragraph 7 of said agreement as it appears in the proceedings of Aug 3, page 651 the following was inserted

"It is further agreed that at any time or times hereafter either of said parties of the second part may construct and maintain additional bridges and carry additional tracks from its right of way over and across Woodward avenue at the same grade and substantially upon the same plans as to supports and otherwise as are herein provided for carrying existing tracks over said avenue."

Your Committee recommends the ratification of said agreement, as modified and executed, and herewith offers the following resolution

Respectfully submitted,
W H BEAMER,
JOHN WEIBEL

Accepted and on leave the following resolution was offered

By Ald Beamer

Resolved That the execution of the agreement between the city of Detroit party of the first part, and the Michigan Central Railroad Co the Lake Shore & Michigan Southern Railway Co, and the Grand Trunk Railway Co, of Canada submitted to this body on the 9th day of August last, and appearing in the proceedings at page 650, modified according to the foregoing report be, and the same is hereby ratified and confirmed

Adopted as follows

Resolution.

By Ald. Beamer.

Whereas The Common Council of the city of Detroit at a special meeting thereof called for that purpose held on the 9th day of August 1901, authorized and directed the Mayor and the City Clerk of the city of Detroit, to execute, on behalf of the city an agreement with the Michigan Central Railroad Co. the Lake Shore & Michigan Southern Railway Co, the Grand Trunk Railway Co of Canada, the Detroit Citizens Street Railway Co and the Detroit Suburban Railway Co, for the separation of grades at the intersection of Woodward avenue with the rights of way used by the said Michigan Central Railroad Co, the Lake Shore & Michigan Southern Railway Co and the Grand Trunk Railway Co of Canada, between Bridge and Baltimore avenues according to the plans and specifications attached to said agreement which are now on file in the office of the City Clerk a copy of the agreement is hereto attached and

Whereas Said agreement has been duly executed by the parties thereto and the execution thereof has been ratified and confirmed by the Common Council and

Whereas The Common Council has been unable to effect a settlement or compromise with all the parties having an interest in the rate splitting on that portion of the said Woodward avenue the grade of which is to be changed according to the said plan and which may be damaged by the proposed change of grade, and

Whereas The grade crossing at the point named, as heretofore maintained has long been dangerous and a constant menace to human life and a separation of grades at that point will facilitate travel and promote traffic upon said Woodward avenue therefore be it resolved That the Common Council of the city of Detroit hereby declares that it is necessary for the public benefit to make such separation of grades in accordance with the plan prescribed by said agreement,

Resolved That the City Clerk be and he is hereby instructed to file in the office of the Corporation Counsel a certified copy of the foregoing resolution, and to record the same in the office of the Register of Deeds for the County of Wayne

Adopted as follows

Yeas—Ald Atkinson, Beamer, Delmel, Fracher, Haarer Hansjosten, Joy, Knauss Koenig Lemke McGuire, Miller, Moeller, Reinhardt, Schneider, Smith, Snow, Steiger Tossy, Weibel and the President—21.

Nays—None.

The following is the agreement referred to in the foregoing resolution which was ordered printed in the proceedings

Agreement made this 13th day of August, 1901, between the City of Detroit party of the first part and the Michigan Central Railroad Company, The Lake Shore & Michigan Southern Railway Company and the Grand Trunk Railway Company of Canada the Detroit Citizens' Street Railway Company and the Detroit Suburban Railway Company, parties of the second part, WITNESSETH

WHEREAS, The party of the first part desires to discontinue the grade crossing of the highway known as Woodward Avenue in the said City by the Michigan Central Railroad Company the Lake Shore & Michigan Southern Railway Company and the Grand Trunk Railway Company of Canada and to substitute therefor an overhead crossing by said railroads and the parties hereto by their duly authorized representatives have reached an agreement as to the method and the terms and conditions of effecting such change in said crossing

NOW, THEREFORE, In consideration of the mutual undertakings of the parties, hereinafter expressed, it is agreed

1 That the City of Detroit shall by proper ordinance at once change the grade of said Woodward Avenue at the said crossing of said railroads so as to conform to the grade shown on the annexed plans and shall thereupon authorize the construction of the said railroads overhead, across said new grade as shown by said plans and it shall and hereby does assume the payment of all damages if any there shall be to the property leasehold interest and business of the Pittmans & Dean Company, lessee of the said Lake Shore & Michigan Southern Railway Company and to all partial damages, if any there be to prop-

erty of persons other than the parties of the second part arising in any way from such change in the grade of said Avenue and all costs, expense charges or liability in any proceedings which may be instituted to effect such separation of grades, or which may be instituted to prevent the performance of this agreement, it being understood that the performance on their part of the contract shall release and discharge the said second parties from any and all assessments charges, damages or liabilities and be accepted as a full discharge and acquittal of all obligations, present or future, to abutting owners, or arising from the failure by said party of the first part to adjust or pay such damages costs or expenses in connection with such grade separation and change of grade, and the party of the first part hereby assumes to itself and agrees to pay and assume and indemnify and save harmless said parties of the second part and each of them from and against all such assessments damages costs or expense, except for construction as hereinafter mentioned without charge re course to, or recharge over or against said second parties or either of them, and the parties of the second part hereby waive any and all claims for damages by reason of the change of the grade of said street to any abutting property owner or controlled by them or either of them, but this waiver shall not affect any claims which may be made by the said Pittmans & Dean Company

2 In consideration thereof, the parties of the second part hereby agree to construct and complete as soon as may be practicable, the entire work involved in the said change of the said grade at Woodward Avenue, and in the construction of said overhead crossing in accordance with the plans and specifications hereto attached and including any work of relaying street railway tracks and the pavements and sidewalks, incident to said change of grade

The said second parties and each of them do hereby release all damages or charges arising from loss of traffic or otherwise occasioned by said change of grade

The said street railway companies are hereby authorized, in order to facilitate said work and for the accommodation of the public, during the pendency thereof to construct, under the supervision of the Board of Public Works through Amsterdam street, Cass avenue and Baltimore and Milwaukee avenues a double track street railway the same to be temporary and removed when the work of separation of grades shall be completed a connection to be made with the tracks on Woodward avenue

3 The party of the first part further agrees to provide for the temporary closing of the highway herein referred to to public travel during the progress of said work, and until its completion

4 After the completion of said work the party of the first part shall maintain and repair or cause to be maintained and repaired, at its expense, the roadway and the pavement of said Woodward avenue excepting the street railway tracks and the space between the tracks which shall be kept in repair by the street railway companies, as now provided by ordinance, and the parties of the second part shall maintain and repair or cause to be maintained or repaired at their expense all other parts of said structure, as shown upon said plans and specifications, including the wing and retaining walls of the approaches

5 The street railway companies agree to keep the roadway of the subway and approaches reasonably free from snow and ice, so that it may at all times be passable by vehicles

6 It is also understood that the parties of the second part are to have permission to raise the steam railroad tracks at Cass avenue three and forty-two hundredths (3 42-100) feet and at John R street, fifty-five hundredths (55 100) feet, above the present grade of the tracks of the Lake Shore & Michigan Southern Railway Co., and to maintain the same until such time as proceedings may be taken to separate grades at said Cass avenue and John R street or either of them And the said parties of the second part agree to put such streets in a safe and passable condition by placing planking and convenient sidewalks across the right of way of the different railroads, and upon the approaches to the right of way as shall be deemed necessary under the supervision of the Board of Public Works and the City Engineer

It is understood that the changes herein contemplated in the surface of said Cass avenue and John R street are in no sense to be regarded as a permanent alteration or permanent establishment of the grade of either of said streets, and the permission hereby granted is temporary and is to continue as to each of said streets until such time as proceedings may be taken to separate grades at such streets, and until the conclusion of negotiations or proceedings for such grade separation and such grade separation is accomplished, and that the granting of such permission shall in no manner affect or prejudice either party hereto in any proceedings or negotiations for grade separation at said streets or either of them.

The party of the first part hereby assumes and agrees to save harmless said parties of the second part from any claims which may be made by abutting owners for damages on account of the changes in Cass avenue and John R street, made under the permission hereby granted

The permission referred to will be evidenced by proper resolutions in conformity herewith.

7 Neither this agreement, nor anything contained in the ordinance or resolution to be passed by the City of Detroit as above provided shall restrict or limit the parties of the second part in any of the rights they now possess in respect of said Woodward avenue crossing Cass avenue or John R street crossing, except as herein expressed.

It is further agreed that at any time or times hereafter either of said parties of the second part may construct and maintain additional bridges and carry additional tracks from its right of way over and across Woodward avenue at the same grade and substantially upon the same plans as to supports and otherwise as are herein provided for carrying existing tracks over said avenue

In Witness Whereof, the said party of the first part has caused these presents to be signed on its behalf, by the Mayor of said city, and the seal thereof to be hereto attached, and attested by the City Clerk and the parties of the second part have caused these presents to be signed on their part by the proper officers of said companies.

COMMUNICATIONS

From the Mayor.

To the Honorable the Common Council

Gentlemen: I herewith return, without approval the resolution adopted at the meeting of your honorable body held on the 21st of August current & a contract entered into by the Board of Public Works with H. Frasier & & Co., for the paving of Trumbull avenue, from Scotten to Calvert to stone blocks, with cedar block on concrete foundation

There are several reasons why it seems to me inexpedient to pave Trumbull avenue under present conditions. First, it is proposed to pave the entire width of the street, leaving the space occupied by the street railway tracks and the space between the two tracks unpaved. This will certainly result in the destruction of the street very quickly, and will be a matter of very great inconvenience to travelers thereon.

Under some arrangement that is equitable and just when the street is paved, each portion of it as is used by the street railway company should be paved also In estimating the benefits that accrue to property owners in the paving of a street, the improved appearance thereof when paved must be taken into consideration It certainly is a factor that adds much to the benefits accruing to property owners and if the pavement of the street is done in such a manner as to practically leave the appearance of the street in the same condition as though unpaved, very much of the benefits otherwise accruing from a good pavement are denied to the owners of abutting property

That Toledo avenue, paved from the curb to the street railway lines, and no further, would present a poor appearance, is recognized by all Second many of the corner lots have their frontage on side streets intersecting Toledo avenue, and the space to be paved is the length of the lot, and therefore a very great hardship upon the property owners, especially as assessments are made without reference to the conditions and improvements that accrue from such paving Third, the street is too sparsely built up and very largely with cottages, while the greater spaces are unimproved and therefore the source of no revenue to the owners This feature would not be of force if there was a present public demand for the pavement of the street I do not see that such a demand exists because Toledo avenue, between the avenues mentioned parallels Dix avenue, which is paved and is intersected at several points by paved streets, so that the fire department in cases of fire can get to the places of danger as readily under present conditions as it would as if the street was partly paved as proposed Fourth There has been filed with me petitions representing by far the greatest number of feet frontage wherein the owners of lots protest against the imposition of a tax which they claim will be burdensome and not called for by present conditions and should not be imposed upon them until the street can be paved as a whole, thereby permitting them to reap the greatest benefit from the improvement.

Under all the circumstances I deem it advisable to delay the paving of Toledo avenue until an equitable arrangement can be made if possible, with the street railway company, or until legislation can be had by virtue of which the street pavement may be compelled both in the street proper and in the portion thereof occupied by the railway companies at the same time.

Respectfully submitted,
WILLIAM C MAYBURY,
Mayor

Accepted and on motion of Ald. Moeller the vote by which the resolution was adopted was then reconsidered as follows

Yeas—Ald Atkinson, Beamer, Coots, Fischer, Haarer, Hanajosten, Hilliger, Houghton, Joy, Knauss, Koenig, Loomis, McGraw, Meldrum, Marx Mayhew, Murrell, Miller, Moeller, Reinhardt, Schneider, Steiger, Tossy, Weiler, Weller and the President 26

Nays—None

Ald Koch entered and took his seat

Ald Moeller moved that the matter be referred to the Committee on Streets

Ald Atkinson moved as an amendment that the matter be indefinitely postponed.

Ald Weller moved as an amendment to the amendment that the matter be laid on the table for one week, which motion did not prevail

Ald Wildman entered and took his seat

The question recurring on the motion of Ald Moeller, the same was withdrawn.

Ald Koch then moved that the matter be laid on the table, which motion prevailed.

Gentlemen—At the last meeting of

your honorable body a petition from the Bicentennial Memorial Association Executive Committee, for the vacation of a portion of Woodward avenue, south of Jefferson avenue 3 x150 feet, was referred to the Board of Public Works and by it referred to the City Engineer to make a report back as to the engineering possibilities of the scheme The report of Engineer McCormick is herewith submitted in full.

"In regard to the proposed monument in the center of Woodward avenue, south of Jefferson avenue, I would state that I have prepared a map showing the space that it is proposed to vacate, and also cross sections showing the locations of the sewers The largest of these sewers lies almost entirely outside of the area proposed for the monument, and would in no way interfere with the foundation The older and smaller sewer lies in the center of Woodward avenue, and could be protected so as to bear any weight found necessary The diverting of the tracks to the center of the 25-foot roadways will leave a space of 10 feet between the tracks and the curbstone and may be objectionable to the business men in the block I believe that a definite knowledge of the size and style of the proposed structure should be had before action is taken toward vacating the street."

The report of Engineer McCormick shows conclusively that the monument could be erected on the proposed site without endangering the sewers The question of obstructing traffic is one which the Board believes can safely be left with the Common Council The matter of the properties of this or any other site is one with which the Board of Public Works has nothing to do, and offers no opinion

To the Honorable the Common Council

Gentlemen At the last meeting of your honorable body the Committee on Sewers, to whom was referred a communication from the Board of Public Works submitting certain assessment rolls for the construction of lateral sewers reported that they had carefully considered the same and upon the advice of the Corporation Counsel recommended that the assessment rolls for said lateral sewers be referred back to this Board for further consideration The rolls referred to were given full consideration by the Board before being submitted to the Common Council and the commissioners are of the opinion that if any radical change is to be made in the method of submitting these matters to the Council which has been in vogue for years it is the business of the Corporation Counsel to submit the matter to the Board of Public Works in writing To make charges in the important matter of submitting assessment rolls on mere fantasy is poor judgment and bad business

An order on the Board requires an opinion from the Corporation Counsel This is to the proposed changes or matters for the consideration in connection with these rolls the matter will be taken up and acted upon without delay

Public Buildings.

To the Honorable the Common Council

Gentlemen—Your Committee on Public Buildings, to whom was referred the communications from the City Controller and the Detroit Gas Co relative to heating the city hall and municipal court building with natural gas, would respectfully report that we have given the matter careful consideration and that while it was the intention of this Council that the Gas Co should furnish all the fixtures for the consumption of natural gas as stated by the Controller without charge in view of the fact that the Gas Co will not furnish the fixtures for less than $95 this being the figure named in their original proposition, and also that the price of 18 cents per 1000 feet at which the Gas Co agree to furnish gas is less by at least three cents than that at which it is furnished any other consumer and believing it to be for the best interests of the city to use natural gas in the city hall and municipal court building we therefore recommend that the Controller be and is hereby directed to enter into a contract with the Detroit Gas Co to equip the furnaces in the city hall and municipal court building with burners and all the necessary fixtures for the consumption of natural gas for the sum of $195 and we herewith offer the following resolution

F. A. BLADES,
Controller

Accepted and referred to Committee on Claims and Accounts.

FROM THE SAME

To the Honorable the Common Council

Gentlemen—On the 29th day of June, 1900, you confirmed the appointment of Mr Kruger as assistant engineer at the Municipal Court Building

Soon after the 1st of July I heard that the said Kruger was not competent under the ordinance to be assistant engineer in the Municipal Court Building On the 2d of July I wrote to the City Boiler Inspector with reference to the engineers in the Municipal Court Building and had for answer that Mr Kruger was not qualified under section 18 of the ordinance for the inspection of steam boilers. I called the attention of Ald Knauss who nominated the said Kruger for that place, to the facts as stated by the Boiler Inspector, and I heard conflicting statements with reference to the capacity of the said Kruger, who occupied that place under the ordinance On the 16th of July I wrote the Boiler Inspector again on the subject, and on the 18th of July I received the following reply:

"F A Blades, Esq., City Controller, City:

"Dear Sir—In reply to yours of the 16th instant as to the status of the assistant engineer at the Municipal Building that it rests with me I will say that he should be a licensed engineer unless the engineer of that plant is there during full hours of operation

"Respectfully,
'HUGH GUY,
'Boiler Inspector.'

The experience of the city of Detroit with boilers bursting would seem to be such that every officer should be on his guard and prevent it possible in the future occurrences as disastrous in their results. I am satisfied from what I know and from what I learn that Mr Kruger is not of the best men that the city of Detroit had in its employ, but since the provisions of the ordinance in which provides that a man shall have two years experience running engineers before he can have a corporation engineer's license Mr Kruger not having the two years experience required by said ordinance cannot therefore, pass the examination and is, accordingly, disqualified from holding the place

The Common Council can assume the responsibility of directing him to work, but, so far as the Controller is concerned he feels that he has discharged his whole duty when he has reported the facts to the Common Council

I recommend that this communication and the correspondence of the Boiler Inspector be referred to the proper committee to be designated by your honorable body.

Respectfully,
F. A. BLADES,
Controller

Accepted and referred to Committee on Public Buildings

FROM THE SAME

To the Honorable the Common Council

Gentlemen—I hereby call your attention to the matter of the public use of the City Hall tower and roof. Some years ago, when the Fire Department used the City Hall tower as a lookout for fire and the City Hall bell was used as a fire alarm, there was a watchman in the tower, and there was so much passing back and forth that there was someone to note any improper use of the tower

For some time after the Fire Department withdrew their watchman, access to the tower by the public was left open After a time it was found that depredations were committed on city property, and the machinery of the clock was interfered with and damage done, also that parties went out on the roof The roof is old and tender and considerable damage was done, and the city expended about $1 00 in repairs, besides it was found that worthless persons going up there committed nuisances on the stairs and in the clock tower I consulted with the Mayor at the time and it was thought best to close the tower for public use inasmuch as there were so many high buildings that are used for purposes of observation

This summer more than ever before, there has been a demand by citizens to have the doors opened and a free use of tower and roof given to the public, and I have been soundly berated for refusing to do so

To grant this request will require the employment of some one as watchman, and possibly to have him a deputy sheriff or special policeman to keep order It will probably require considerable expense to put the roof in a condition to be used for tramping on by many people

Another question of interest in this matter is how many people this roof will safely carry additional weight more than the weight for which it was originally designed

When the City Hall is overhauled on the completion of the County Building if there will be made a report of the City Hall roof or indeed at the present time I have not authority for so doing I think the time has come for the Common Council to direct by resolution what shall or done

I recommend that it be communication be referred to the Committee on Public Buildings

Respectfully
F. A. BLADES

FROM THE SAME

To the Honorable the Common Council

Gentlemen—I have received from the Board of Public Works bills and pay rolls for the construction and decoration of the grand stand in front of the City Hall for the use of the Knights of Pythias Trades Council and Letter Carriers, and decorating the City Hall during their conventions, aggregating $415 40 and the pay roll for clearing and sprinkling the Knights of Pythias camp, $40 or a total of $455 40. This expense was incurred under resolutions of your honorable body, which did not however provide the money for same and which will have to be done before the bills can be paid

Respectfully,
F A BLADES,
Controller

Accepted, and leave being granted, the following resolution was offered.
By Ald Wildman.

Resolved, That the City Controller be and is hereby directed to transfer from the House of Correction Fund to the Public Entertainment Fund the sum of four hundred and fifty-nine dollars and forty cents, for the purpose of paying the bills contracted in the construction and decoration of the reviewing stand, used at the recent meetings of the Knights of Pythias, Trades Council and Letter Carriers, for decorating the City Hall during said conventions and for cleaning up the Knights of Pythias camp

To the Honorable the Common Council.

Gentlemen—At the last meeting of your honorable body a petition was referred to the Board of Public Works signed by the Russel Wheel & Foundry Co. and the American Radiator Co., whose works are outside the city limits, for permission to connect with and drain their premises into the 30[illegible] brick sewer in Chene street. The City Engineer has informed the Board that the capacity of the public sewer is ample and as the waste water from those factories would be of no use in the way of flushing, he sees no objection from an engineering standpoint to allow the connections to be made.

The Board of Public Works is of the opinion that the allowing of private establishments to connect with the city's sewer system is a matter that should receive careful consideration, but in the present case the commissioners agree that the city would be justified in acceding to the application to these two large manufacturing establishments. At the same time, the precedent which is thus being established, is a matter to be taken into account by your honorable body in approving the Board's recommendation.

If the petition is granted by your honorable body, the question of con-

pensation will be a secondary consideration, which can be arranged for later.

Respectfully submitted,
J. W. MILLEN,
President

Accepted and leave being granted, the following resolution was offered
By Ald Koch

Resolved That the petition of the Russel Wheel & Foundry Co and the American Radiator Co for permission to connect their factories and premises with the public sewer in Chene street be and is hereby granted

Provided, That said connection shall be built under the supervision of the Board of Public Works, their inspection to be paid for by said petitioners, and that a suitable compensation is arranged for, satisfactory to the said Board which is hereby given authority to arrange for same

Minority Report.

To the Honorable the Common Council

Gentlemen Your Committee on Franchises to whom was referred back the proposed ordinance for the street railway track on Second street, beg leave to report that we have carefully considered the matter and believe the best interests of the city demand that no more privileges be given away gratis, but that all special privileges should only be granted upon terms that in a measure at least recompense the city for the privilege it grants

That the privilege asked for by the Detroit Citizens Street Railway Co is valuable to the company is conceded on all sides It is urged that the city will be fully compensated for this privilege if granted by having the freight taken off the streets Your Committee find that the answer to that allegation is that the company has no right to put freight on the streets and hence the city is under no obligation to pay them to keep it off That the company refuses to co-operate with the city for the mutual benefit of both the company and the city has been so often demonstrated that it is a notorious fact

Your Committee realize that there may be a difference of opinion as to just what concession on the part of the company would be the proper compensation for the privilege asked Should this body feel that some other concession rather than the proposed Mack avenue service amendment as for instance interchangeable workingmens tickets or a 3-cent rate extension of the hours for workingmens tickets in the morning and evening or some other similar concession of value to the city would be to the best interests of the entire city your committee will cheerfully co-operate in granting the privilege on such terms but perhaps because of the particular interest of some of the members of your committee in the service on Mack avenue, your committee would recommend that the ordinance be passed as amended including the amendment of Ald Hilger relative to through service on Mack avenue

Streets.

To the Honorable the Common Council.

Gentlemen Your Committee on Streets to whom was referred the petition of W W Hodges et al for the removal of obstructions in Grand court and for constructing sidewalks respectfully report that we have carefully considered the matter and find that the property in question was deeded to the City of Detroit and accepted by it, as will be seen by a report of the Committee on Ways and Means filed July 7th 1896 (J C C 680) and which was adopted at the same session The parties occupying or obstructing the same have no permission so to do and your committee feel that the property should not be allowed to be obstructed in any way shape or manner We therefore recommend that the parties obstructing the same be given 30 days notice by the Board of Public Works to have the grounds cleared and if not cleared in that time, the Board of Public Works cause the work to be done.

Public Lighting

To the Honorable the Common Coun

Gentlemen—Your Committee on Pub

communication from his honor the Mayor, relative to the matter of building public conduits, respectfully report that we have carefully considered the matter and beg leave to state that we believe that the conduits for the wires of the Public Lighting Commission, as well as of all other companies whose business necessitates the laying of wires underground within the limits of this ordinance should be run through one set of ducts, and that set of ducts to be owned by the City and rented to other parties requiring the use thereof. Under the present system thousands of dollars are spent annually in tearing up the streets for the purpose of laying conduits and further than that ruining our pavements, whereas if properly conducted these expenses would be saved and the streets preserved.

We present herewith an ordinance, which we think should be printed in the proceedings and referred to the Committee on Ordinances for their further consideration.

Respectfully submitted,
OTTO REINHARDT
MAX C. KOCH,
F. F. SNOW.

The following is the ordinance.

AN ORDINANCE to regulate the use of wires for telegraph, telephone and electric lighting and all other service wires in the city of Detroit.

It is hereby ordained by the people of the city of Detroit:

Section 1. Any person or corporation may apply to and receive a permit from the Public Lighting Commission to lay conduits, erect poles and place thereon or therein wires or other conductors for the purpose of furnishing telephone, telegraph and electric lighting or other service wires to any person or persons desiring the same and within the district to be designated in the application to be made for such permit. Said Public Lighting Commission is hereby authorized to grant such permits for the laying of conduits, erection of poles, placing of wires thereon or thereon in the streets, alleys or other public places in the city, subject however to the conditions and restrictions imposed by this ordinance and all other general ordinances now in force or which may hereafter be adopted concerning the same.

Sec. 2. The person or corporation to whom such permit shall be granted shall do no injury to any street, avenue, alley, lane, park or public square or to any shade trees or in any manner disturb or interfere with any water mains, gas pipes or with any public or private sewer now or hereafter laid or constructed by any authorized person, persons or corporations, or the wires and conduits of any telephone, telegraph or electric lighting or street railway company or of the Police, Fire or Lighting Commissions, and shall fully indemnify and save harmless the city of Detroit from any and all claims or damages for which said city might be made or become liable to pay by reason of the construction, maintaining or repairing or operating of said poles, conduits, wires or other and appurtenant apparatus connected therewith or otherwise arising from the use or the possession of the rights and privileges granted or from any neglect on the part of said corporation or person or its or his employes to comply with any of the ordinances of the city of Detroit, and especially shall indemnify the city against and assume all liabilities and damages which may arise or come or occur to the city of Detroit from any injury to persons or property from the doing of any work herein mentioned, or the neglect of any person or company or its employes to comply with any ordinance relative to the use of streets or other public places especially as to the putting up of lights or barriers at or in and excavations and the acceptance by the person, persons or corporations of such permit of this ordinance shall be an agreement by it to pay to the city of Detroit any sum of money for which the city may become liable to pay from or by reason of such injury.

Sec. 3. All poles erected under such permit shall be firmly set in the ground and in streets next to and within the curb lines so as to cause the least obstruction in such manner and of such uniform height, size, color and material as shall be approved by the Public Lighting Commission and the Board of Public Works, the number of cross arms, minimum distance of same from the curb line of the street, the proximity of the several wires to each other and the arrangement of lighting guy wires etc., to be approved by the Public Lighting Commission.
